Important Information

This Product Disclosure Statement (PDS) contains important information about insurance products issued by Macquarie Life Limited (Macquarie Life). This PDS also contains important information about FutureWise Super (a division of the Macquarie Superannuation Plan), of which Macquarie Investment Management Limited (Trustee) is the trustee. Both Macquarie Life and the Trustee take full responsibility for the whole PDS.

Macquarie Life and the Trustee are not authorised deposit-taking institutions for the purposes of the Banking Act (Cth) 1959, and their respective obligations do not represent deposits or other liabilities of Macquarie Bank Limited ABN 46 008 583 542. Macquarie Bank Limited does not guarantee or otherwise provide assurance in respect of the obligations of Macquarie Life or the Trustee.

Information contained in this PDS can change from time to time. If the change is not materially adverse, the updated information will be available on our website, www.macquarie.com.au. A paper copy of any updated information will be given to you on request without charge.

Applications for a FutureWise policy can be made via the electronic application available through Macquarie Life's online insurance platform. It is important that you consider this PDS before completing the application form.

The information contained in this PDS is general information only. We have not taken into account your objectives, financial situation or needs. You should consider the appropriateness of the information in this PDS before making a decision to acquire the product or acting on any information in this PDS.

About this document

When reading this PDS a reference to "we", "our" and "us" means Macquarie Life, or where indicated, the Trustee. Any reference to "you" or "your" means:

- the applicant for, or owner of a FutureWise policy; or
- in the case of FutureWise Super, an applicant for membership or a member.

There are also some terms used which have a special meaning. These terms are shown in *italics* and are explained in the Glossary at the end of this PDS.

The importance of insurance

No matter how comprehensive and successful your investment plan may be, the most important asset you and your family have is your health. Without it, you lose your ability to provide for yourself and your family on a day-to-day basis, let alone achieve your long-term goals.

Being injured, or worse, dying prematurely, are subjects we would prefer to keep at the back of our minds. By taking out life, total and permanent disablement, medical recovery or disability income insurance, you can afford to concentrate on living, knowing that if the worst happens, you and your family will be protected.

That's where FutureWise fits in, providing you with a range of insurance solutions that can cover you for the financial consequences should the worst occur.

FutureWise summary

FutureWise provides insurance solutions that allow you to select from a range of policies that provide the right combination of benefits to meet your needs.

FutureWise offers you the choice of the following types of policies:

- Life Insurance
- Total and Permanent Disablement (TPD) Insurance
- Medical Recovery Insurance
- Disability Income Insurance

Where more than one type of insurance cover is held under the same policy, the sums insured are linked. This means that if a claim is paid, the sum insured of any other insurance cover held under the same policy is reduced by the amount of the claim paid.

The benefits provided under these policies are only briefly described in this summary. The terms and conditions applying to each type of benefit are set out in the next section of this PDS.

You may also apply to become a member of FutureWise Super and ask the Trustee to apply for a Life Insurance Policy and/or a Total and Permanent Disablement Insurance Policy on your behalf. The Trustee will then own the policy on your life and any benefit payments will form part of your superannuation entitlements under the Macquarie Superannuation Plan. Please note Medical Recovery Insurance and the Disability Income Insurance Policy are not made available through FutureWise Super. More information on membership of FutureWise Super is provided on pages 19 to 21.

If you are applying for FutureWise insurance as the Trustee of a self-managed superannuation fund you must ensure that you do so in accordance with the governing rules of your fund and superannuation laws. You should also give consideration to superannuation laws that operate to limit the release of benefits.

Life Insurance Policy

The Life Insurance Policy provides a lump sum (called the Life sum insured) if the insured person dies or is diagnosed with a *terminal illness*. Life Insurance is available as a policy on its own. Alternatively, Life Insurance is available in a policy that includes linked TPD and/or Medical Recovery Insurance.

When linked TPD and/or Medical Recovery Insurance are included in a Life Insurance Policy, the Life sum insured will be reduced by the benefit paid for *terminal illness*, TPD or Medical Recovery. Similarly, the TPD and Medical Recovery Insurance will also be reduced by any benefit paid for *terminal illness*, TPD or Medical Recovery under the policy.

Total and Permanent Disablement (TPD) Insurance Policy

The TPD Insurance Policy provides a lump sum (called the TPD sum insured) if the insured person suffers *total and permanent disablement*. TPD Insurance is available as a policy on its own. Alternatively, TPD Insurance is available in a policy that includes linked Medical Recovery Insurance.

When linked Medical Recovery Insurance is included in the TPD Insurance Policy, the TPD sum insured will be reduced by the benefit paid for Medical Recovery. Similarly, the Medical Recovery Insurance will also be reduced by any benefit paid for TPD under the policy.

Medical Recovery Insurance Policy

The Medical Recovery Insurance Policy provides a lump sum (called the Medical Recovery sum insured) if the insured person suffers a covered Medical Recovery condition. (For some conditions a partial benefit is payable). Under a Medical Recovery Insurance Policy, Medical Recovery Insurance is only available on its own. If you want Medical Recovery Insurance linked to Life or TPD Insurance, Medical Recovery Insurance can be taken under a Life Insurance or TPD Insurance Policy.

Medical Recovery Insurance is not available under FutureWise Super.

Disability Income Insurance Policy

The Disability Income Insurance Policy provides a monthly benefit if the insured person is *disabled*, in most cases, for longer than the specified waiting period. Disability Income Insurance is only available as a policy on its own.

Disability Income Insurance is not available under FutureWise Super.

Insurance cover within superannuation

You can apply for cover within superannuation under FutureWise Super, or if you are the Trustee of a self-managed superannuation fund, FutureWise. Any insurance cover that is taken within superannuation is subject to superannuation laws and a benefit that is paid by Macquarie Life to the Trustee may not satisfy the superannuation rules in regard to the release of benefits from the superannuation fund by the Trustee.

We recommend you seek advice about the appropriateness of insurance cover within superannuation, giving consideration to the superannuation laws that govern the release of benefits from superannuation.

We have indicated the insurance cover and features that are not available under FutureWise Super. If you are the Trustee of a self-managed superannuation fund, before you apply you should consider whether it is appropriate to effect each type of insurance cover and their ancillary benefits within superannuation and whether benefits will be able to be released under superannuation law.

The key characteristics of the types of insurance cover available, depending on the FutureWise policy selected, are summarised in the following tables.

In each type of Insurance, the benefit may be reduced, or not be paid, as explained in the section titled 'FutureWise terms and conditions'.

Life Insurance

Provides a lump sum if the insured person dies or is diagnosed with a <i>terminal illness</i> .	
Entry ages	15 – 70
Expiry age	99
Sum Insured	Minimum \$100,000 No maximum; <i>terminal illness</i> is payable up to \$2 million.

Total and Permanent Disablement (TPD) Insurance

Provides a lump sum if the insured person suffers <i>total and permanent disablement</i> .	
Entry ages	15 – 60
Expiry age	99 TPD definition changes at age 65
Type of cover (depending on the insured person's occupation)	<ul style="list-style-type: none"> ■ <i>own occupation</i> (not available under FutureWise Super) ■ <i>any occupation</i> ■ <i>domestic duties</i>
Sum Insured	Minimum \$100,000 Maximum \$2.5 million <i>own occupation</i> and <i>any occupation</i> ; \$750,000 <i>domestic duties</i>

Medical Recovery Insurance

(not available under FutureWise Super)

Provides a lump sum if the insured person suffers a Medical Recovery condition.	
Entry ages	15 – 65
Expiry age	99 Cover changes at age 70
Sum Insured	Minimum \$50,000 Maximum \$2 million
Standard benefits	■ Medical Recovery Reinstatement

Features applicable to Life, TPD and Medical Recovery Insurance

Standard features	<ul style="list-style-type: none"> ■ Indexation Increases ■ Future Increases ■ Life Insurance Buy Back
-------------------	---

Disability Income Insurance

(not available under FutureWise Super)

Provides a benefit if the insured person is unable to work due to illness or injury and is <i>totally disabled</i> or <i>partially disabled</i> for longer than the waiting period.	
Entry ages	19 – 60
Expiry age	65
Monthly insured amount	The monthly equivalent of 75% of first \$250,000 and 50% of the next \$150,000 and 25% thereafter of the annual income of the insured person to a: Minimum \$1,250 per month Maximum \$25,000 per month
Type of cover (this affects the amount of benefit payable)	<ul style="list-style-type: none"> ■ indemnity ■ agreed value ■ endorsed agreed value
Waiting periods available	<ul style="list-style-type: none"> ■ 30 days ■ 90 days ■ 2 years
Benefit periods available	<ul style="list-style-type: none"> ■ 2 years ■ 5 years ■ to age 65
Standard benefits	<ul style="list-style-type: none"> ■ <i>total disability</i> benefit ■ <i>partial disability</i> benefit ■ Specific Injury benefit ■ Medical Recovery benefit ■ Bed Confinement benefit ■ Home Care benefit ■ Rehabilitation Expenses benefit ■ Accommodation benefit ■ Death benefit ■ Indexation Increases ■ Claims Escalation ■ Future Increases ■ Premium Waiver
Optional benefit	<ul style="list-style-type: none"> ■ Accident option

FutureWise terms and conditions

The insured person

You can apply for cover on your own life or (except in the case of cover under FutureWise Super) the life of another person unless applying for Disability Income Insurance which is generally only available on your own life, as long as the person to be insured is within the entry ages for the type of cover applied for. If you apply for cover on the life of another person, you must have an insurable interest in the person to be insured that is satisfactory to Macquarie Life.

Macquarie Life will assess your application and, if accepted will issue you (or the Trustee in the case of cover your life under FutureWise Super) a FutureWise policy detailing the Insurance cover provided. The terms and conditions, applying to each type of Insurance included in your FutureWise policy, are set out in this section of the PDS.

Words or expressions shown in *italics* have the meaning explained in the Glossary at the end of the PDS.

Life Insurance

Applying for Life Insurance

The person to be insured must be aged between 15 and 70.

You apply for a specified amount of cover that is known as the Life sum insured. The minimum amount you can apply for is \$100,000 and, while there is no maximum, the sum insured must be reasonable for the financial position of the person to be insured and your insurable interest.

If you are applying to be a member of FutureWise Super, or as the Trustee of a self-managed superannuation fund, there may be circumstances in which the Trustee will be unable to release the benefit at the time of claim under superannuation laws. We recommend you seek advice before you apply if you are considering taking this insurance cover within superannuation.

Increases in Life Insurance

If your FutureWise policy includes Life Insurance, you can apply to increase the existing Life sum insured at any time while the insured person is aged between 15 and 70, by completing an application and providing any additional information requested by Macquarie Life. The minimum amount of any increase is \$10,000 and is subject to acceptance by Macquarie Life.

When the Life sum insured is payable

If your FutureWise policy includes Life Insurance, the Life sum insured will be paid if the insured person:

- is diagnosed with a *terminal illness*; or
- dies,

after the Life Insurance cover start date shown in your policy and before the Life Insurance ends, explained in the section titled 'When cover ends' on page 15.

The maximum amount we will pay for *terminal illness* is \$2 million inclusive of all cover held with Macquarie Life for the insured person. If, after paying a claim for *terminal illness*, part of the Life sum insured remains, the premium for your FutureWise policy is adjusted accordingly.

When the Life sum insured is reduced

The Life sum insured will be reduced by the following:

- the amount paid for *terminal illness*;
- the amount of any TPD Insurance paid, when TPD is included in your Life Insurance Policy; and
- the amount of any Medical Recovery Insurance paid, when Medical Recovery is included in your Life Insurance Policy.

Your FutureWise Life Insurance Policy will show whether TPD and/or Medical Recovery Insurance is included in your policy.

