2. How the Zurich Investments Managed Growth Fund works

What is a Managed Fund?

Managed funds allow you to pool your money with that of many individual investors. This money is then invested, in a way that aims to achieve the investment objectives of the Fund.

About the Fund

The Zurich Investments Managed Growth Fund is a managed investment scheme registered with the Australian Securities & Investments Commission (ASIC) under the Corporations Act. The Australian Registered Scheme Number (ARSN) for the Fund is 089 663 865.

Under the Constitution for the Fund, we have the power to establish and issue additional classes of units. Different "classes" of units will generally represent different fee levels and investment minimums. In this case, the 'Zurich Investments Managed Growth Fund' refers to the only class of units on offer in the Fund. Any additional class of units we may decide to introduce in future will not adversely affect the rights and interests of investors in the Fund.

As an investor, you are allocated 'units' in the Fund, which represent your beneficial interest in the Fund as a whole. The value of these units will vary in accordance with the value of the underlying assets which is reflected in the unit price. In addition, your rights and obligations as an investor are sets out in the Fund's Constitution. For more information refer to the **"Zurich Investments: Additional Information Guide"**.

Minimum investment amounts

Initial and minimum investment value	\$5,000
Additional investment	\$1,000
Withdrawal	\$1,000
Account balance	\$5,000

Applications and redemptions

Direct Investors: Applications can be accepted directly from you or your financial adviser. Investments can be made via cheque, BPAY or bank transfer. For more information on how to invest, please refer to section 8 of this PDS and the **"Zurich Investments: Application Booklet"**.

You may make additional investments into the Fund at any time, by completing an Additional Investment Form available from our website, www.zurich.com.au or by contacting us on 131 551 (+612 9995 1111).

You may request a withdrawal or 'redemption' from the Fund by completing a Withdrawal Form, available from our website, www.zurich.com.au or by contacting us on 131 551 (+612 9995 1111). In normal circumstances, we will pay your withdrawal amount by cheque or credit your nominated bank account within 10 business days after we receive your withdrawal request.

Applications and withdrawals are normally accepted immediately on receipt. However, we may delay acceptance by up to 30 days in unusual circumstances, or if we consider it to be in the best interests of investors to do so. Once a withdrawal request is accepted, payment may be further delayed by such period as we consider reasonable if it is not possible for us to redeem the units or we consider such delay to be in the best interests of investors as a whole.

Platform Investors: To invest in or withdraw from the Fund through a Platform, please complete the documents provided by your Platform Operator. Minimum transaction amounts are determined by the Platform Operator, and may differ from those set out above. For more information about investing through a Platform, please refer to the **"Zurich Investments Funds: Additional Information Guide"**.

Unit Pricing

When you invest, we divide your application monies, by the entry price to allocate you with units. Generally, we determine a value for the Fund every business day in Sydney using valuation procedures set out in the Fund's Constitution. The Constitution for the Fund describes the process and the frequency of calculation of prices.

Entry price – If an application is accepted before 3pm by Zurich in Sydney on a business day, the entry unit price for that day will apply. The entry unit price is based on that day's closing market value. For applications accepted after 3pm by Zurich in Sydney on a business day, the entry unit price for the next business day will apply. The entry unit price is calculated as the value of assets in the Fund, less liabilities, divided by the number of units on issue in the Fund, plus the buy spread. In some circumstances, we have the right to refuse or delay processing applications at our discretion, including where there is a suspension of the Fund, and will do so when we consider it to be in the best interest of investors.

The Funds must be credited to our Australian bank account before an application can be accepted. New Zealand investors should note that international funds transfers may result in delays in our ability to accept applications.

Exit price – If a withdrawal or switch is accepted before 3pm by Zurich in Sydney on a business day, the exit unit price for that day will apply. The exit unit price is based on that day's closing market value. For withdrawals accepted after 3pm by Zurich in Sydney on a business day, the exit unit price for the next business day will apply. The exit unit price is calculated as the value of assets in the Fund, less liabilities, divided by the number of units on issue in the Fund, less the sell spread. In some circumstances, we have the right to refuse or delay processing withdrawals at our discretion, including where there is a suspension of the Fund, and will do so when we consider it to be in the best interest of investors.

