Directors' Report (continued)

Significant changes in state of affairs

In the opinion of the directors, there were no significant changes in the state of affairs of the Fund that occurred during the year ended 30 June 2020.

Matters subsequent to the end of the financial year

No matter or circumstance has arisen since 30 June 2020 that has significantly affected, or may significantly affect:

- (i) the operations of the Fund in future financial years, or
- (ii) the results of those operations in future financial years, or
- (iii) the state of affairs of the Fund in future financial years.

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the governing documents of the Fund and in accordance with the provisions of the Fund's Constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Indemnity and insurance of officers and auditors

No insurance premiums were paid for out of the assets of the Fund in regards to insurance cover provided to either the officers of the Responsible Entity or the auditors of the Fund. So long as the officers of the Responsible Entity act in accordance with the Fund's Constitution and the Law, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund. The auditors of the Fund are in no way indemnified out of the assets of the Fund.

Fees paid to and interests held in the Fund by the Responsible Entity or its associates

Fees paid to the Responsible Entity and its associates out of the Fund's property during the year are disclosed in note 10 to the financial statements.

No fees were paid out by the Fund to the directors of the Responsible Entity during the year.

The number of interests in the Fund held by the Responsible Entity or its associates as at the end of the financial year are disclosed in note 10 to the financial statements.

Interests in the Fund

The movement in units on issue in the Fund during the year is disclosed in note 5 to the financial statements.

The value of the Fund's assets and liabilities is disclosed on the Balance Sheet and derived using the basis set out in note 2 to the financial statements.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

Rounding of amounts to the nearest dollar

Amounts in the Directors' Report have been rounded to the nearest dollar in accordance with *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, unless otherwise indicated.

1 General information

These financial statements cover Zurich Investments Concentrated Global Growth Scheme (the "Fund") as a registered managed investment scheme. The Fund was registered on 14 September 2015.

The Responsible Entity of the Fund is Zurich Investment Management Limited (the "Responsible Entity"). The Responsible Entity's registered office is 5 Blue Street, North Sydney, NSW 2060. The financial statements are presented in the Australian currency.

The Fund invests in international equity securities, listed property trusts, forward currency contracts and cash and cash equivalents. The investment policy of the Fund continues to be in accordance with the provisions of the Fund's Constitution.

The financial statements were authorised for issue by the directors on 24 September 2020. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

2 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

(a) Basis of preparation

These special purpose financial statements have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") and the *Corporations Act 2001* in Australia. The Fund is a for profit unit trust for the purpose of preparing the financial statements.

The financial statements are prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

The Balance Sheet is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and noncurrent. All material balances are expected to be recovered or settled within 12 months, except for investments in financial assets and net assets attributable to unitholders. The amount expected to be recovered or settled within 12 months after the end of each reporting period cannot be reliably determined.

In the case of net assets attributable to unitholders, the units are redeemed on demand at the unitholders' option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months cannot be reliably determined.

(b) Financial instruments

(i) Classification

The Fund classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The Fund's portfolio of financial assets is managed and performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy. The Fund's policy is for the Responsible Entity to evaluate the information about these financial instruments on a fair value basis together with other related financial information.

(ii) Recognition/derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in the fair value of the financial assets or financial liabilities from this date.

Investments are derecognised when the contractual right to receive cash flows from the investments have expired or have been transferred, and the Fund has transferred substantially all of the risks and rewards of ownership.

(iii) Measurement

At initial recognition, the Fund measures financial assets and financial liabilities at fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Comprehensive Income.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets or financial liabilities at fair value through profit or loss' category are presented in the Statement of Comprehensive Income within 'net gains or losses from financial assets at fair value through profit or loss' in the period in which they arise. This also includes dividend expense on short sales of securities, which have been classified at fair value through profit or loss.

2 Summary of significant accounting policies (continued)

(c) Net assets attributable to unitholders

Units are redeemable at the unitholders' option, however, applications and redemptions may be suspended by the Responsible Entity if it is in the best interests of the unitholders.

The units can be put back to the Fund at any time for cash based on the redemption price, which is equal to a proportionate share of the Fund's net asset value attributable to the unitholders.

The units are carried at the redemption amount that is payable at Balance Sheet date if the holder exercises the right to put the unit back to the Fund. This amount represents the expected cash flows on redemption of these units.