When we won't pay

A Life Insurance claim will not be payable if death or *terminal illness* is caused directly or indirectly by an intentional self inflicted act, within 13 months of:

- the cover start date;
- the date cover is reinstated, including under the Life Insurance Buy Back (but only in respect of the reinstated cover). The Life Insurance Buy Back feature is explained on page 10;
- the cover start date for any increase in cover that you applied for (but only in respect of that increase).

Total and Permanent Disablement (TPD) Insurance

Applying for TPD Insurance

The person to be insured must be aged between 15 and 60.

You apply for a specified amount of insurance that is known as the TPD sum insured. The minimum amount you can apply for is \$100,000, and the maximum cannot exceed the lowest of:

- the Life sum insured, if the TPD Insurance is included in a Life Insurance Policy (as benefits are linked);
- \$2.5 million; and
- \$750,000 if you are applying for TPD Insurance on the basis of the *domestic duties* definition of *total and permanent disablement*.

These limits may be affected if you have existing cover with us or with another insurer.

Type of cover

You can apply for *total and permanent disablement* on the basis of the:

- *any occupation* or *own occupation* definition if the person to be insured is *gainfully employed* for a minimum of 20 hours per week at the time of application;
- *domestic duties* definition if the person to be insured is engaged in *domestic duties* at the time of application.

For some occupations, the *own occupation* definition may not be available. The *own occupation* definition is not available under FutureWise Super.

If covered for TPD Insurance, your FutureWise policy will indicate whether the insured person is covered on the basis of the *own occupation*, *any occupation*, or *domestic duties* definition. These definitions only apply if, at the time of the injury or illness for which the claim for *total and permanent disablement* is made, the insured person was aged less than 65. After that time, it is only the remaining provisions of the definition of *total and permanent disablement* that apply.

When the insured person is covered on the basis of the *own occupation* definition of *total and permanent disablement*, the *any occupation* definition applies if, at the time of the injury or illness for which the claim for *total and permanent disablement* is made, the insured person has not been *gainfully employed* within the preceding 6 months.

If you are applying to be a member of FutureWise Super, or as the Trustee of a self-managed superannuation fund, there may be circumstances in which the Trustee will be unable to release the benefit at the time of claim under superannuation laws (for example, if you suffer *total and permanent disablement* under the *domestic duties* definition and have not been gainfully employed).

Increases in TPD Insurance

If your FutureWise policy includes TPD Insurance, you can apply to increase the TPD sum insured at any time while the insured person is aged between 15 and 60. You can do this by completing an application and providing any additional information requested by Macquarie Life. The minimum amount of any increase is \$10,000 and is subject to acceptance by Macquarie Life.

When the TPD sum insured is payable

If your FutureWise policy includes TPD Insurance, the TPD sum insured will be paid if the insured person suffers *total and permanent disablement* after the TPD Insurance cover start date shown in your policy and before the TPD Insurance ends, explained in the section titled 'When cover ends' on page 15.

When the TPD sum insured is reduced

The TPD sum insured will be reduced by the following:

- the amount of any Life Insurance that is paid for *terminal illness*, if TPD Insurance is included in a Life Insurance Policy (as the benefits are linked);

- the amount of any Medical Recovery Insurance that is paid, if TPD Insurance is included in a Life Insurance Policy with Medical Recovery Insurance (as the benefits are linked); and
- the amount of any Medical Recovery Insurance that is paid, if Medical Recovery Insurance is included in a TPD Insurance Policy (as the benefits are linked).

If TPD Insurance is provided, your policy will show whether it is included in a Life Insurance Policy, or in a TPD Insurance Policy, and whether Medical Recovery Insurance is included.

If the TPD sum insured is reduced, but part of the sum insured remains, the premium for your FutureWise policy is adjusted accordingly.

When we won't pay

A TPD Insurance claim will not be payable if *total and permanent disablement* is caused directly or indirectly by an intentional self inflicted act.

Medical Recovery Insurance

Applying for Medical Recovery Insurance

The person to be insured must be aged between 15 and 65.

You apply for a specified amount of insurance that is known as the Medical Recovery sum insured. The minimum amount you can apply for is \$50,000, and the maximum cannot exceed the lowest of:

- the Life sum insured, if the Medical Recovery Insurance is included in a Life Insurance Policy (as the benefits are linked);
- the TPD sum insured, if the Medical Recovery Insurance is included in a TPD Insurance Policy (as the benefits are linked); and
- \$2 million.

These limits may be affected if you have existing cover with us or with another insurer.

Medical Recovery Insurance is not available under FutureWise Super. If you are applying as the Trustee of a self-managed superannuation fund, there may be circumstances in which the Trustee will be unable to release the benefit at the time of claim under superannuation laws. We recommend you seek advice before you apply if you are considering taking this insurance cover within superannuation.

Increases in Medical Recovery Insurance

If your FutureWise policy includes Medical Recovery Insurance, you can apply to increase the Medical Recovery sum insured at any time while the insured person is aged between 15 and 65. You can do this by completing an application and providing any additional information requested by Macquarie Life. The minimum amount of any increase is \$10,000 and is subject to acceptance by Macquarie Life.

When the Medical Recovery sum insured is payable

If your FutureWise policy includes Medical Recovery Insurance, all or part of the Medical Recovery sum insured is payable if the insured person suffers one of the Medical Recovery Conditions listed below after the Medical Recovery Insurance cover starts for the condition and before the earlier of:

- the Medical Recovery Insurance ending, explained in the section titled 'When cover ends' on page 15; and
- the insured person attaining age 70.

We will only pay once for a Medical Recovery condition, except in the case of angioplasty*. When the Medical Recovery sum insured is paid in full, the Medical Recovery cover ends. It may be later reinstated under the Medical Recovery Reinstatement feature.

The insured person must be living (and not declared brain dead) for 14 days from the diagnosis or occurrence of the claimed condition.

The definitions for all the Medical Recovery conditions can be found in the section titled 'Glossary' at the end of this PDS.

Conditions for which the full Medical Recovery sum insured is payable	Conditions for which part of the Medical Recovery sum insured is payable
<p>aortic surgery[#] aplastic anaemia benign brain tumour cancer[#] cardiomyopathy chronic kidney failure chronic liver disease chronic lung disease coma coronary artery by-pass surgery[#] dementia and Alzheimer's disease encephalitis heart attack[#] heart valve surgery[#] loss of hearing loss of independent existence loss of limbs loss of sight loss of speech major head trauma major organ transplant medically acquired HIV motor neurone disease with impairment level multiple sclerosis with impairment level muscular dystrophy with impairment level occupationally acquired HIV Parkinson's disease with impairment level paralysis primary pulmonary hypertension severe burns stroke[#] triple vessel angioplasty[#]</p>	<p>angioplasty^{#*} carcinoma in situ of breast[#] carcinoma in situ of cervix and cervical dysplasia[#] early stage melanoma[#] early stage prostate cancer[#] motor neurone disease[#] multiple sclerosis[#] muscular dystrophy[#] Parkinson's disease[#]</p> <p>The partial benefit payable for the above conditions is 20% of the Medical Recovery sum insured up to \$100,000, except for angioplasty, for which the benefit is 10% of the Medical Recovery sum insured to a maximum of \$20,000. The Medical Recovery sum insured will be reduced by the amount of benefit paid.</p>

[#] Special conditions apply to when cover starts for these Medical Recovery Conditions. See the following section titled 'When Medical Recovery Insurance starts'.

* You can claim for angioplasty more than once, where the subsequent angioplasty procedure being claimed for occurs at least six months after the previous angioplasty claim.

NOTE: After the insured person attains age 70, if your FutureWise policy includes Medical Recovery Insurance, the Medical Recovery sum insured is only payable if the insured person suffers *loss of independent existence* or *loss of limbs* before the Medical Recovery Insurance ends, explained in the section titles 'When cover ends' on page 15.

When Medical Recovery Insurance starts

Except for the Medical Recovery conditions marked #, Medical Recovery Insurance starts on:

- the cover start date shown in your FutureWise policy;
- the date any cover is reinstated, including under the Medical Recovery Reinstatement feature explained below (but only in respect of the reinstated cover); or
- the cover start date for any increase in Medical Recovery sum insured that you applied for (but only in respect of that increase).

For the Medical Recovery conditions marked #, Medical Recovery Insurance starts 90 days after the applicable date referred to above.

Medical Recovery Reinstatement

This feature allows you to reinstate the Medical Recovery sum insured 12 months after it was reduced in full by a Medical Recovery claim, without the need for medical underwriting, unless:

- the Medical Recovery claim was paid for:

cardiomyopathy
primary pulmonary hypertension
motor neurone disease
multiple sclerosis
dementia and Alzheimer's disease
Parkinson's disease
chronic kidney failure
chronic liver disease
chronic lung disease
occupationally acquired HIV
medically acquired HIV
loss of independent existence

- a claim for TPD or *terminal illness* (or similar benefit) is in progress or has previously been paid for the insured person by Macquarie Life or any other insurer; or
- the insured person is aged 70 or greater at the time of reinstatement.

Where the Medical Recovery Insurance can be reinstated, we will contact you within 12 months of the Medical Recovery claim, with the offer for you to reinstate the Medical Recovery Insurance that was reduced. We must receive your acceptance within 30 days of the date that falls 12 months after the claim was paid. We will then tell you the date Medical Recovery Insurance is reinstated or, if your FutureWise policy has terminated because the total cover under the policy was reduced to nil, we will issue a new policy for the reinstated Medical Recovery Insurance.

The premium for the reinstated Medical Recovery Insurance will be based on the FutureWise premium rates applying at the time of reinstatement. Any premium adjustments, exclusions or special conditions, which applied to the original Medical Recovery Insurance, will also apply to the reinstated cover.

The Future Increases and Indexation Increases features, explained in the section titled 'Features applicable to Life, TPD and Medical Recovery Insurance', do not apply to the reinstated cover.

Reinstatement of the Medical Recovery sum insured under the Medical Recovery Reinstatement feature is only available once under your FutureWise policy.

Where Medical Recovery Insurance is reinstated, no claim is payable for:

- the same condition for which a claim has been paid under Medical Recovery Insurance;
- a condition which is directly or indirectly related to a condition for which a claim has been previously paid under Medical Recovery Insurance;
- *angioplasty, aortic surgery, cardiomyopathy, coronary artery by-pass surgery, heart attack, heart valve surgery, primary pulmonary hypertension, stroke, triple vessel angioplasty or chronic kidney failure* if a claim for any of these conditions has been paid under Medical Recovery Insurance;
- *paralysis or loss of sight*, resulting from cerebrovascular accident, if a claim for *angioplasty, aortic surgery, cardiomyopathy, coronary artery by-pass surgery, heart attack, heart valve surgery, primary pulmonary hypertension or triple vessel angioplasty* has been paid under Medical Recovery Insurance; or
- *cancer, carcinoma in situ of breast, carcinoma in situ of cervix and cervical dysplasia, early stage prostate cancer and early stage melanoma* if a claim for any of these conditions has been paid under Medical Recovery Insurance.

When the Medical Recovery sum insured is reduced

The Medical Recovery Insurance sum insured will be reduced by the following:

- the amount of any Life Insurance paid for terminal illness, if Medical Recovery Insurance is included in a Life Insurance Policy (as the benefits are linked);
- the amount of any TPD Insurance paid, if Medical Recovery Insurance is included in a Life Insurance Policy with TPD Insurance (as the benefits are linked);
- the amount of any TPD Insurance paid, if Medical Recovery Insurance is included in a TPD Insurance Policy (as the benefits are linked); or
- the amount of any Medical Recovery Insurance that is paid in part for a Medical Recovery condition.

If Medical Recovery Insurance is provided, your policy will show whether it is included in a Life Insurance Policy, a TPD Insurance Policy, or a Medical Recovery Insurance Policy.