Distributions

Direct Investors: The Fund normally makes distributions within 30 days of the end of March, June, September and December. Distributions comprise net income including (at June) assessable realised capital gains. There may be periods when the Fund does not distribute.

The income is accrued on a daily basis and is reflected in the daily unit prices. At the end of each distribution period the income accrued will be allocated to each investor in proportion to the units they hold at that time.

The Fund's unit price will usually fall after each distribution to reflect the income that is paid out to you. If you invest just before this time, you may get some of your capital back as income.

Unless you give us other instructions, we will reinvest your distributions back into your Fund at the reinvestment price of units in the Fund on the first business day following the end of the distribution period. The reinvestment price is based on the value of Fund assets, divided by the number of units on issue.

Please note that reinvested distributions do not incur the buy spread. This price does not take into consideration any market movement on the first day following the end of the distribution period.

You can also elect to have your distributions paid directly to an Australian or New Zealand bank, building society or credit union account. If your bank, building society or credit union returns your distribution to us, we will reinvest it in the relevant Fund using the entry price on the day the distribution is returned.

Platform Investors: Distributions will be paid to your Platform Operator in accordance with the above. You should refer to the documents provided by your Platform Operator for information regarding how and when your distributions will be paid to you.

You should read the important information about investing in and withdrawing from the Fund before making a decision. Go to the **"Zurich Investments Funds: Additional Information Guide"** and **"Zurich Investments Funds: Application Booklet"**, both located at www.zurich.com.au/PDS. The material relating to investing in and withdrawing from the Fund may change between the time you read this Statement and the day you acquire the Product.

3. Benefits of investing in the Zurich Investments Managed Growth Fund

The benefits of investing in the Zurich Investments Managed Growth Fund include:

- access to a diversified portfolio of Australian and international shares, property securities, alternative investments, fixed interest securities and cash
- regular reporting and a dedicated customer service team to keep you up to date on your investments
- online access to information about your investments via the Zurich website.

You should read the important information about regular reporting and online account access before making a decision. Go to the **"Zurich Investments Funds: Additional Information Guide"**, located at www.zurich.com.au/PDS. The material relating to regular reporting and online account access may change between the time you read this Statement and the day you acquire the Product.

4. Risks of managed investment schemes

All investing involves risk. Generally, the more risk you bear, the higher your potential return may be over the longer term. For example, growth assets such as shares, property and property securities have historically provided the potential for higher returns over the longer term than income assets such as fixed interest and cash, but may also have a higher level of short term risk. Growth assets have historically produced more volatile returns than income assets.

The value of an investment in the Fund can fall as well as rise in line with movement in the value of that Fund's assets. General factors that can affect the value of your investment include interest rates and inflation, company performance, exchange rate fluctuations and changes in government policies, taxation and laws affecting managed investment schemes.

Investments in shares and securities may also be subject to liquidity risk (i.e. how actively tradeable the shares and securities are). Investments in the Fund are subject to investment risk, including possible delays in repayment and loss of capital invested. There is no guarantee of the repayment of capital – which means you could receive less than initially invested. There is also no guarantee in relation to the payment of income, the performance of the Fund or the achievement of investment objectives. The Fund's future returns will vary, and may differ from past returns.

In addition to these general factors, there are other specific factors that may affect the value of an investment in the Fund as outlined below.

Australian shares

The value of underlying shares in the Fund can be affected by:

- a company's performance in the markets where it operates and changes to its financial conditions,
- performance of the industry in which a company operates,
- changes to the overall level of the sharemarket, and
- Australian social and political factors.

International shares

In addition to the above factors, international securities can be affected by:

- international social and political factors
- exposure to movements in currency exchange rates (refer to 'Currency' below).

Currency

The exposure to movements in currency exchange rates can also affect the value of the underlying assets in the Fund. For example, a change in the value of the Australian dollar may lead to a difference in the value of foreign investments held by a fund, as expressed in Australian dollars.

Property securities

Where a fund invests in property securities and does not invest in property directly, it can still be subject to the risks associated with the ownership of direct property.

