TO THE WORKER

- Complete <u>questions 1 to 35</u> if you had a work-related injury or condition that may or may not have resulted in time off work or any incurred costs.
- It is <u>important</u> for the effective management of your claim that you <u>fully and clearly describe</u> how your injury or condition occurred and what caused it. Provide all information relevant to the occurrence of your injury <u>(questions 12 to 22)</u>.
- The detailed description of your injury is analysed and coded for data processing into the computer system of your employer, your employer's insurer and WorkCover Tasmania. You will greatly help in this process if you clearly describe how your injury occurred. Follow these rules when describing how your injury happened:
- Do not write 'Refer to Report' or 'See workers compensation medical certificate'. Fully describe your injury in the space provided. Your Injury Report and workers compensation medical certificate are kept only by your employer's insurer. They are not forwarded to WorkCover Tasmania. A description of your injury is critical to the analysis and processing of information provided in this claim form.
- Do not use abbreviations, brand names or models of machinery or equipment. Instead, specify the actual name or type of the machinery or equipment. For example, do not write 'lifting FMTX caused back strain', write down 'lifting TV camera caused back strain' or instead of 'driving Kubota', say 'driving bobcat/excavator/ bulldozer/tractor' (whichever is applicable).
- Specify day, month and year when filling in dates, instead of indicating 'ongoing' for date of accident or writing only your year of birth.
- Attach your <u>Initial Workers Compensation Medical Certificate</u> (obtained from a medical practitioner) and any accounts related to your injury.
- Give the completed form and any attachments to <u>your employer as</u> soon as you can.
- You may ask someone else to help you if you cannot fill in this form yourself.
- Send Continuing/Final Workers Compensation Medical Certificates and accounts to your employer as soon as they are available.
- Contact your employer if you need help or information.
- Make sure you keep a copy of this form for your records.

TO THE EMPLOYER

- Notify your insurer of the claim either by phone, fax or e-mail within three working days from receipt of this form (question 57). Failure to provide notice of the claim will preclude you from indemnity for weekly payments for the period that notice was not given to your insurer (see Section 36 of the Act).
- Complete the Employer's Details section of this form (questions 36 to 66).
- Calculate the number of **full-time equivalent workers (FTE)**. The FTE of a full-time worker is equal to 1.0. The calculation of the number

of FTE for part-time or casual workers is based on the proportion of hours worked divided by the number of full-time hours, resulting in a number in the range of 0 to 1.

- Calculate the **normal weekly earnings (NWE)** over the 12-month period ending at the start of the period of incapacity. NWE is calculated as the average earnings over the 12 months prior to the date of incapacity. Where the worker has been employed by the employer for 14 days or less prior to his/her incapacity, refer to Section 69(2) of the Act.
- Calculate the **normal weekly hours (NWH).** NWH are the average number of hours per week that the worker has been employed by the employer. Where the worker has been employed by the employer for 14 days or less prior to his/her incapacity, refer to Section 69B(2C) of the Act.
- Overtime/excess hours are not to be included in NWE or NWH unless all of the following criteria are met:
 - (a) overtime/excess hours were a condition of the worker's contract of employment;
 - (b) overtime/excess hours were worked in accordance with a regular and established pattern and in accordance with a roster;
 - (c) the pattern was substantially uniform; and
 - (d) the worker would have continued to work the overtime/excess hours if he/she had not been injured (see Sections 69B(2D) and 70(2)(ab) of the Act).
- Calculate the <u>ordinary time rate of pay per week</u>. This relates to the payment for the worker for the work in which, and the hours during which, he/she was engaged immediately before the period of incapacity (see Section 69 of the Act).
- Specify the <u>date your insurer was notified of the injury</u>. Employers must notify their insurer of injuries within three working days of becoming aware that a worker has suffered a workplace injury (see Section 143A(1) of the Act).
- Specify the <u>date the claim was lodged with your insurer</u>. This relates to the date that the claim form was forwarded to your insurer. <u>Employers must forward claim forms to their insurer within five</u> <u>working days of receipt from the worker</u> (see Section 36(1) of the Act).
- If the worker is unable to fill in the form, please arrange for it to be completed on his or her behalf. If the worker requires access to an interpreter, please contact the Translating and Interpreting Service on 131 450.
- Send this form, Initial Workers Compensation Medical Certificate and accounts to <u>your insurer</u>. <u>All claims for compensation</u>, <u>must be</u> forwarded to <u>your insurer</u>.
- Send Continuing/Final Workers Compensation Medical Certificates and accounts to your insurer as soon as they become available.
- · Make sure you keep a copy of this form for your records.