If the Medical Recovery sum insured is reduced, but part of the sum insured remains, the premium for your FutureWise policy is adjusted accordingly.

When we won't pay

A Medical Recovery Insurance claim will not be payable if the Medical Recovery condition (or where the condition involves surgery or a procedure, the disease or condition for which the surgery or procedure is undertaken):

- is caused directly or indirectly by an intentional self inflicted act; or
- first occurs or symptoms leading to the condition occurring or being diagnosed first became apparent before Medical Recovery Insurance starts for that Medical Recovery Condition. See section titled 'When Medical Recovery Insurance starts' on page 7.

Features applicable to Life, TPD and Medical Recovery Insurance

Indexation Increases

So that your cover retains its value over time in line with inflation, on each cover anniversary before the insured person reaches age 65, we will increase the sum insured by the greater of 3% and the increase in the *consumer price index*.

We will tell you the proposed indexation increase before it applies and you can choose not to accept the increase. If you decline an indexation increase it will not affect future indexation increase offers. To decline an indexation increase, we must receive your notice of decline before the applicable cover anniversary.

The Indexation Increases feature will not apply when the total sum of the cover for the insured person with Macquarie Life reaches the following:

Life Insurance	\$5 million
TPD Insurance (<i>any or own occupation</i>)	\$2.5 million
TPD Insurance (<i>domestic duties</i>)	\$1 million
Medical Recovery Insurance	\$2 million

Future Increases

Under this feature, after certain events you can apply to increase your existing Life, TPD and/or Medical Recovery sums insured, and we will accept the increase without the need for medical underwriting. However satisfactory evidence of the personal or business event or change in financial position for which the increase is sought will be required. The application for an increase under this feature must be made on the appropriate form, available from your adviser.

The following table sets out the events and the maximum amounts by which you can apply to increase the sum insured. This feature is available until the insured person turns 55.

Personal events	Maximum increase
Marriage of the insured person	The lesser of:
The insured person or their partner gives birth to or adopts a child	<ul style="list-style-type: none"> ■ 25% of the applicable sum insured when your policy started; and ■ \$200,000
The insured person takes out a new mortgage or increases an existing mortgage (excluding refinancing or draw down)	The lowest of: <ul style="list-style-type: none"> ■ 25% of the applicable sum insured when your policy started; ■ \$200,000; and ■ the increase in the size of the mortgage
The <i>income</i> of insured person increases by 15% or more in a 12 month period	The lowest of: <ul style="list-style-type: none"> ■ 25% of the applicable sum insured when your policy started; ■ \$200,000; and ■ five times the increase in <i>income</i>
Business events	Maximum increase
An increase in the insured person's value to your business (if the insured person is a key person in your business)	The lowest of: <ul style="list-style-type: none"> ■ 25% of the applicable sum insured when your policy started; ■ \$200,000; and ■ the increase in the value of the insured person's value to the business
An increase in the value of the insured person's interest/share in your business (if the insured person is a partner, shareholder or similar principal in your business and this policy supports a buy/sell, share purchase or business succession agreement)	The lowest of: <ul style="list-style-type: none"> ■ 25% of the applicable sum insured when your policy started; ■ \$200,000; and ■ the increase in the value of the insured person's interest/share in the business.
Increase in the size of a business loan where the insured person has an interest in the business or is a key person for your business	The lowest of; <ul style="list-style-type: none"> ■ 25% of the applicable sum insured when your policy started; ■ \$200,000; and ■ the increase in the size of the loan

Only increases of \$10,000 or more are eligible for applications under the Future Increases feature. An increase under this feature cannot be made until 12 months after the cover start date for the applicable insurance cover. The increase in cover must be requested within six months of the event and only one increase may be actioned in any 12 month period under this feature.

The maximum amount by which the applicable sum insured can be increased under the Future Increases feature on your FutureWise policy is \$1 million. The TPD Insurance cannot be increased above \$2.5 million if the *any occupation* or *own occupation* definition applies, and \$750,000 if the *domestic duties* definition of *total and permanent disablement* applies. Medical Recovery Insurance cannot be increased above \$2 million. (These maximum limits apply inclusive of all cover for the insured person held with Macquarie Life or

another insurer.) If included in a Life Insurance Policy, neither TPD nor Medical Recovery sums insured can be increased to an amount greater than the Life sum insured. If included in a TPD Insurance Policy, the Medical Recovery sum insured cannot be increased to an amount greater than the TPD sum insured.

If an event or condition giving rise to a claim occurs (or in the event of Medical Recovery Insurance, the symptoms leading to the condition occurring or being diagnosed first became apparent) during the first six months after an increase in the sum insured under this feature, we will only pay a claim in respect of the increased cover if:

- the condition for which the claim is being made is due to an accident; and
- the accident occurs after the date of the increase.

Life Insurance Buy Back

This feature only applies if TPD and /or Medical Recovery Insurance is included in a Life Insurance Policy.

This feature allows you to reinstate the Life sum insured 12 months after it was reduced by a TPD or Medical Recovery claim, without the need for medical underwriting.

We will contact you within 12 months of the TPD or Medical Recovery claim, with the offer for you to reinstate the Life Insurance that was reduced. We must receive your acceptance within 30 days of the date that falls 12 months after the claim was paid. We will then tell you the date cover was reinstated or, if your policy has terminated because the Life sum insured was reduced to nil, we will issue a new policy for the reinstated cover.

If the Life Insurance that is being reinstated is provided under FutureWise Super, it can only be reinstated if the insured person is eligible to make contributions to FutureWise Super (for information on eligibility to make contributions please refer to the FutureWise Super section of this PDS on pages 19 to 21). If not, the insured person can request us to issue the reinstated policy to him or her on their own life.

The premium for the reinstated Life Insurance will be based on the FutureWise premium rates applying at the time of reinstatement. Any premium adjustments, exclusions or special conditions, which applied to the original Life Insurance, will also apply to the reinstated cover.

The Future Increases feature is not available for cover reinstated under Life Insurance Buy Back. The Indexation Increases feature will apply to the reinstated Life Insurance.

Life Insurance Buy Back cannot be exercised if:

- the insured person is aged 65 or greater at the time of reinstatement;
- a claim for *terminal illness* (or similar benefit) is in progress, or has previously been paid, for the insured person by Macquarie Life or any other insurer.

Disability Income Insurance

Applying for Disability Income Insurance

The person to be insured must be aged between 19 and 60 and *gainfully employed* for a minimum of 20 hours per week.

You apply for a specified amount of cover that is known as the monthly insured amount. The minimum amount you can apply for is \$1,250 per month and the maximum is the lesser of:

- \$25,000 per month; and
- the monthly equivalent of 75% of the first \$250,000, 50% of the next \$150,000 and 25% of the balance of the annual *income* of the person to be insured.

These limits may be affected if you have existing cover with us or with another insurer.

Disability Income Insurance is not available under FutureWise Super. If you are applying as the Trustee of a self-managed superannuation fund, there may be circumstances in which the Trustee will be unable to release some of the benefits at the time of claim under superannuation laws. We recommend you seek advice before you apply if you are considering taking this insurance cover within superannuation.

Type of Disability Income Insurance

If you have a FutureWise Disability Income Insurance Policy, it will be either on an indemnity, agreed value or endorsed agreed value basis, as shown in the policy issued to you.

For some occupations, Disability Income Insurance may only be available on an indemnity basis.

If provided on an indemnity basis the benefit payable in the event of a claim is based on the insured person's *pre-disability income* to a maximum of the monthly insured amount.

If Disability Income Insurance is provided on an agreed value basis, the benefit payable in the event of a claim will be based on the insured person's *income* at the time you applied for the cover (or if we have accepted an application for an increase in cover, the insured person's *income* at the time you applied for the increase in cover that we accepted) to a maximum of the monthly insured amount. To make a claim, you must provide satisfactory financial evidence confirming the insured person's *income* at the applicable time.

If Disability Income Insurance is provided on an endorsed agreed value basis, the benefit payable in the event of a claim is based on the insured person's *income* at the time you applied for the cover (or, if we have accepted an application for an increase in cover, the insured person's *income* at the time you applied for the increase in cover). Disability Income Insurance is provided on an endorsed agreed value basis if you have provided financial evidence of the insured person's *income* at the time you applied, and your policy indicates that the 'Type of cover' is 'endorsed agreed value'.

It is important to note that, while the benefit payable will never exceed the monthly insured amount, in some cases it may be less than the monthly insured amount.

Increases in Disability Income Insurance

If you have a FutureWise Disability Income Insurance Policy, you can apply to increase the monthly insured amount at any time while the insured person is aged between 19 and 60, by completing an application and providing any additional information requested by Macquarie Life. The minimum amount of any increase is \$500 per month and is subject to acceptance by Macquarie Life.

Waiting Period

The majority of benefits under Disability Income Insurance are subject to a waiting period before the benefits become payable.

The following waiting periods are available:

- 30 days
- 90 days
- 2 years

The 2 year waiting period is only available with a benefit period to age 65.

The waiting period that applies is shown in the policy issued to you.

The insured person can return to work (and not be *disabled*) during the waiting period for up to:

- five consecutive days if your waiting period is 30 days; and
- 10 consecutive days if your waiting period is 90 days or two years

before we will restart the waiting period. The waiting period will be extended by the number of days worked while the insured person is not *disabled*.

Benefit Period

The benefit period is the maximum period for which a claim for a *disability* is payable.

The following benefit periods are available:

- 2 years
- 5 years
- to age 65

For some occupations, the maximum benefit period available may be 5 years.

The benefit period that applies is shown in the policy issued to you.

Recurrent Disability

If the benefit period under your FutureWise Disability Income Insurance policy is to age 65, any claim for a *disability* arising from the same or a related cause as a previous claim within 12 months of the previous claim ending, will be treated as a continuation of the previous claim and the waiting period will be waived. If the claim is made more than 12 months after the previous claim ended it will be treated as a new claim and a new waiting period will apply.

If the benefit period under your FutureWise Disability Income Insurance policy is 2 years or 5 years, any claim for a *disability* arising from the same or a related cause as a previous claim will be treated as a continuation of the previous claim and will only be paid for the remainder, if any, of the benefit period. If the claim is made within 6 months of the previous claim ending the waiting period will be waived. If the claim is made more than six months after the previous claim ended a new waiting period will apply.

Total Disability

If you have a FutureWise Disability Income Insurance policy, a benefit is payable if, after the cover start date shown in your policy and before the Disability Income Insurance ends, the insured person:

- has been continuously *disabled* during the waiting period and *totally disabled* for at least 5 consecutive days during that time; and
- is *totally disabled* after the end of the waiting period, or after a period during which a benefit for *partial disability* has been paid for the same *disability*.

The benefit payable is the *monthly benefit*, adjusted to take into account any:

- offsets which apply, as explained in the section titled 'When the *monthly benefit* is reduced' on page 14; and
- increases under the Claims Escalation feature which apply, explained on page 14.

The *monthly benefit* for *total disability* is payable monthly in arrears for each day of *total disability* after the end of the waiting period (1/30th of the *monthly benefit* per day if the benefit is only payable for part of a month), but not beyond the end of the benefit period for that *disability*.

Partial Disability

If you have a FutureWise Disability Income Insurance policy, a benefit is payable if, after the cover start date shown in your policy and before Disability Income Insurance ends, the insured person:

- has been continuously *disabled* during the waiting period; and
- is *partially disabled* after the end of the waiting period, or after a period during which a benefit for *total disability* has been paid for the same *disability*.

The benefit payable is a proportion of the *monthly benefit*, calculated as follows:

$$\frac{(\text{pre-disability income} - \text{post-disability income})}{\text{pre-disability income}} \times \text{monthly benefit}$$

adjusted to take into account any:

- offsets which apply, as explained in the section titled 'When the *monthly benefit* is reduced' on page 14; and
- increases under the Claims Escalation or feature which apply, explained on page 14.