These risks include:

- fluctuations in the supply and demand for the underlying properties and levels of rental income;
- extended vacancies of properties;
- increases in property taxes and operating expenses;
- changes in interest rates;
- changes in zoning laws; and
- limitations on rents;

In addition to the above factors, international property securities specifically can be affected by:

- international social, political and economic factors; and
- exposure to movements in currency exchange rates.

Fixed interest securities

The level of interest rates is the main factor affecting these securities as follows:

- falling interest rates may lead to an increase in the value of the underlying security, and rising interest rates may lead to a decrease in the value of the underlying security
- normally, the longer the term to maturity of securities held by the Fund, the greater the effect of any changes in interest rates on the value of the security.

These securities can also be affected by movements in currency exchange rates.

Derivatives

The value of a derivative will generally move according to movements in the underlying asset, and therefore carries the risks associated with that asset but in many cases magnifies these risks. Where the derivative is used to enhance positive returns, there is also the risk of potentially magnifying losses. In addition to these risks there is potential illiquidity of the derivative.

Cash

Whilst the value of a cash investment as such is not affected by external factors, changes in the level of interest rates will affect the amount of interest paid on cash investments.

The risk level you are willing to accept will depend on your personal circumstances, including your age, your investment timeframe, where other parts of your wealth are invested and your overall tolerance to risk.

5. How we invest your money

In planning your investment strategy and choosing your Fund, you should consider the likely investment returns, the relevant risks and your investment time frame. You should also consider seeking professional financial planning advice.

Change to Investment Strategy

Investors will be notified of any changes as set out under 'Updated Information', on page 2 of this PDS.

Environmental, social and ethical considerations

Decisions about the selection, retention or realisation of investments in the Fund are primarily based on economic factors. We do not take into account labour standards, environmental, social or ethical considerations when making decisions although sometimes these matters do indirectly affect the economic factors upon which our decisions are based. We do not have a predetermined view as to whether we will take the above matters into consideration in making investment decisions affecting the Fund in future.

Switching between Funds

As your investment needs change, you can simply switch all or part of your investment to another Fund managed by Zurich Investments (subject to a minimum switch amount of \$1,000 and a minimum balance of \$5,000 in each Fund). A switch is a withdrawal from one Fund and an application into another. As the withdrawal is a disposal of units, it may have tax implications.

If you do not wish to complete a new application form to switch your investment between Funds, you may complete a switch form available on our website www.zurich.com.au, or by calling us on 131 551 (+61 2 9995 1111).

[^] The performance benchmark for the Fund is based on an index return for each asset class and is weighted according to the benchmark % for the asset classes. For information relating to the index used for each asset class refer to our website www.zurich.com.au/managedgrowthfund.

6. Fees and costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns. For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance, or the provision of better member services, justify higher fees and costs. You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask your Platform operator or your financial adviser.

To find out more

If you would like to find out more, or see the impact of fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed investment fee calculator to help you check out different fee options.

Fee table

This table shows fees and other costs that you may be charged. These fees and costs may be deducted from your money or from the returns on your investment or from the Fund's assets as a whole. You should read all of the information about fees and costs, as it is important to understand their impact on your investment. You can use the information in this table to compare fees and costs between this Fund and other managed investment products.

All fees are inclusive of GST, and are reduced to take account of any Reduced Input Tax Credits available, where applicable. If you are a Platform Investor, contact the Platform Operator for more information regarding the fees charged by them.

Type of fee or cost	Amount	How and when paid
Fees when your money moves in or out of the Fund		
Establishment fee: The fee to open your investment.	Nil	Not applicable
Contribution fee: The fee on each amount contributed to your investment.	Nil ^{1,2}	Not applicable
Withdrawal fee: The fee on each amount you take out of your investment.	Nil ^{1,2}	Not applicable
Termination fee: The fee to close your investment.	Nil	Not applicable
Management costs		
Management costs: The fees and costs for managing your investment.	0.87% p.a.	Generally deducted daily. The management fee is deducted from the underlying assets of the Fund before the unit price is struck. For more information regarding management costs refer to the "Zurich Investments: Additional Information Guide" .
Service fees ²		
Investment switching fee: The fee for changing investment options.	Nil ^{1,2,3}	Not applicable

¹ However, a buy/sell spread will apply, refer to the **"Zurich Investments: Additional Information Guide"** for more information.