Under AASB 132 *Financial Instruments: Presentation*, puttable financial instruments are classified as equity where certain strict criteria are met. The Fund classifies the net assets attributable to unit holders as financial liabilities as they do not satisfy all of the following criteria:

- the puttable financial instrument entitles the holder to a pro-rata share of net assets in the event of the Fund's liquidation;
- the puttable financial instrument is in the class of instruments that is subordinate to all other classes of instruments and class features are identical;
- the puttable financial instrument does not include any contractual obligations to deliver cash or another financial asset, or to exchange financial instruments with another entity under potentially unfavourable conditions to the Fund, and it is not a contract settled in the Fund's own equity instruments; and
- the total expected cash flows attributable to the puttable financial instrument over the life are based substantially on the profit or loss.

(d) Cash and cash equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less from the date of acquisition that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Payments and receipts relating to the purchase and sale of investment securities are classified as cash flows from operating activities, as movements in the fair value of these securities represent the Fund's main income generating activity. Gains from foreign currency forward contracts, and losses from foreign currency contracts are also classified as cash flows from operating activities under proceeds from sale of financial instruments, and purchase of financial instruments respectively.

(e) Investment income

Interest income from financial assets at amortised cost is recognised on a time-proportionate basis using the effective interest method and includes interest from cash and cash equivalents.

Interest from financial assets at fair value through profit or loss is determined based on the contractual coupon interest rate and includes interest from debt securities.

Dividend and distribution income from financial assets at fair value through profit or loss is recognised in the Statement of Comprehensive Income within dividend income and distribution income when the Fund's right to receive payments is established.

Other changes in fair value for such instruments are recorded in accordance with the policies described in note 2(b) to the financial statements.

(f) Expenses

All expenses, including Responsible Entity's fees, are recognised in the Statement of Comprehensive Income on an accruals basis.

2 Summary of significant accounting policies (continued)

(g) Income tax

Under current legislation, the Fund is not subject to income tax, provided it attributes the entirety of its taxable income to its unitholders. The benefits of imputation credits and foreign tax paid are passed on to unitholders.

(h) Distributions

Distributions are payable as set out in the Fund's product disclosure statement. Such distributions are determined by the Responsible Entity of the Fund. Distributable income includes capital gains arising from the disposal of financial assets and liabilities held for trading. Unrealised gains and losses on financial assets and liabilities held for trading that are recognised as income are transferred to net assets attributable to unitholders and are not assessable and distributable until realised. Capital losses are not distributed to unitholders but are retained to be offset against any realised capital gains.

(i) Increase/decrease in net assets attributable to unitholders

Income not distributed is included in net assets attributable to unitholders. Where the Fund's units are classified as liabilities, movements in net assets attributable to unitholders are recognised in the Statement of Comprehensive Income as finance costs.

(j) Foreign currency translation

(i) Functional and presentation currency

Items included in the Fund's financial statements are measured using the currency of the primary economic environment in which it operates (the "functional currency"). This is the Australian dollar, which reflects the currency of the economy in which the Fund competes for funds and is regulated. The Australian dollar is also the Fund's presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translations at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit or loss.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported in the Statement of Comprehensive Income on a net basis within net gains or losses from financial assets at fair value through profit or loss.

(k) Due from/to brokers

Amounts due from/to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet delivered by the end of the year. The due from brokers balance is held for collection and consequently measured at amortised cost.

These amounts are recognised initially at fair value and subsequently measured at amortised cost. At each reporting date, the Fund shall measure the loss allowance on amounts due from broker at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Fund shall measure the loss allowance at an amount equal to 12 months of expected credit losses. Significant financial difficulties of the broker, probability that the broker will enter bankruptcy or financial reorganisation, and default in payments are all considered indicators that a loss allowance may be required. If the credit risk increases to the point that it is considered to be credit impaired, interest income will be calculated based on the gross carrying amount adjusted for the loss allowance. A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due. Any contractual payment which is more than 90 days past due is considered credit impaired.

(l) Receivables and accrued income

Receivables may include amounts for dividends, interest and trust distributions. Dividends and trust distributions are accrued when the right to receive payment is established. Interest is accrued at the end of each reporting period from the time of last payment in accordance with the policy set out in note 2(e) above. Amounts are generally received within 30 days of being recorded as receivables.