The *monthly benefit* for *partial disability* is payable monthly in arrears for each day of *partial disability* after the end of the waiting period (1/30th of the *monthly benefit* for *partial disability* per day if the benefit is only for part of a month) but not beyond the end of the benefit period for that *disability*.

Specific Injury benefit

If you have a FutureWise Disability Income Insurance policy and the insured person suffers one of the injuries listed below after the cover start date shown in your policy and before the Disability Income Insurance ends, we will pay the *monthly benefit* for the number of months indicated, regardless of whether the insured person is *totally disabled*. Payments will be made during the waiting period.

Injury	Payment period
<i>Paralysis</i>	60 months*
Total and permanent loss of any two of: <ul style="list-style-type: none"> ■ the use of a foot from the ankle joint ■ the use of a hand from the wrist ■ the sight in an eye that is irreversible 	24 months
Total and permanent loss of any one of: <ul style="list-style-type: none"> ■ the use of a foot from the ankle joint ■ the use of a hand from the wrist ■ the sight in an eye that is irreversible 	12 months
Total and complete severance of the thumb and index finger from the phalangeal joint of the same hand	6 months
<i>fracture</i> of thigh or pelvis	3 months
<i>fracture</i> of the leg (between the knee and foot) or knee cap	2 months
<i>fracture</i> of the upper arm (including elbow and shoulder bone)	2 months
<i>fracture</i> of the skull (except bones of the nose or face)	2 months
<i>fracture</i> of the lower arm (including wrist, but excluding elbow, hands or fingers)	1 month
<i>fracture</i> of the jaw or collarbone	1 month

* If the benefit period is two years, the payment period for paralysis under this feature is 24 months.

If the benefit period is two or five years, the benefit period for a *disability* due or related to an injury for which we have paid the Specific Injury benefit is reduced by the number of months for which we have paid the Specific Injury benefit.

If the insured person suffers more than one specific injury at the same time, we will only pay for one specific injury, being the one with the longest payment period.

If we are paying benefits under the Specific Injury benefit, payments will cease if Disability Income Insurance ends, explained in the section titled 'When cover ends' on page 15.

Medical Recovery benefit

If you have a FutureWise Disability Income Insurance policy and the insured person suffers one of the Medical Recovery conditions listed below after the Medical Recovery benefit starts and before Disability Income Insurance ends, we will pay the *monthly benefit* for six months, regardless of whether the insured person is *totally disabled*. Payments will be made during the waiting period.

aortic surgery#
benign brain tumour
cancer#
coma
coronary artery by-pass surgery#
heart attack#
heart valve surgery#
major head trauma
major organ transplant
severe burns
stroke#

Except for the Medical Recovery conditions marked #, the Medical Recovery benefit starts on:

- the cover start date shown in your FutureWise Disability Income Insurance policy;
- the date Disability Income Insurance is reinstated, (but only in respect of the reinstated cover); or
- the cover start date for any increase in the monthly insured amount that you applied for (but only in respect of that increase).

For the Medical Recovery conditions marked #, the Medical Recovery benefit starts 90 days after the applicable date referred to above.

We will only pay once for each Medical Recovery condition under this benefit.

If the benefit period is two or five years, the benefit period for a *disability* due or related to a condition for which we have paid the Medical Recovery benefit is reduced by number of months for which we have paid the Medical Recovery benefit.

If we are paying benefits under the Medical Recovery benefit, payments will cease if Disability Income Insurance ends, explained in the section titled 'When cover ends' on page 15.

Bed confinement benefit

If you have a FutureWise Disability Income Insurance policy and the insured person is *totally disabled*, confined to bed, as confirmed by a *medical practitioner*, and is under the care of a registered nurse for 72 hours or more during the waiting period, we will pay 1/30th of the *monthly benefit* for each day of such bed confinement.

The Bed Confinement benefit is payable for a maximum of 30 days.

Home Care benefit

If a benefit for *total disability* has been paid for at least 30 days, and the insured person is confined to bed as a result of continuing *total disability*, as confirmed by a *medical practitioner*, we will reimburse:

- the forgone *income* of an immediate family member who provides satisfactory evidence to Macquarie Life that they were *gainfully employed* for at least 20 hours per week prior to the insured person suffering the *disability* and have ceased to be *gainfully employed* to care for the insured person; or
- the cost of employing a registered nurse or housekeeper.

We will reimburse the above to a limit of the lesser of \$2100 or the amount equivalent to the *monthly benefit*, per month for a maximum of six months. This benefit is in addition to any benefit payable for *total disability*.

Rehabilitation Expenses benefit

If a benefit for *total disability* is payable, we will pay all or part of any rehabilitation expenses or costs associated with a rehabilitation programme for the insured person that we have approved in advance. A maximum payment of twelve times the *monthly benefit* applies under this benefit. This benefit is in addition to any benefit payable for *total disability* or *partial disability*.

Accommodation benefit

If the insured person is hospitalised while *totally disabled*, and an immediate family member requires accommodation at a location more than 100km from their home to be close to the insured person, we will reimburse the costs of accommodation up to \$250 per day for a maximum of 30 days in any 12 month period.

The accommodation benefit is payable during the waiting period. This benefit is in addition to any benefit payable for *total disability*.

Death benefit

If you have a FutureWise Disability Income Insurance policy and the insured person dies after the cover start date shown in your policy and before the Disability Income Insurance ends, we will pay an amount equal to four times the monthly insured amount, to a maximum of \$75,000 on receipt of the death certificate.

Indexation Increases

So that your cover retains its value over time in line with inflation, on each cover anniversary we will increase the monthly insured amount by the increase in the *consumer price index*. If the change in the *consumer price index* is zero or negative, the monthly insured amount won't change.

We will tell you the proposed indexation increase before it applies and you can choose not to accept the increase. If you decline an indexation increase it will not affect future Indexation Increases offers. To decline an indexation increase, we must receive your notice of decline before the applicable cover anniversary.

If your FutureWise Disability Income Insurance policy provides cover on an indemnity basis, you should consider whether, by accepting an increase, your monthly insured amount will exceed the *monthly benefit*.

If your FutureWise Disability Income Insurance policy provides cover on an agreed value or endorsed agreed value basis, the indexation increases applied to the monthly insured amount will not need to be financially verified at time of claim.

The Indexation Increases feature will not apply if your monthly insured amount is \$25,000 or greater per month.

Claims Escalation

While a benefit for *total disability* or *partial disability* is being paid, we will increase the *monthly benefit* by any increase in the *consumer price index* on each 12 month anniversary of the commencement of your claim.

When claim payments cease, the monthly insured amount will not be less than the *monthly benefit* applying immediately prior to the cessation of the claim.

The Claims Escalation feature will not apply if your monthly insured amount is \$25,000 or greater per month.

Future Increases

Under this feature, you can apply to increase your monthly insured amount by up to 10% on each cover anniversary until the insured person turns 55, and we will accept the increase without the need for medical underwriting.

Only increases between \$500 and \$1000 per month to the monthly insured amount are eligible for applications under the Future Increases feature. The maximum amount of the total increases to the monthly insured amount cannot exceed the monthly amount insured originally applied for.

Financial evidence is required to support the increased cover, which cannot exceed the maximum amounts allowable, explained in the section titled, 'Applying for Disability Income Insurance' on page 10.

The increase in cover must be requested within 30 days of the applicable cover anniversary and must be made on the appropriate form, which is available from your adviser.

Premium Waiver

We will waive the premium and policy fee payable under your Disability Income Insurance policy while a benefit is payable.

Accident option

This is an optional benefit, for which an additional premium is charged. It is only available if a 30 day waiting period applies. For some occupations, the Accident option may not be available.

If the Accident option applies, it will be shown in the policy issued to you.

If the insured person is *totally disabled* for 14 consecutive days within 30 days of suffering an *accident* the *monthly benefit for total disability* will start to accrue from the beginning of the waiting period.

More than one benefit payable

If the insured person is eligible for one or more of the *monthly benefit for total disability*, *monthly benefit for partial disability*, Specific Injury benefit, Medical Recovery benefit, Bed Confinement benefit or Accident option at the same time, only one benefit is payable, being the benefit which provides the highest payment.

When the monthly benefit is reduced

The *monthly benefit* payable for *total disability* or *partial disability* may be reduced by any of the following payments you receive:

- legislated compensation schemes and workers compensation; and
- any other insurance that provides income payments due to sickness or injury, unless we have expressly agreed not to apply a reduction.

If a lump sum is received from any of the above sources, we will convert that lump sum to a monthly payment at the rate of 1% of the lump sum paid per month.

The benefit we will pay will only be reduced to ensure that, when combined with the payments from other sources, it does not exceed the monthly equivalent of 75% of *pre-disability income* (100% for *partial disability*).

When we won't pay

A benefit will not be payable under Disability Income Insurance for a claim which is caused by or attributed to:

- an intentional self inflicted act;
- normal or uncomplicated pregnancy or childbirth;
- war or an act of war;
- intentional criminal activity; or
- elective surgery that occurs within 6 months of:
 - the cover start date;
 - the date any cover is reinstated (but only in respect of the reinstated cover);
 - the cover start date for any increase in cover that you applied for (but only in respect of that increase).

We will not pay for any period while you are in jail.

Benefits are only payable for up to 3 months while the insured person is outside Australia. Upon return to Australia, benefits can continue if otherwise payable.

Your policy

When cover starts

Cover starts for each type of insurance from the cover start date shown for that cover in the policy issued to you, or in the case of cover under FutureWise Super, the Trustee on your behalf. Cover for some benefits provided in Medical Recovery Insurance and Disability Income Insurance starts 90 days after the cover start date.

If we accept your application, we will issue a policy (or policies) detailing the:

- policy owner(s);
- insured person;
- type of cover provided;
- type of policy under which cover is provided (and hence whether cover is provided on a linked basis);
- sum insured for the insurance(s) provided;
- if TPD Insurance is included, whether the insured person is covered on the basis of *own occupation*, *any occupation*, or *domestic duties* definition of *total and permanent disablement*;
- cover start date;
- if Disability Income Insurance is included, whether the cover is provided on an indemnity, agreed value, or endorsed agreed value basis, the waiting period and the benefit period;
- cover anniversary;
- any premium adjustments which apply;
- any special conditions which apply; and
- the premium and policy fee payable for the first year and when it is payable.

Your FutureWise policy is referable to our No 4 Statutory Fund and any claims paid under the policy will be paid from this fund.

Macquarie Life may, when lawfully entitled to do so, avoid or adjust your cover if you have breached your duty of disclosure (or you or the person to be insured have made a misrepresentation) in your application for FutureWise or when applying for an increase in cover.

When cover ends

Insurance cover provided under a FutureWise policy ends on the earliest of:

- the cover anniversary following the expiry age shown in the table below;
- the death of the insured person;
- payment of the sum insured for that Insurance in full;
- the sum(s) insured for all insurance(s) included under the policy is reduced to nil ;
- cancellation of the cover upon the written request of the policy owner;
- cancellation of the cover by Macquarie Life Limited due to non-payment of the premium (and policy fee) when due;
- any other date applied under a special condition shown in your policy; or
- a special condition applicable to members of FutureWise Super (for more information on FutureWise Super see pages 19 to 21).

Cover Type	Expiry age
Life Insurance	99
TPD Insurance	99
Medical Insurance	99
Disability Insurance	65

Nominating your beneficiary – Life Insurance

If you are the policy owner, generally you will receive any benefit payment. If you are a member of FutureWise Super, benefit payments will be made to the Trustee as part of your superannuation entitlements under the Macquarie Superannuation Plan.

If you are the Trustee of a self-managed superannuation fund, benefits you receive from the policy can only be paid from your fund when permitted under superannuation laws.