² See section under 'Maximum Fees' in the **"Zurich Investments: Additional Information Guide"** for more information.

³ An Investment Advice Fee may also be payable (an amount agreed with your Adviser, which you instruct Zurich to deduct and pay from your investment). For more information, refer to 'Adviser Remuneration' in this PDS.

Example of Fees and Costs

The fees and costs shown in the following table is a measure of the total costs that you would pay to us in dollar terms assuming an investment balance of \$50,000 with total contributions of \$5,000 during the year. This table gives an example of how fees and costs on this product can affect your investment over a 1 year period. You should use this table to compare this product with other managed investment products.

Example – balance of \$50,000 with total Contributions of \$5,000 during the year		
Contribution Fees	Nil	For every dollar you put in you will be charged \$0.
Plus Management Costs	0.87% p.a.	And, for every \$50,000 you have in the Fund you will be charged \$435 pa*.
Equals Cost of Fund		If you had an investment of \$50,000 and you put in an additional \$5,000 during the year then you would be charged fees of \$435 pa*.

* Additional fees, including an Investment Advice Fee, may apply.

The Cost of Fund is based on your investment balance remaining static at \$50,000 throughout the year. Please note that in the above example your \$5,000 additional investment would also incur an investment management fee as described in the fee table. An additional buy spread will apply, refer to the **“Zurich Investments: Additional Information Guide”** for more information.

Changes to Fees and Costs

We have the right to change the fees and costs outlined in this PDS. Where we decide to vary any fees, we will notify you within 12 months of the change occurring except where the change is an increase in which case we normally will give you at least 30 days advance notice.

Adviser Remuneration

Your adviser does not receive any upfront or ongoing commission payments from Zurich Investments on account of your investment in the Fund.

You can agree with your financial adviser to have a direct ‘fee for service’ arrangement for any personal financial advice and services they provide to you in relation to your investment. You may choose to pay this fee for service directly to your adviser or alternatively you can authorise Zurich to pay your adviser an Investment Advice Fee from your holdings in the Fund(s) you are invested in. This Investment Advice Fee is negotiable between you and your adviser, and is an additional cost to you, separate from the fees payable by you as an investor in the Funds.

You may elect to pay the Investment Advice Fee as either:

- Initial Investment Advice Fee – a set dollar amount, or an agreed percentage of your investment in the Fund(s), deducted as a one-off; or
- Ongoing Investment Advice Fee – a set dollar amount, or an agreed percentage of your investment in the Fund(s), deducted from your account on a monthly basis.

The Initial Investment Advice Fee may be deducted from your holdings in a selected Zurich Investments Fund, or proportionately from your holdings across all Fund(s) in which you are invested. The Ongoing Investment Advice Fee may only be deducted proportionately from your holdings in all of the Fund(s) you are invested.

You should read the important information about fees and costs payable before making a decision. Go to the **“Zurich Investments Funds: Additional Information Guide”**, located at www.zurich.com.au/PDS. The material relating to fees and costs payable may change between the time you read this Statement and the day you acquire the Product.

7. How managed investment schemes are taxed

You should note that investing in managed investment schemes is likely to have tax consequences. You are strongly advised to seek professional tax advice.

Australian Investors

The Fund does not pay tax on behalf of investors. We intend that the Fund will distribute all of its taxable income, which means that the Fund will not pay income tax. You may be taxed on your share of the Fund’s net income, which will form part of your assessable income for tax purposes.

You will need to include the taxable components of distributions in your tax return, even if your distributions have been reinvested.

By investing in certain Funds you may benefit from the tax advantages of imputation credits on shares, foreign tax credits and certain tax benefits from property investments such as tax deferred income.

You may incur a capital gains tax liability should you withdraw, switch or if the Fund makes a realised capital gain which is distributed. You will need to include any taxable capital gains in your tax return.

Additionally, the operation of the Taxation of Financial Arrangements regime may require the Fund to include in its distributions to investors, as assessable income, accrued amounts on certain debt securities which have not yet been received as income by the Fund.

In accepting a withdrawal request, Zurich may determine the withdrawal of units to be a Significant Withdrawal in which case the withdrawal proceeds will include an estimate of the proportion of the realised capital gains of the Fund for that year (including assets realised to fund redemptions).