2 Summary of significant accounting policies (continued)

(m) Payables

Payables include liabilities and accrued expenses owing by the Fund which are unpaid as at the end of the reporting period.

A separate distribution payable is recognised in the Balance Sheet as at the end of each reporting period where this amount remains unpaid as at the end of the reporting period.

(n) Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

(o) Goods and Services Tax (GST)

The GST incurred on the costs of various services provided to the Fund by third parties such as custodial services and investment management fees have been passed on to the Fund, where applicable. The Fund qualifies for Reduced Input Tax Credits (RITC) at a rate of at least 55%; hence the investment management fees, custodial fees and other expenses have been recognised in the Statement of Comprehensive Income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the Balance Sheet. Cash flows relating to GST are included in the Statement of Cash Flows on a gross basis.

(p) Comparative revisions

Comparative information has been revised where appropriate to enhance comparability. Where necessary, comparative figures have been adjusted to conform with changes in presentation in the current year.

(q) Use of estimates

The Fund makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

For the majority of the Fund's financial instruments, quoted market prices are readily available. However, certain financial instruments, for example over the counter derivatives or unquoted securities, are fair valued using valuation techniques. Where valuation techniques (for example, pricing models) are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Responsible Entity, independent of the area that created them.

Models use observable data, to the extent practicable. However, areas such as credit risk (both own and counterparty), volatilities and correlations require management to make estimates. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

For certain other financial instruments, including amounts due from/to brokers and payables, the carrying amounts approximate fair value due to immediate or short term nature of these financial instruments.

(r) New accounting standards and interpretations

A number of new standards, amendments to standards and interpretations are effective for annual reporting periods beginning after 1 July 2020 and have not been early adopted in preparing these financial statements. None of these are expected to have a material effect on the financial statements of the Fund.

(s) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191*, relating to the "rounding off" amounts in the financial statements. Amounts in the financial statements have been rounded off to the nearest dollar unless otherwise indicated.

Increase/(decrease) in net assets attributable to unitholders	-	-	584,193	(8,143)
Closing balance	18,505,425	1,165,818	28,356,363	1,629,843
Total closing balance of the Fund			59,600,498	37,718,214

There are two classes of units in the Fund, Class A and Class B, and each unit has the same rights attaching to it as all other units of the Fund.

Units are redeemed on demand at the unitholder's option. However, holders of these instruments typically retain them for the medium to long term. As such, the amount expected to be settled within 12 months after the end of the reporting period cannot be reliably determined.

Capital risk management

The Fund considers its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of the unitholders.

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unitholders.

The Fund's investment strategy remains unchanged and it continues to hold direct investments which provide exposure to liquid assets including equity securities, income securities, interest earnings and cash equivalent securities. As such, the Fund will meet any capital requirements from the liquidation of liquid assets, which include cash and cash equivalents.

Independent auditor's report

To the unitholders of Zurich Investments Concentrated Global Growth Scheme

Our opinion

In our opinion:

The accompanying financial report of Zurich Investments Concentrated Global Growth Scheme (the Fund) is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Fund's financial position as at 30 June 2020 and of its financial performance for the year then ended
- (b) complying with Australian Accounting Standards to the extent described in Note 2 and the *Corporations Regulations 2001*.

What we have audited

The financial report comprises:

- the balance sheet as at 30 June 2020
- the statement of comprehensive income for the year then ended
- the statement of changes in equity for the year then ended
- the statement of cash flows for the year then ended
- the notes to the financial statements, which include a summary of significant accounting policies
- the declaration of the directors.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Emphasis of matter - basis of accounting and restriction on use

We draw attention to Note 2 in the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the directors' financial reporting responsibilities under the *Corporations Act 2001*. As a result, the financial report may not be suitable for another purpose. Our report is intended solely for the Fund and its unitholders and should not be used by parties other than the Fund and its unitholders. Our opinion is not modified in respect of this matter.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report for the year ended 30 June 2020, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial report

The directors of the Fund are responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 2 to the financial report is appropriate to meet the requirements of the *Corporations Act 2001* and is appropriate to meet the needs of the unitholders. The directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Fund to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Fund or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

A further description of our responsibilities for the audit of the financial report is located at the Auditing and Assurance Standards Board website at: http://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This description forms part of our auditor's report.