If you are the policy owner and also the insured person (and you do not own the policy in your capacity as Trustee of a self managed superannuation fund), you can nominate up to ten beneficiaries to receive the Life sum insured should you die. If you do not nominate a beneficiary, the Life sum insured will be paid to your legal personal representative or other person we are permitted to pay under the Life Insurance Act.

Each beneficiary you nominate must be a person, a company or a legally recognised charity. You can change or cancel these nominations at any time in writing. A change in a nomination only takes effect when received by us.

At time of claim, if part of a nomination is invalid or one of the nominated beneficiaries has pre-deceased the insured person, the proceeds in relation to that invalid part or pre-deceased nominated beneficiary will be paid to your legal personal representative.

If a nominated beneficiary is a minor, we will pay the proceeds in relation to that nominated beneficiary to their legal guardian or into a trust for which that minor is a beneficiary.

All nominations will automatically cease if ownership of the policy is transferred.

Guaranteed upgrades to your cover

We will automatically pass on any future improvements we make to FutureWise when they do not result in an increase in the premium rates. Where they do result in an increase in the premium rates, you have the option not to take up the offer of the upgrade.

Improvements will not apply to a claim resulting from an illness which first occurs (or symptoms leading to the condition occurring or being diagnosed first became reasonably apparent), or an injury or event which occurred, before these improvements took effect.

Guaranteed renewable

Provided you continue to pay your premiums and policy fee when due, your FutureWise policy is guaranteed renewable until the policy anniversary after the expiry age, shown in the table in the section titled 'When cover ends'. This means that we cannot cancel or alter the terms of the cover because of changes in the insured person's health, occupation or pastimes.

If you request to extend, vary or reinstate your cover, your duty of disclosure applies but only in respect of the cover that is being extended, varied or reinstated.

World wide cover

Your policy covers the insured person 24 hours a day, anywhere in the world.

Transferring ownership of your policy

If the Trustee of FutureWise Super holds the policy on your life, you can request the Trustee to transfer the policy to you on your life subject to superannuation laws. Otherwise, you can transfer your policy by completing a Memorandum of Transfer, which must be signed by both you and the transferee, and sending it to us, with your policy, for registration.

You can apply for membership of FutureWise Super and transfer your benefits to the Trustee, subject to superannuation laws.

The transferee must have an insurable interest in the insured person that is satisfactory to Macquarie Life.

You can obtain a Memorandum of Transfer by contacting us.

Keeping us informed

To ensure that our records are kept up to date and correct, we request that you advise us in writing:

- of a change in your address or contact details;
- of a change in banking or credit card details; or
- if you or the insured person plan to leave Australia for more than a year.

Premiums and other costs

How the premium is calculated

The premium that you pay for your FutureWise policy is calculated as at the cover start date and each subsequent cover anniversary, by applying our FutureWise premium rates to the sum insured for the insurance cover provided, and if Disability Income Insurance is provided, the waiting period, benefit period and whether the cover is provided on an indemnity, agreed value or endorsed agreed value basis. It also is based on the premium payment frequency and the insured person's:

- age (premiums generally increase with age);
- gender;
- general health;
- smoking status (premiums are higher for smokers);
- recreational pursuits; and
- occupation.

The premium rates are 'stepped' which means that, generally, each year the premium increases based on insured person's age. If the sum insured increases then the premium will also increase. Before each cover anniversary, we will notify you of the premium and policy fee for the period to the next cover anniversary.

As part of the application process, an indicative premium will be provided to you. You can also request a copy of our FutureWise premium rates. The actual premium could increase if the person to be insured has a birthday after the indicative premium is provided and before the cover start date. We may also only be able to offer you cover if you agree to a higher premium.

Policy fee

A policy fee per insured person per application is also payable each year and is shown in the policy issued to you. If more than one FutureWise policy is issued as a result of a single application for an insured person, only one policy fee is payable. As at 15 February 2007, the policy fee is \$75 per annum if you pay your premium annually or \$6.25 per month if you pay your premium monthly. The policy fee will be adjusted each year on the 1st March by the greater of 3% and the *consumer price index*, and will be effective from the cover start date or cover anniversary on or following that date.

Payment of the premium

Your premium is calculated on an annual basis and can be paid yearly or monthly in advance. However, if you choose to pay it monthly, a loading of 6% will apply.

The premium can be paid from the following sources:

- credit card;
- direct debit from a bank account;
- 'cash hub' of a Macquarie Investment Manager or Investment Accumulator account;
- Macquarie Cash Management Trust (CMT).

You must provide us with a valid premium deduction authority to enable us to deduct the premium and policy fee when due for payment.

The premium and policy fee payable for the first year are shown in the policy. If you pay annually, we will deduct the premium (and policy fee) on the cover anniversary each year. If you pay monthly, we will deduct the premium (and policy fee) every month on the same day of the month as the cover anniversary. If the date shown falls on a weekend or public holiday, the premium and policy fee will be deducted on the next business day following the due date.

All payments to us must be in Australian dollars.

Non payment of premium

If a premium (and policy fee) payment is not made, we will notify you advising the date on which the policy will end if the amount due is not paid. If a payment sufficient to meet the amount due is not made by that date, we will cancel the policy.

We will give at least 20 business days notice before the policy is cancelled because of non-payment of premiums.

Changes to the premium and/or policy fee

We can change the FutureWise premium rates and/or policy fee but only if we do this for all policies in a defined risk group. We will usually provide 60 days prior notice before changing the rates. The increase will come into effect on the next cover anniversary.

Surrender value

Your FutureWise policy does not have a surrender value.

A pro-rata refund will be made where a premium and policy fee is paid annually and cover is cancelled prior to the next cover anniversary.

FutureWise Super

If you are a member of FutureWise Super, the Trustee will use your contributions to FutureWise Super to pay the premium and policy fee for the policy on your life. For further information on FutureWise Super, see pages 19 to 21.

Making a claim

Notifying us of a claim

Please contact Macquarie Life if you think you are eligible to make a claim, or are unsure and would like some assistance. It is important that you notify us as soon as possible after any event that may lead to a claim. If you do not notify us within 30 days of an event, we may be able to adjust the benefit payable if we have been prejudiced by the delay.

We will send you a claim form and explain in detail our requirements and what the next steps are.

Assessing a claim

Macquarie Life will pay a benefit only after all our claim requirements have been met and we admit liability. To assess the claim, and ongoing payments in the case of Disability Income Insurance, we will require some or all of the following (to be provided at your expense), in a form that is satisfactory to us:

- a completed claim form;
- your policy;
- proof of age of the insured person (unless previously provided);
- a certified copy of the death certificate (for death claims only);
- evidence of *terminal illness, total and permanent disablement, Medical Recovery Condition or disability*, whichever is applicable for the claim being made, including test results and medical attendant statements;
- financial evidence including evidence of other insurance cover on the insured person's life;
- evidence of *pre-disability income* and *post-disability income* and any payments received while on claim (for Disability Income Insurance claims); and
- evidence of *income* at time of application (and, if we have accepted an application for an increase in cover, the insured person's *income* at the time you applied for the increase in cover) if Disability Income Insurance is provided on an agreed value basis.

Macquarie Life may also require medical and occupational assessments and other information where relevant to assess or finalise payment of the claim.

All claim payments may be subject to an appropriate specialist physician approved by Macquarie Life verifying the diagnosis.

Where we request an examination, assessment or financial audit by a person we nominate, Macquarie Life will meet the cost. Otherwise you must meet the cost of satisfying our claim requirements.

Payment of a claim

We will pay the claim as soon as possible once it has been approved.

All claims will be paid in Australian dollars.

General Information

Your adviser

This product is available through licensed financial advisers who can assist you with advice in considering FutureWise and help you determine the amount and type of cover you require considering your personal circumstances.

Your adviser is your main point of contact for your insurance so, if you have any questions about your FutureWise cover, please talk to your adviser.

If your application for FutureWise is accepted, we may pay your adviser a commission for selling this product. The commission is paid by Macquarie Life and does not affect your premium. You can obtain details from your adviser of any commission paid.

How to apply

To apply for cover you need to complete an application.

We may ask for additional information or require medical tests so we can assess your application further. This will be arranged through our nominated pathology provider, who can arrange for their services to be undertaken at the workplace or home of the person to be insured or at medical centres across Australia.

Your duty of disclosure

Before entering into a contract with Macquarie Life Limited you have a duty, under the Insurance Contracts Act, to disclose to us every matter you know, or could reasonably be expected to know, that is relevant to our decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to us before your cover is extended, varied or reinstated. Your duty, however, does not require disclosure of a matter:

- that diminishes the risk to be undertaken by us;
- that is of common knowledge;
- that we know or, in the ordinary course of our business, ought to know;
- as to which compliance with your duty is waived by us.

Non-disclosure

If you fail to comply with your duty of disclosure and we would not have entered into the contract on any terms if the failure had not occurred, we may avoid the contract within 3 years of entering into it. If your non-disclosure is fraudulent, we may avoid the contract at any time.

If we are entitled to avoid a contract of life insurance, we may, within 3 years of entering into it, elect not to avoid it but reduce the amount that you have been insured for in accordance with a formula that takes into account the premium that would have been payable if you had disclosed all relevant matters to us.

Underwriting

We will promptly notify you or your adviser of any additional information needed to underwrite your application. If you do not want your adviser to receive information relating to the underwriting assessment of the person to be insured, you must inform us in writing at the time of application.

We may seek additional information about the medical and financial circumstances of the person to be insured, as well as any hazardous pursuits or pastimes, occupational duties and other information that may assist with assessment of your application. Macquarie Life may ask the person to be insured to undergo a medical examination or blood tests. We will cover the associated costs and any tests required. The tests and requirements vary depending on the age and occupation of the person to be insured and the amount and type of cover applied for.

On request, we can send medical examination and blood test results to a doctor nominated by the person to be insured.

Who should authorise the application

Both you and the person to be insured (if not you) must authorise the declaration, payment authority and medical authority that are required to complete the application.

If the applicant is a company, the application must be authorised by two directors or one director and the company secretary or by one director for a single director company. You must specify whether you are a director or secretary when authorising the application.

If the applicant is the trustee of a self managed superannuation fund, the trustee(s) must authorise the application and Trustee Declaration.

Cooling-off period

You have a 14 day "cooling-off period" after your FutureWise policy commences during which time you can cancel your policy if you decide that the insurance cover does not meet your needs. You will receive a refund of the premium and policy fee that you have paid (if you applied for membership of FutureWise Super, superannuation regulations may require your refund to be preserved within the superannuation system, in which case you will need to nominate an acceptable superannuation vehicle to receive the refund). If you wish to use the cooling off period, you must not have made a claim and must notify us within 14 days of the earlier of:

- the date you receive your policy; or
- the end of the 5th day after we issue the policy.

FutureWise Super

This section is applicable if you want the Trustee of FutureWise Super to apply for Life Insurance and/or Total and Permanent Disablement (TPD) Insurance on your behalf. Medical Recovery Insurance and Disability Income Insurance are not available through FutureWise Super.

FutureWise Super is a division of the Macquarie Superannuation Plan. A reference to “the Trustee” or “we” in this section, is a reference to the Trustee of FutureWise Super, Macquarie Investment Management Limited.

Who can apply

You can apply to become a member of FutureWise Super if you are eligible to make superannuation contributions or have them made on your behalf. Contributions can only be made to pay premiums for your FutureWise Super insurance cover.

Generally, you are eligible to contribute to superannuation (or have contributions made on your behalf) if you are either:

- under age 65; or
- aged 65 to 74 and have worked at least 40 hours in a period of not more than 30 consecutive days within the financial year in which contributions are made (subject to some restrictions which the Government proposes to abolish from 1 July 2007).