The Australian taxation system is complex and different investors have different individual circumstances. You should consider whether you need to seek professional tax advice before investing.

This taxation information is based on current taxation laws, their continuation and interpretation.

New Zealand and Non-resident Investors

If you are a non-resident investor, including a New Zealand investor, investing in Australia we recommend that you seek independent professional tax advice on any tax implications arising, including advice on the specific tax implications in your country of residence. Withholding tax may be withheld from distributions of Australian source income and gains paid to a non-resident investor.

Providing your tax file number (TFN)

For Australian residents, you are not required to give us your TFN, Australian Business Number (ABN) or exemption information. However if you don't, we are required to deduct tax at the highest marginal tax rate plus the Medicare levy from income distributions made to you. Collection of TFNs is permitted by taxation and privacy legislation.

8. How to apply

Direct Investors

To invest in the Fund you need to complete the Application Form and return it to us together with the other documents requested and your initial investment. The Application Form is included in the Application Booklet available at www.zurich.com.au or on request by calling us on 131 551.

This offer is available only to persons receiving it (including electronically) within Australia & New Zealand. We cannot accept cash or applications signed and mailed from outside Australia & New Zealand. The Fund's Operations and your rights may be restricted if you cease to be a resident of Australia or New Zealand.

Platform Investors

If you are investing in the Fund via a Platform then you are an indirect investor. This means that it is the Platform operator who invests for you and therefore has the rights of an investor.

As an indirect investor you do not have to complete any Zurich Investments forms. We will not send you any confirmation letters, distribution statements or annual tax statements; these will be provided by your Platform operator.

Cooling-off period

Should you decide that your initial investment in the Funds does not suit your needs for any reason, you can request in writing to have it cancelled within the 14 day cooling-off period. The cooling-off period begins when you receive confirmation of your investment or 5 days after your units are issued, whichever is earlier. The amount we refund will be the original amount invested, adjusted to take into account:

- any increase or decrease in the value of your investment
- any tax or duty that may have been payable, and
- reasonable administrative and transaction costs.

You will not be able to exercise any cooling off rights once you have exercised any right or power in respect of your investment in the Fund.

Enquiries and complaints resolution

Zurich Investments is committed to providing you with a high level of service, and we have arrangements in place for handling enquiries or complaints. If you have an enquiry or complaint or you require any further information about your investment, please contact us on 131 551 (+61 2 9995 1111). We aim to acknowledge any complaint within 24 hours and to resolve the complaint within 45 days.

We are also a member of the Financial Ombudsman Service (FOS), an independent body designed to help you resolve complaints relating to your investment, as well as complaints relating to financial or investment advice and sales of financial or investment products. If you are not satisfied with the response from us, or we fail to resolve the complaint within 45 days (or any extended period you agree), you can raise the matter with FOS at GPO Box 3, Melbourne VIC 3001. Telephone: 1300 780 808.

If you are investing through a Platform, your first point of contact for complaints or requests for further information, other than as specified in this PDS, should be directly with the Platform operator. If you have any issues that remain unresolved, then you may contact the complaints scheme of which the Platform operator is a member.

You should read the important information on how to apply and additional application requirements before making a decision. Go to the **"Zurich Investments Funds: Application Booklet"**, located at www.zurich.com.au/PDS. The material relating to how to apply and additional application requirements may change between the time you read this Statement and the day you acquire the Product.

The information in this document forms part of several Product Disclosure Statements issued by Zurich Investment Management Limited (Zurich Investments). Additional explanation of fees and costs

Management costs

The management costs in relation to a Fund, expresses the administration and investment fees and costs (but not transaction costs such as brokerage) as a proportion of the Fund's size.

These costs include:

- management fees payable to strategic investment partners,
- fees charged by custodians,
- performance fees (for the Zurich Investments, Small Companies Fund), and
- expense recoveries.

Zurich Investments deducts the whole amount of the management costs, pays the costs of administering the Fund and retains the balance.

The management costs for the funds, as shown in section 6 of the relevant Fund's PDS, are inclusive of GST and reduced to take account of any Reduced Input Tax Credits available to the Funds. The current percentage amount of management costs for the Funds are calculated based on the total assets of the Funds.