Your insurance cover will commence once you have become a member of FutureWise Super and Macquarie Life has confirmed to you that it has accepted cover on your life.

Benefit payments

The Trustee will only pay a benefit from FutureWise Super if it receives a benefit from Macquarie Life from the FutureWise Super insurance on your life. The Trustee will be responsible for paying the benefit in accordance with the rules of FutureWise Super and superannuation laws after allowance for any tax.

If you die while covered by Life Insurance, and Macquarie Life pays a benefit to the Trustee, the Trustee will pay the insurance benefit as a lump sum to one or more of your beneficiaries (see pages 19 to 21).

If Macquarie Life pays a benefit under Life Insurance to the Trustee because you are diagnosed with a *terminal illness*, or a benefit under TPD Insurance because you suffer *total and permanent disablement*, the Trustee will pay the benefit to you as a lump sum. In some circumstances, it is possible that the Trustee will not be able to pay the benefit out of FutureWise Super until a condition of release is met under superannuation law.

Death benefits

You are given a number of options for nominating to whom a death benefit payable from FutureWise Super will be paid.

No nomination – if you do not nominate a beneficiary, your benefit will be paid as a lump sum to your legal personal representative (your estate).

Non-lapsing death benefit nomination – where the Trustee has consented to your nomination, your benefit will be paid as a lump sum to the person that you have nominated as long as your nomination:

- is valid; and
- has been made in the prescribed manner.

A non-lapsing nomination can only be made by you. We will not accept a non-lapsing nomination made by an attorney or any other agent.

We can only consent to a nomination in respect of one or more of your dependants (explained below) or legal personal representative. To remain a valid nomination, a dependant must remain a dependant at the time of death.

If we have consented to your nomination to pay one or more dependants and that nomination, or a part of it, is no longer valid at the time of payment, we will pay the non-valid portion of your death benefit to your legal personal representative.

It is very important that you periodically review your nomination to ensure you still wish us to pay the person(s) you have nominated, because:

- unlike a Will, your non-lapsing nomination will not automatically become invalid in the event of marriage, divorce or any other life-changing event; and
- unlike binding nominations available under other superannuation schemes, it will not become invalid after a period of time.

We will send you regular reminders with the details of your nomination.

We can only consent to a nomination if it is being made to us in writing, signed by you in the presence of two witnesses who are over 18 years of age and not named as beneficiaries in your nomination. To make a nomination simply complete the death benefit nomination section of the application, or complete a death benefit nomination form and send it to us.

You may revoke or change your nomination at any time by completing and sending to us a new non-lapsing death benefit nomination form. It will come into effect once we have confirmed it with you.

Because there are special rules regarding how benefits can be paid from a superannuation fund in the event of your death, care should be taken when making your nomination as you may need to consider the impact it could have on your overall estate planning. You may want to seek legal advice.

In some cases, upon special request, the Trustee will consent to nominations which are not catered for on the non-lapsing death benefit nomination form (eg. because they are complex or because payment is contingent upon certain events occurring). If you wish to make a more detailed nomination, please speak to your financial adviser or contact the Trustee.

Who is a dependant?

Under current superannuation law a dependant includes your:

- spouse (including a de facto spouse);
- your children of any age (including adopted children and step-children);
- any person financially dependent on you; and
- any other person with whom you have an inter-dependent relationship.

Two people will typically have an interdependent relationship if:

- they have a close personal relationship; and
- they live together; and
- one of each of them provides the other with financial support; and
- one or each of them provides the other with domestic and personal care.

Also, if two people have a close personal relationship but do not satisfy the conditions referred to above because either or both of them suffer from a physical, intellectual or psychiatric disability, they may nevertheless have an interdependent relationship.

Depending on the circumstances, relationships involving the following people may qualify as interdependent relationships:

- same sex partners;
- adult siblings living together; and
- family members looking after elderly parents or grandparents.

Tax

Generally tax of 15% is payable by the Trustee on all employer and deductible personal superannuation contributions to FutureWise Super. Higher tax rates are applicable if certain contribution caps set by the Government are exceeded, and contributions may have to be repaid to pay the tax liability. As your contributions are used by the Trustee to pay the premiums and policy fee due on the FutureWise policy on your life, these premiums are tax deductible to the Trustee. This can be used to offset the effect of tax on your contributions. In situations where the Trustee is not subject to tax on contributions (e.g. where you or your spouse has made personal non-deductible contributions within the Government's caps) no refund is payable to you as a result of the tax deductions available to the Trustee.

A lump sum benefit received in the event of death is generally tax free when paid to one or more of your eligible (for tax purposes) dependants (either directly or via your estate). If paid before 1 July 2007 it would also need to be within your "reasonable benefit limit" to be tax free, but from that date the limit does not apply. For tax purposes a dependant includes a spouse (married or de facto), a child under the age of 18 years (including adopted children and step-children), an interdependent person or a person financially dependent on you. In other circumstances part or all of the death benefit will not be tax free. The level of tax applicable will depend on a number of factors.

The taxation of a lump sum benefit received in the event of *total and permanent disablement* is broadly similar to the tax treatment of retirement benefits except that in certain cases additional tax concessions can apply. From 1 July 2007, if you are age 60 or more when such a benefit is paid it will be tax free.

This tax information is based on our understanding of the tax laws that were current on the date of this PDS and new tax laws to apply from 1 July 2007. The tax laws can change further. In any case, you should consult your tax adviser to discuss the tax effects of insurance cover as part of your superannuation arrangements.

Tax file number collection

Collection of tax file numbers (TFNs) is authorised by the tax and superannuation laws. By providing your TFN to your superannuation fund you will allow the Trustee to use your TFN for purposes authorised by superannuation and taxation laws.

The purposes currently authorised include:

- accepting certain contributions and taxing certain contributions and benefits at concessional rates;
- passing your TFN to the Australian Taxation Office (ATO); and
- allowing the Trustee to provide your TFN to another superannuation fund or Retirement Savings Account (RSA) if your benefit is transferred to that fund. However, we will not do so if you advise us in writing that you do not want us to pass it on.

You are not required to provide your TFN. Declining to quote your TFN is not an offence, however, if you do not give your superannuation fund your TFN, either now or later:

- the Trustee may be unable to accept certain contributions which you seek to make on or after 1 July 2007;
- the Trustee may be subject to a high level of additional tax on certain other contributions made after that date, which means that less of these contributions will be able to be used to pay premiums and policy fee, and therefore the amount insured or the contribution required to meet your premium and policy fee may need to be adjusted;
- you may have to pay more tax on your superannuation benefits than you have to (you may get this back in your income tax assessment); and
- it may be more difficult to find your superannuation benefits if you lose contact with your superannuation fund.

The lawful purpose for which your TFN can be used and the consequences of not quoting your TFN may change in future, as a result of legislative change.

Regular reports

The annual report contains information about the management and financial condition of the Plan and FutureWise Super. A copy of the most recent annual report is available free of charge on request from the Trustee. The Trustee will send you an annual report each year and will also send you an annual statement confirming your current levels of insurance cover.

Management fees and charges

The Trustee applies no management fees or costs to members or their benefits. The only amounts paid by members are contributions to meet the premium and policy fee for FutureWise Super insurance.

About FutureWise Super

- FutureWise Super is a division of the Macquarie Superannuation Plan, a resident regulated superannuation fund within the meaning of the Superannuation Industry (Supervision) Act 1993.
- The Macquarie Superannuation Plan is not subject to a direction from the Australian Prudential Regulation Authority under Section 63 of that Act, not to accept any contributions made to the Plan by an employer sponsor. It is a complying superannuation fund, able to accept employer superannuation guarantee contributions.

The Trust Deed

The rights and obligations of the members of FutureWise Super are set out in the Trust Deed and Rules for the Plan, a copy of which is available on request.

Privacy

Your privacy and that of the insured person, is important to Macquarie Life and the Trustee. This statement explains how personal information can be used or disclosed and provides information about your privacy rights.

By completing the application you and the person to be insured agree to allow Macquarie Life (and, if you have applied for membership of FutureWise Super, the Trustee) to use the personal information of you and the person to be insured to:

- assess and process the application for insurance;
- communicate with you and your nominated adviser about the application and any cover Macquarie Life supplies to you;
- monitor, audit, evaluate and otherwise administer your policy; and
- assess, process and investigate any claims.

Unless you notify Macquarie Life and the Trustee otherwise, the personal information may be used by us or other companies in the Macquarie Bank Group to offer products or services which may be of interest to you.

If you, or the person to be insured, do not supply Macquarie Life and the Trustee with the personal information requested, Macquarie Life may not be able to provide the cover applied for.

Health information

The references in this Privacy Statement to personal information include sensitive information such as medical and health related details of the person to be insured.

If required to assess your application, administer your policy or process any claims, Macquarie Life (and, if you have applied for membership of FutureWise Super, the Trustee) may seek further information from any medical attendant consulted by the insured person.

Disclosure of personal information

You and the person to be insured also agree that other companies in the Macquarie Bank Group and our external service providers (including for example, reinsurers, mailing houses and claims assessors) may access personal information when appropriate to assess your application, administer your policy or process any claims.

Macquarie Life and the Trustee may also disclose the personal information of you and the person to be insured:

- if acting in good faith, we believe that the law requires or permits us to do so;
- if you or the person to be insured consent; and
- to the doctor identified in the application of the person to be insured in the event that any medical tests that we have requested return an abnormal result.

The personal information will also be provided to your adviser in connection with the application for insurance and on-going management of your policy, unless you instruct us not to supply your adviser with any detailed medical information received by us. You can do this in the declaration that forms part of your application, or by writing to us.

Your rights and responsibilities

If you do not supply all of the personal information requested, Macquarie Life may not be able to provide you with the cover for which you apply. You also have a duty of disclosure (explained on page 18) under the Insurance Contracts Act.

Under the Privacy Act, you may request access to your personal information held by Macquarie Life (and, if you have applied for membership of FutureWise Super, the Trustee). You can contact us to make such a request or for any other reason relating to the privacy of your personal information. Contact details are shown in the section titled 'Who to contact'.

Direct Debit Service Agreement

Where you have elected to have your FutureWise premium deducted from your account by direct debit, you agree to the terms detailed below.

1. I/we have requested Macquarie Life Limited, ABN 56 003 963 773 AFSL No. 237497, (User ID 145096) to deduct my nominated account with:
 - any amounts that become payable in relation to my FutureWise policy; or
 - any amount needed to cover contributions to FutureWise Super,through the BECS (Bulk Electronic Clearing System).
2. The financial institution may, in its absolute discretion, at any time by notice in writing to me terminate this request as to future debits.
3. Macquarie Life may, by notifying me within 14 days, vary the timing of future debits.
4. Where the due date does not fall on a business day and I am uncertain whether sufficient cleared funds will be available to meet the direct debit, I will contact my financial institution directly and ensure that sufficient cleared funds are available.
5. I can modify or defer this regular Direct Debit Request at any time by giving Macquarie Life 14 days notice.
6. I can stop or cancel the regular Direct Debit Request at any time by giving Macquarie Life or my financial institution 14 days notice.
7. If at any time I feel that a direct debit against my nominated account is inappropriate or wrong it is my responsibility to notify Macquarie Life or my financial institution as soon as possible.
8. If I believe there has been an error in debiting my account, I will notify Macquarie Life or my financial institution and confirm that notice in writing with Macquarie Life as soon as possible.
9. Direct debiting through BECS is not available on all accounts. I can check my account details against a regular statement or check with my financial institution as to whether I can request a direct debit from my account.
10. It is my responsibility to ensure that there are sufficient cleared funds in my nominated account to honour the Direct Debit Request. I understand that the Direct Debit Request will be automatically cancelled if two debit payments are dishonoured because of insufficient funds. Macquarie Life will give me 14 days notice in writing if they intend to cancel my Direct Debit Request. Macquarie Life will also charge the cost of dishonoured direct debits against my account. Macquarie Life may cancel my FutureWise cover if the Direct Debit Request is cancelled because of dishonours.
11. Macquarie Life may need to pass on details of my direct debit request to their sponsor bank in BECS to assist with the checking of any incorrect or wrongful debits to my nominated account.