The Funds may acquire investments directly or may invest in other funds managed by Zurich Investments. If the Funds invest in another Zurich Investments fund, management costs are only charged once.

Performance fee – only for the Zurich Investments Small Companies Fund

A performance fee is payable where the Fund's performance exceeds its defined performance hurdle. The performance fee will vary in the future depending on the Fund's return relative to its performance hurdle.

What and when is the performance fee calculated and paid?

The performance fee is calculated on each business day. It is calculated as 20.5% of the difference between the Fund's gross return (before fees) and the performance hurdle. The performance hurdle is the daily return of the S&P/ASX Small Ordinaries Accumulation Index plus the current management fee (ie. 0.90% pa). Therefore, the fund must outperform its benchmark on an after management fee basis, before the performance fee becomes payable.

The daily performance fee can be a positive or negative amount depending on whether or not the performance hurdle has been exceeded. The performance fee at the calculation date is the aggregate of the daily performance fees since a performance fee was last paid from the Fund.

If the aggregate of the performance fees is a positive amount, then this positive amount will be incorporated into the fund's accounts and reflected in the unit price.

If the aggregate of the performance fees over the period is negative then no performance fee amount will be reflected in the unit price, but the negative amount will generally need to be offset by future positive performance fees before any performance fee becomes payable.

The performance fee is payable from the Fund for quarterly periods, ending 31 March, 30 June, 30 September and 31 December, where the aggregate of the daily performance fee amounts for your class of units is positive. If the aggregate performance fee is negative at the end of a quarter then this negative amount will be carried forward to the next quarter and will need to be offset before any performance fee becomes payable.

We may determine not to carry forward a negative performance fee amount on a twelve monthly review of the performance fee or under certain circumstances for example if we replace the strategic investment partner for the Fund. Should we decide this is appropriate we will provide you with 30 days prior notice.

If the negative performance fee is not carried forward then a performance fee may be earned after this date even though we have not made up the prior negative performance fee.

Transactional and operational costs

Transactional and operational costs of a Fund are reflected by the buy/sell spread. The buy/sell spread is an estimate of the costs of buying or selling assets associated with an investment in, or withdrawal from, a Fund. This is not a fee paid to us, but is reflected in the unit price, and is an additional cost to you. These costs include brokerage, settlement and clearing costs and stamp duty.

The buy/sell spread is an estimate and may change in the future. Zurich Investments may vary or waive a spread to reflect the actual level of transaction costs incurred where the Constitutions permit (eg. in the event of an in specie transfer or significant transaction).

The current buy/sell spreads for the Zurich Investments Funds are outlined in the table below.

Investment Advice Fee

The deduction to pay an Investment Advice Fee will result in a cost base adjustment to your account, which may have tax implications for you (refer to 'How managed investment schemes are taxed' in the PDS for each fund for more information). All deductions will be inclusive of 10% GST.

Please note Zurich can refuse a request to pay an Investment Advice Fee. Should you want to stop paying the fee at any time, you will need to do so by notifying us in writing.

When an adviser's stamp appears on your application form, we will provide your investment details to that adviser and advisory group. Please notify us in writing if you do not want your adviser to have your investment details, or if you change your adviser, and want us to direct this information to your new adviser.

Differential fees, rebates and related payments

We may negotiate fees with sophisticated or professional investors on an individual basis in accordance with the ASIC class order relief.

We reserve the right to use our own resources to provide assistance to platform operators to cover Zurich Investments related costs including marketing and distribution of Zurich Investments products via a platform.

Cooling-off

We may charge a fee covering reasonable administration and transaction costs where you exercise your cooling-off rights.

Maximum fees

In accordance with the Fund Constitution for each fund we reserve the right to vary any fees (subject to any limitations) and expenses referred to above. Under each Fund Constitution we are entitled to:

- charge a maximum investment management fee of 5% pa of your investment in a Fund (ie. \$50 pa per \$1000 invested). This fee is included in the management costs for the Funds,
- charge a maximum issuer fee of 0.1% pa of your investment balance in a Fund (ie. \$1 pa per \$1000 invested referred to as the trustee fee in the Fund Constitutions), however we have waived this fee for the duration of this PDS,
- charge a contribution (entry) fee of up to 10% of each additional investment (ie. \$100 per \$1000 invested), however we have waived this fee for the duration of this PDS,
- introduce a switching fee, however we have waived this fee for the duration of this PDS.