Who to contact

We are here to help with any questions you have about your cover. The contact details for Macquarie Life and Macquarie Investment Management Limited are:

Telephone: 1800 005 057
Fax: 1800 812 175
Email: insurance@macquarie.com
Post: Macquarie Life
GPO Box 5216
Brisbane QLD 4001

You should be aware that we record all of our telephone conversations with you or your adviser relating to your policy.

What to do if you have a complaint

Macquarie Life has procedures in place to properly consider and deal with your enquiries and complaints within 45 days of a complaint being made. If you have a complaint you may contact the Complaints Officer of Macquarie Life on the contact details shown above.

If your complaint is not resolved to your satisfaction within 90 days you may refer it to the Financial Industry Complaints Service on 1300 780 808.

If you are a member of FutureWise Super, superannuation law requires the Trustee to properly consider and deal with complaints from you or your beneficiaries within 90 days. Complaints may be made to the Complaints Officer of the Trustee on the contact details shown above.

If a complainant is not satisfied with the resolution of the complaint, it may be possible for it to be referred to the Superannuation Complaints Tribunal on 1300 884 114.

Tax

If you are applying for membership of FutureWise Super, you should refer to pages 19 to 21.

If you are applying for FutureWise as the Trustee of a self managed superannuation fund then, so far as insurance for death and total and permanent disability is concerned, the broad description on pages 19 to 21 may provide some guidance as to the tax treatment of contributions and benefits. However, the tax treatment may differ depending on the particular circumstances of the fund.

In circumstances not involving superannuation, the following tax information is relevant.

Generally the premiums that you pay for Life, TPD and/or Medical Recovery Insurance are not tax deductible and any benefit is not subject to income tax or capital gains tax (CGT).

However there are some circumstances where the premium may be claimed as a tax deduction and some circumstances where any benefits paid may be taxable. For example, this may be relevant in situations where an employer owns the policy or pays the premium.

The premiums that you pay for Disability Income Insurance are generally a tax deductible expense and any benefit that is paid under the policy will be subject to income tax.

In any case (whether involving superannuation, business or otherwise) we recommend that you speak to your tax adviser regarding the tax consequences of insurance cover and policy ownership.

Interim cover

We provide you with interim cover for *accidental* injury or death, while your application is being assessed.

Life Insurance

If you have applied for a Life Insurance policy, we will pay the interim Life Insurance if the person to be insured dies as the result of an *accident*, where the *accident* occurs during the period of interim cover and death occurs within 3 months of the *accident*.

TPD Insurance

If you have applied for a policy that includes TPD Insurance, we will pay the interim TPD Insurance if the person to be insured, suffers *total and permanent disablement** as a result of an *accident*, where the *accident* occurs during the period of interim cover and *total and permanent disablement** occurs within 3 months of the *accident*.

* For the purposes of interim cover if, when applying for TPD Insurance, the person to be insured is:

- *gainfully employed* (whether the application is based on the *own occupation* or *any occupation* definition), the *any occupation* definition of *total and permanent disablement* applies;
- engaged in *domestic duties*, the *domestic duties* definition of *total and permanent disablement* applies.

Medical Recovery Insurance

If you have applied for a policy that includes Medical Recovery Insurance, we will pay the interim Medical Recovery Insurance if the person to be insured suffers one of the Medical Recovery conditions listed below as the result of an *accident*, where the *accident* occurs during the period of interim cover and the condition occurs within 3 months of the *accident*.

Conditions covered for interim cover:

- *blindness*
- *coma*
- *paralysis*
- *loss of limbs*
- *major head trauma*
- *severe burns*

Disability Income Insurance

If you have applied for a FutureWise Disability Income Insurance policy, we will pay the interim benefit for *total disability* from the end of the waiting period applied for in the application, if the person to be insured is *totally disabled* as the result of an *accident* that occurs during the period of interim cover and *total disability* due to the *accident* starts within 3 months of the *accident*.

The interim benefit payable for *total disability* is calculated as the lesser of:

- the monthly insured amount applied for in the application; and
- 75% of first \$250,000 and 50% of the next \$150,000 and 25% thereafter of your *pre-disability income*,

adjusted for any offsets which apply, as explained in the section titled 'When the *monthly benefit* is reduced' on page 14.

When interim cover starts

Interim cover starts on the date an authorised application is received by Macquarie Life.

When interim cover stops

Interim cover will stop when the application for cover is:

- declined;
- cancelled or withdrawn by you;
- not proceeded with due to non-receipt of outstanding requirements;

OR

- 14 days from the date we advise that cover may be available if you apply for Insurance on special terms;
- 90 days from the date the interim cover started; or
- a claim under this interim cover is accepted or declined, whichever occurs first.

When interim cover is not payable

Nothing will be payable if the condition or event giving rise to the claim under interim cover was caused directly or indirectly by:

- an accident or injury that first occurred before interim cover started;
- an intentional self-inflicted act;
- consumption of alcohol or drugs; or
- the person to be insured engaging in any sport, pastime or occupation that we would not normally cover at standard rates.

What we will pay

The maximum that we will pay across all interim cover (including interim cover provided by other insurers) that applies to the person to be insured is the lesser of:

- the amount of FutureWise cover that has been applied for to a maximum of:

■ Life Insurance	\$1 million
■ TPD Insurance	\$500,000
■ Medical Recovery Insurance	\$500,000
■ Disability Income Insurance	\$5,000 per month; and
- the sum insured or monthly insured amount that we would offer under our usual underwriting rules based on the proposed premium.

We may adjust the interim cover otherwise payable to take into account any amount payable in respect of the person to be insured under interim cover with another company.

Glossary

Medical Recovery conditions

activities of daily living means

1. bathing and showering
2. dressing and undressing
3. eating and drinking
4. using the toilet to maintain personal hygiene
5. moving from place to place by walking, wheelchair or with assistance of a walking aid or getting in and out of bed, a chair or wheelchair

angioplasty means the undergoing of angioplasty on one or two coronary arteries to correct a narrowing or blockage that is considered the appropriate and necessary treatment on the basis of angiographic evidence.

aortic surgery means the undergoing of surgery via thoracotomy or laparotomy that is considered the appropriate and necessary treatment to correct any narrowing, dissection or aneurysm of the thoracic or abdominal aorta. Angioplasty, intra-arterial procedures or other non-surgical techniques are excluded.

aplastic anaemia means severe aplasia of bone marrow which results in anaemia, neutropenia and thrombocytopenia requiring one of the following treatments:

- immunosuppressive agents;
- bone marrow transplant; or
- peripheral blood stem cell transplant.

benign brain tumour means a non-malignant tumour in the brain resulting in a neurological deficit causing:

- a permanent impairment of at least 25% whole person function; or
- total and irreversible inability to perform at least one of the numbered *activities of daily living*.

The presence of the tumour must be confirmed by imaging studies such as CT scan or MRI. Cysts, granulomas, aneurysms in or of the arteries or veins of the brain, haematomas, and tumours in the pituitary gland or spine are not covered.

cancer means the presence of one or more malignant tumours, including malignant lymphoma, Hodgkin's disease, leukaemia and malignant bone marrow disorders.

The following cancers are excluded:

- tumours which are histologically described as pre-malignant or show the malignant changes of carcinoma in situ (including cervical dysplasia CIN-3 and lower). Carcinoma in situ of the breast is covered if it results directly in the removal of the entire breast. This procedure must be performed specifically to arrest the spread of malignancy and be considered the appropriate and necessary treatment;

- melanomas which are both less than 1.5mm Breslow thickness and less than Clark level 3 depth of invasion;
- all hyperkeratoses and basal cell carcinomas, and squamous cell carcinomas of skin unless there has been a spread to other organs; and
- prostatic cancers which are TNM Classification T1 or less. Prostatic cancer is covered if it results in the entire removal of the prostate. This procedure must be performed specifically to arrest the spread of malignancy and be considered the appropriate and necessary treatment.

carcinoma in situ of breast means localised cancer characterised by focal autonomous new growth of cancer cells, which has not yet infiltrated or destroyed normal tissue, and where there is a confirmed histopathological diagnosis of ductal carcinoma in situ without evidence of invasive cancer.

carcinoma in situ of cervix and cervical dysplasia means High grade dysplasia of the cervix at CIN3 or above, confirmed histologically by biopsy.

cardiomyopathy means disease of the heart muscle causing it to enlarge and become weaker, resulting in significant cardiac impairment to the degree of at least Class 3 of the New York Heart Association functional classification system.

chronic kidney failure means chronic irreversible failure of the function of both kidneys requiring either regular renal dialysis or renal transplantation.

chronic liver disease means end stage liver failure resulting in permanent jaundice, ascites and encephalopathy.

chronic lung disease means end stage lung disease requiring permanent and continuous oxygen therapy.

coma means a state of unconsciousness, resulting in a score of 8 or less on the Glasgow Coma Scale, as outlined below, for a continuous period of at least 4 days.

Glasgow coma scale is a scoring system used to measure the level of consciousness following traumatic brain injury. It is composed of three parameters as given below:

Best Eye Response. (4)

1. No eye opening.
2. Eye opening to pain.
3. Eye opening to verbal command.
4. Eyes open spontaneously.

Best Verbal Response. (5)

1. No verbal response
2. Incomprehensible sounds.
3. Inappropriate words.
4. Confused
5. Orientated

Best Motor Response. (6)

1. No motor response.
2. Extension to pain.
3. Flexion to pain.
4. Withdrawal from pain.
5. Localising pain.
6. Obeys Commands.

A Coma Score of 13 or higher correlates with a mild brain injury, 9 to 12 a moderate injury and 8 or less a severe brain injury.

coronary artery by-pass surgery means the undergoing of coronary artery by-pass surgery for the treatment of coronary artery disease that is considered the appropriate and necessary treatment.

dementia and Alzheimer's disease means cognitive impairment characterised by a Mini Mental State Examination score of 20 or less resulting in continual supervisory care.

early stage melanoma means the presence of one or more malignant melanomas, confirmed histologically by biopsy.

early stage prostate cancer means localised cancer characterised by focal autonomous new growth of cancer cells, which has not yet infiltrated or destroyed normal tissue. The tumour must be at least classification TNM T1 and Gleason score of 6 and confirmed histologically by biopsy.

encephalitis means acute inflammation of the brain caused by viral infection resulting in neurological deficit and leading to:

- permanent impairment of at least 25% whole person function; or
- total and irreversible inability to perform at least one of the numbered *activities of daily living*.

heart attack means myocardial infarction, characterised by death of a portion of heart muscle due to inadequate blood supply. The following clinical features must be present (and not caused by medical intervention):

- new ECG changes; and
- elevation of cardiac biomarkers with CK-MB above the upper limit of normal or Troponin I greater than 2.0 ug/L or Troponin T greater than 0.6ug/L.

If the above is inconclusive then we will consider a claim based on conclusive evidence that myocardial infarction has occurred, resulting in either one of the following:

- new pathological Q-waves;
- a permanent left ventricular ejection fraction of 50% or less, measured six weeks or more after the event.

heart valve surgery means the undergoing of surgery that is considered necessary to replace or repair cardiac valves as a consequence of heart valve defects or abnormalities. It does not include angioplasty, intra-arterial procedures or other non-surgical techniques.

loss of hearing means the total and irreversible loss of hearing in both ears.

loss of independent existence means the total and irreversible inability to perform at least two of the numbered *activities of daily living* without the assistance of another person.

loss of limbs means the total and irreversible loss of the use of:

- two limbs; or
- sight in both eyes; or
- one limb and the sight in one eye,

where 'limb' means whole hand or whole foot.

loss of sight means the irrecoverable loss of sight to the extent that eyesight is reduced in both eyes to 6/60 or less of central visual acuity on the Snellen test chart or the degree of vision is less than or equal to 20 degrees of arc.

loss of speech means total and irreversible loss of speech. The loss must be confirmed to be total and irreversible at least six months after speech was first lost.