In addition, for the Zurich Investments Small Companies Fund we are entitled to charge a maximum performance fee of 20% (before GST) of performance over the benchmark.

Note these are the maximum fees outlined in the Fund Constitutions and fees are not currently charged at these levels. If these fees are charged they would increase your management costs and/or contribution fees. The maximum fees quoted are before GST and any available RITC.

Fee waivers

In relation to all fees payable out of a Fund to Zurich Investments, Zurich Investments reserves the right to waive, assign or rebate its entitlements to remuneration or reimbursement in part or in whole, subject to requirements of the Corporations Act or any other applicable law.

Other charges

Where we receive a cheque for investment in a Fund on your behalf and that cheque is dishonoured, or a direct debit from your financial institution account (for investment in a Fund) is refused by your financial institution, we may charge you a fee of \$50 and any bank charges that we incur in relation to the failed transaction.

You are responsible for any charges levied by your bank for the use of your cheque or direct debit facility.

Alternative remuneration

In addition to the amounts described earlier, Zurich and adviser dealer groups may pay alternative forms of remuneration to financial advisers or their dealer licensees. It is required that members of the Financial Services Council and members of the Financial Planning Association (FPA) record payments of this kind in Alternative Forms of Remuneration Registers. To obtain a copy of Zurich's Alternative Forms of Remuneration Register, please contact us on 131 551 or visit www.zurich.com.au. Check with your adviser or dealer group whether they maintain a register.

External manager payments

Zurich Investments may receive payments in respect of any externally managed funds for volumes of business generated. These payments may be up to 0.20% pa of the value of the amount invested in the Fund. For example, if the amount invested in a Fund was \$10 million, Zurich could receive a payment of up to \$20,000 pa from the external manager or operator. Where this happens, the payments are made by the managers or operators out of their own resources. These are not additional to the management costs payable by you in respect of that Fund as outlined earlier in this PDS. The amount and nature of these payments can change over the life of this PDS.

Unit pricing discretions

Zurich Investments maintains a Unit Pricing Discretions Policy, which deals with Zurich's discretions relating to issue and withdrawal prices for the Funds and Zurich's policy in exercising those discretions. This policy includes the types of discretions that we may exercise, the method that we may apply, and why the policy is reasonable. If Zurich departs from the policy in exercising discretion, Zurich will separately document how and why it did so, and retains a copy of the policy and any decisions made by Zurich Investments at our offices. You can obtain a copy of our Unit Pricing Discretions Policy by contacting us on 131 551 (+61 2 9995 1111).

Current unit prices are available on our website, www.zurich.com.au, or by contacting us on 131 551 (+61 2 9995 1111).

Important information about the Fund Constitution

Each of the relevant Funds are governed by a Constitution, as supplemented by the Corporations Act and the general law, which sets out certain rights, duties and obligations of us and any investor. Some of the provisions of the Constitution are included in this PDS, others relate to:

- the nature of units,
- how we must calculate unit prices,
- when we can suspend new investments or withdrawals from the Fund,
- the right of investors to share any Fund income, and how we calculate it,
- our powers, and how we can exercise them,
- the times we are not liable to investors,
- combining the assets of the Fund with other assets,
- changing the Constitution,
- when we can terminate the Fund, and what happens at that time,
- resolving complaints, and
- our rights to receive fees and recover expenses out of the Fund.

Subject to the Corporations Act and the Constitution for the Fund, Zurich may change the Fund Constitution or any details of the Fund and the terms and conditions on which units in the Fund are held from time to time. However, if the amendments will adversely affect the rights of the investors, we must obtain the approval of investors in accordance with the Corporations Act. You can inspect a copy of the Constitution at our head office or we will provide you with a copy free of charge upon request.

Compliance plan

In accordance with the Corporations Act, we have prepared a compliance plan for each Fund and lodged it with ASIC.

The compliance plan for a Fund sets out how Zurich will comply with the Corporations Act and that Fund's Constitution.