Loss of speech due to psychological reasons is excluded.

major head trauma means *accidental* head injury, leading to neurological deficit causing:

- permanent impairment of at least 25% whole person function; or
- total and irreversible inability to perform at least one activity of daily living.

major organ transplant means the life insured is the recipient of an organ transplant from a human donor of one of the following organs:

- Heart;
- Kidney;
- Liver;
- Lung;
- Pancreas;
- small bowel; or
- the transplantation of bone marrow.

The transplant must be considered the appropriate and necessary treatment.

medically acquired HIV means the *accidental* infection with Human Immunodeficiency Virus (HIV), which on the balance of probabilities arose from one of the following medical procedures:

- transfusion of blood or blood products;
- organ transplant;
- assisted reproduction techniques;
- other medical procedure or operation performed by a doctor or at a registered medical facility.

The procedure must have been performed by a registered health professional and have occurred in Australia. We require a statement from the appropriate Statutory Health Authority that provides documented proof of the incident and confirms that the infection is medically acquired. HIV infection by any other means, including sexual activity or recreational intravenous drug use is excluded.

motor neurone disease with impairment level means unequivocal diagnosis of motor neurone disease, leading to neurological deficit, resulting in:

- permanent impairment of at least 25% whole person function; or
- total and irreversible inability to perform at least one of the numbered *activities of daily living*.

motor neurone disease means unequivocal diagnosis of motor neurone disease, leading to neurological deficit.

multiple sclerosis with impairment level means unequivocal diagnosis of multiple sclerosis with more than one episode of well defined neurological deficit with persisting neurological abnormalities, and evidenced by appropriate neuro-imaging and spinal fluid abnormalities, leading to neurological deficit and resulting in:

- permanent impairment of at least 25% whole person function; or
- total and irreversible inability to perform at least one of the numbered *activities of daily living*.

multiple sclerosis means unequivocal diagnosis of multiple sclerosis, and evidenced by appropriate neuro-imaging and spinal fluid abnormalities, leading to neurological deficit.

muscular dystrophy with impairment level means unequivocal diagnosis of muscular dystrophy, which causes progressive and selective degeneration and weakness of voluntary muscles resulting in:

- permanent impairment of at least 25% whole person function; or
- total and irreversible inability to perform at least one of the numbered *activities of daily living*.

muscular dystrophy means unequivocal diagnosis of muscular dystrophy, which causes progressive and selective degeneration and weakness of voluntary muscles.

New York Heart Association functional classification system means a scale used to assess cardiac impairment.

- I. No symptoms and no limitation in ordinary physical activity.
- II. Mild symptoms and slight limitation during ordinary activity. Comfortable at rest.
- III. Marked limitation in activity due to symptoms, even during less-than-ordinary activity. Comfortable only at rest.
- IV. Severe limitations. Experiences symptoms even while at rest.

occupationally acquired HIV means infection with Human Immunodeficiency Virus (HIV) as the result of an *accident* during the course of the life insured's regular occupation. The production and detection of HIV antibodies (sero-conversion) must be confirmed by way of a positive HIV antibody test within six months of the *accident*.

Any *accident* giving rise to a potential claim must be reported to us within seven days of the incident and supported by a negative HIV antibody test taken after the *accident*. We must be given access to test all blood samples used. HIV infection by any other means, including sexual activity or recreational intravenous drug use is excluded.

Parkinson's disease with impairment level means unequivocal diagnosis of Parkinson's disease, leading to irreversible neurological deficit, resulting in

- permanent impairment of at least 25% whole person function; or
- total and irreversible inability to perform at least one of the numbered *activities of daily living*.

Parkinson's disease means unequivocal diagnosis of Parkinson's disease, leading to irreversible neurological deficit.

paralysis means the total and irreversible loss of the use of two limbs, where a limb is defined as the shoulder down to the hand or the hip down to the foot.

primary pulmonary hypertension means primary pulmonary hypertension characterised by enlargement of the right ventricle as a result of high pulmonary artery pressure. It must have resulted in significant cardiac and respiratory impairment leading to impairment equivalent to at least Class 3 of the *New York Heart Association functional classification system*.

severe burns means tissue injury caused by thermal, electrical or chemical agents causing third degree burns to at least:

- 20% of body surface as measured by the Rule of Nines or the Lund and Browder Body Surface Chart;
- the whole of both hands, requiring surgical debridement and/or grafting; or
- the whole of the face, requiring surgical debridement and/or grafting.

stroke means a cerebrovascular incident characterised by the sudden disruption of blood supply via one or more of the arteries to the brain due to a blood clot or plaque or because an artery breaks or bursts. The stroke must:

- produce neurological sequelae lasting at least 24 hours;
- be confirmed by an appropriate medical specialist; and
- be evidenced by neuroimaging.

Transient ischaemic attacks, cerebral events due to reversible neurological deficits, migraine, hypoxia or trauma, and vascular disease affecting the eye, optic nerve or vestibular functions are excluded.

triple vessel angioplasty means the undergoing of angioplasty on three or more coronary arteries in the same procedure to correct a narrowing or blockage. It must be considered the appropriate and necessary treatment on the basis of angiographic evidence.

Other defined terms

accident/accidental means a fortuitous and unforeseen event, resulting in an injury, which is not caused, or contributed to, by an intentional act of the insured person.

activities of daily living means

1. bathing and showering;
2. dressing and undressing;
3. eating and drinking;
4. using the toilet to maintain personal hygiene;
5. moving from place to place by walking, wheelchair or with assistance of a walking aid or getting in and out of bed, a chair or wheelchair.

any occupation means any occupation, business or employment for which the insured person is suited by education, training or experience that would generate earnings greater than 25% of the insured person's earnings in the most recent period of 12 months in which he or she was *gainfully employed*.

consumer price index is the weighted average of the eight Australian capital cities combined, published by the Australian Bureau of Statistics or any body which succeeds it, in respect of the 12 month period finishing on or prior to 30th September. It will be determined at 31st December each year and applied at the cover anniversary on or following 1st March in the next year.

disability/disabled means *total disability* or *partial disability*.

domestic duties means the tasks performed by an insured person whose sole occupation is to maintain the family home. These tasks include, unassisted by another person, cleaning of the home, cooking of meals for their family, doing the family laundry, shopping for the family's groceries and taking care of dependent children (where applicable). Domestic duties do not include duties performed outside the insured person's home for remuneration or reward.

fracture means any fracture that requires a pin, traction, plaster or other immobilising structure.

gainfully employed means that the insured person is engaged in an occupation, business or employment for remuneration or reward.

Immediate family member means a married or de facto partner, child, brother, sister or parent.

income means income earned through personal exertion calculated:

- after the deduction of expenses incurred in producing that income; and
- before the deduction of income tax.

It is based on the total remuneration package and includes salary, wages, packaged fringe benefits, regular commissions, regular bonuses, regular overtime payments and pre-tax superannuation contributions.

For the self-employed it also includes that share of net income the business directly generated by personal exertion after deduction of all business expenses but before the deduction of tax.

Income does not include:

- income that the insured person would continue to receive from his or her business even if unable to work, including any ongoing profit generated by other employees of the business; or
- other unearned income such as dividends, interest, rental income.

loss of independent existence means the total and irreversible inability to perform at least two of the numbered *activities of daily living* without the assistance of another person.

loss of limbs means the total and irreversible loss of the use of:

- two limbs; or
- sight in both eyes; or
- one limb and the sight in one eye,

where 'limb' means whole hand or whole foot.

medical practitioner means a doctor who is legally qualified and registered to practice in Australia (or if outside Australia, has equivalent qualifications and registration) not being you, the insured person, or a business partner or *immediate family member* of you or the insured person.

monthly benefit means, if Disability Income Insurance is provided on an:

- indemnity basis, the lesser of:
 - the monthly insured amount; and
 - the monthly equivalent of 75% of the first \$250,000, 50% of the next \$150,000 and 25% of the balance of the insured person's *pre-disability income*;

- agreed value basis, the lesser of:
 - the monthly insured amount; or
 - the monthly equivalent of 75% of the first \$250,000, 50% of the next \$150,000 and 25% of the balance of the insured person's annual *income* at the time you applied for the cover or, if you have applied to increase the monthly insured amount which we accepted, when you applied for the increase;
- endorsed agreed value basis, the monthly insured amount.

own occupation means the occupation, business or employment in which the insured person was *gainfully employed* at the time of the injury or illness for which the claim for *total and permanent disablement* is made (or, if not *gainfully employed* at that time, the occupation, business or employment in which the insured person was most recently *gainfully employed*).

partial disability/partially disabled means that the insured person is, solely as a result of injury or illness:

- unable to perform at full capacity one or more duty of their *usual occupation* necessary to produce *income* as confirmed by a *medical practitioner*; and
- is *gainfully employed* but their *post disability income* is less than *pre-disability income*,

and is under the regular care and following the advice of a *medical practitioner*.

pre-disability income means, if Disability Income Insurance is provided on an:

- agreed value or endorsed agreed value basis, the highest average *income* of the insured person for 12 consecutive months between two years before the cover start date and the start of the waiting period applying to the claim;
- indemnity basis, the greater of:
 - average *income* of the insured person over the 3 year period immediately prior to the start of the waiting period applying to the claim; and
 - average *income* of the insured person over the 12 months immediately preceding the start of the waiting period applying to the claim.

Pre-disability income will be increased by the increase in the *consumer price index* after each 12 month period the insured person remains on claim.

post-disability income means the average monthly *income* earned by the insured person from personal exertion following injury or illness while *partially disabled*.

terminal illness means that the insured person is diagnosed with an illness, which reduces life expectancy to less than 12 months from the date of claim, as confirmed by a specialist physician approved by Macquarie Life.

total and permanent disablement means that due to injury or illness:

(a) if the:

own occupation definition applies:

- the insured person has been absent from work for a continuous period of at least three months; and
- in our opinion the insured person is incapacitated to the extent that he or she is unlikely ever again to be able to engage in his or her *own occupation*;

any occupation definition applies:

- the insured person has been absent from work for a continuous period of at least three months; and
- in our opinion the insured person is incapacitated to the extent that he or she is unlikely ever again to be able to engage in *any occupation*;

domestic duties definition applies:

- the insured person has not performed *domestic duties* for a continuous period of at least three months; and
- in our opinion the insured person is incapacitated to the extent that he or she is unlikely ever again to be able to perform *domestic duties*, or engage in *any occupation*;

OR

(b) the insured person has suffered *loss of limbs*;

OR

(c) the insured person has suffered *loss of independent existence*.

total disability/totally disabled means that the insured person is, solely as a result of injury or illness:

- unable to perform one or more of the duties of their *usual occupation* necessary to produce *income* as confirmed by a *medical practitioner*; and
- not *gainfully employed* in any capacity,

and is under the regular care and following the advice of a *medical practitioner*.

usual occupation means the occupation in which the insured person is regularly engaged, except:

- if your policy shows that we classified the occupation of the insured person as occupation class 4, after three years of claim, usual occupation means any occupation which the insured person is reasonably capable of performing having regard to their education, training or experience;
- if the insured person has been unemployed or on maternity, paternity or sabbatical leave for greater than 12 months at the time of *disability*, then usual occupation means any occupation which the insured person is reasonably capable of performing having regard to their education, training or experience.