Borrowing

The Constitutions permit Zurich Investments to borrow for a Fund, with or without security. However, none of the Funds currently borrow and it is not our intention to borrow on behalf of any Fund.

Investing through a Platform

People who invest in the Fund through a Platform are an indirect investor, which means that an investor gaining exposure to the Fund through a Platform does not themselves become an investor in the Fund. Instead, it is the Platform Operator of the Platform who invests for you and therefore has the rights of an investor. The Platform Operator may or may not exercise these rights, in accordance with their arrangements with you.

You will receive reports from your Platform Operator and should direct your enquiries to them.

The relevant Fund's PDS and the incorporated materials should be read in conjunction with the documents issued by your Platform Operator. The availability of a Fund through a Platform may be withdrawn at any time.

Please note that Platform Operators charge fees in addition to those disclosed in the relevant Fund's PDS. Please refer to the documents issued by your Platform Operator for details of such fees.

Residency and applicable laws

Zurich Investments funds are designed for customers who are residents in Australia. If you move to another country outside of Australia, the fund may no longer be suitable for your individual needs, and you may no longer be eligible to make contributions into the fund. The local laws and regulations of the jurisdiction to which you move may affect Zurich Investments' ability to continue to service your investment in accordance with its terms and conditions.

You need to tell Zurich Investments of any planned change in residency before the change occurs.

We do not offer tax advice, so if you decide to live outside Australia, we recommend obtaining advice on the tax consequences of changing your country of residence in relation to your investment. We will not be held liable for any adverse tax consequences that arise in respect of you or your investment as a result of such a change in residence.

A change in residency might require Zurich Investments to suspend or terminate your investment accordingly.

We and other companies within the worldwide Zurich group of companies have obligations under Australian and foreign laws. Regardless of any other investment terms and conditions, Zurich Investments reserves the right to take any action (or not take any action) which could place us or another company within the group at risk of breaching Australian laws or laws in any other country.

All financial transactions are subject to compliance with applicable trade or economic sanctions laws and regulations.

Zurich Investments may terminate an investment where you are considered to be a sanctioned person, or you conduct an activity which is sanctioned, according to trade or economic sanctions laws and regulations.

Each investment is based on the legal and regulatory requirements applicable at the time the investment is issued. Should the legal and regulatory requirements change in a material way, Zurich Investments is entitled to adapt the terms and conditions to the changed legal and regulatory requirements, provided the change is lawful.

Information and Terms and Conditions relating to International Automatic Exchange of Information for Tax Purposes and Customer Tax Compliance

In connection with legal and regulatory requirements regarding the international exchange of information for tax purposes, including Common Reporting Standards and U.S. Foreign Account Tax Compliance Act (FATCA) and laws and regulations related thereto, we are required to apply certain due diligence procedures to identify the tax residency or tax residencies of certain persons related to the investment. In order to comply with this obligation, the investor and any person entitled to access the cash value, change the beneficiary or perform certain other actions with respect to the investment as described by law (together "Investor") must at our request provide us with an accurate self-certification regarding the jurisdiction or jurisdictions in which the Investor is a tax resident and, if applicable, respond to our request for documentary evidence and a taxpayer identification number or equivalent as is requested under the relevant regulation.

At our request and based upon an indication that a self-certification of tax residency is required, if it is considered that the most recent self-certification may no longer be reliable or accurate, you must provide within 30 days a (new) self-certification and other supporting documentation.

In accordance with applicable law, we will periodically report certain information about Investors, including name and address, date of birth, and financial details relating to the policy to the appropriate tax authority/ies or other authority/ies designated by law.

We reserve all rights to take any steps that we deem appropriate, including the right not to execute payment instructions until we have received all information and documentation to our satisfaction, or to cancel the policy, with immediate effect, in the event that we discover that an Investor and/or contractual beneficiary provided an incorrect self-certification, that any other information or documentation provided in connection with identification and due diligence procedures is inaccurate or incomplete or an Investor and/or contractual beneficiary did not provide us with a self-certification or other information as requested by us within the response time set out in our request.

Failure to fully respond to our request within the time period may still result in the reporting of information about the Investor and/or contractual beneficiary to the appropriate tax authority or other authorities.
