Welcome to Macquarie Sumo. Your adviser has introduced this product to you as a reflection of your success and a desire to help you protect those things you’ve strived hard to achieve.

The status you have attained, the assets that you have acquired, the lifestyle you continue to enjoy is all supported by the income you derive from hard work, knowledge and perseverance.

Our aim through Macquarie Sumo is to provide a wealth protection solution that may help reduce the risk of you being exposed to drastic lifestyle changes, such as forced asset sales, should you suffer from an injury, illness or worse.

We believe Macquarie Sumo represents a high-water mark in personal insurance and offers you higher levels of protection for your personal and business requirements than typically available in the Australian insurance market place.

Sumo provides insurance solutions that allow you to select from a range of insurances that provide the right combination of benefits to meet your needs. Some of the benefits may be taken within superannuation, catering for a range of circumstances.

Sumo offers you the choice of the following types of insurance:

- Life Insurance
- Total and Permanent Disablement (TPD) Insurance
- Trauma Insurance
- Disability Income Insurance.

The benefits provided under these Insurances are only briefly described in this summary. The terms applying to each type of insurance are set out in the next section of this PDS. These types of insurance are generally available to individuals, companies, trusts, and in some cases, trustees of self managed superannuation funds.
Life Insurance Policy

The Life Insurance Policy provides a lump sum (called the Life sum insured) if the Insured Person dies or is diagnosed with a terminal illness.

Life Insurance is available in a policy on its own. Alternatively, Life Insurance is available in a policy that includes linked Total and Permanent Disablement (TPD) and/or Trauma Insurance.

Total and Permanent Disablement (TPD) Insurance

TPD Insurance provides a lump sum (called the TPD sum insured) if the Insured Person suffers total and permanent disablement.

TPD Insurance is always linked to a Life Insurance Policy, please refer to the Structuring your Insurance section for more information.

Trauma Insurance

Trauma Insurance provides a lump sum (called the Trauma sum insured) if the Insured Person suffers a covered Trauma Condition stated on page 10 or 11 (for some conditions a partial benefit is payable).

Trauma Insurance is always linked to a Life Insurance Policy, please refer to the Structuring your Insurance section on this page for more information.

Disability Income Insurance

Disability Income Insurance provides a monthly benefit that replaces income if the Insured Person is disabled, in most cases, for longer than the specified waiting period.

Structuring your Insurance

Life Insurance and Disability Income Insurance are always provided under separate policies.

If you are taking TPD and/or Trauma Insurance they will be linked to the Life Insurance policy by:

- including it under the same policy, or
- taking it under separate policies that are connected through Flexible Linking (see below).

Linked Insurance

Linked Insurance means that the Insurance interacts with some or all of the other Insurances you hold. A claim made under any one Insurance reduces the sums insured of any other Insurance with which it is linked.

Included in the same policy

Linked Insurance can be included in the same policy where the policy owner for the Insurance is the same person or entity.

Flexible Linking

Flexible Linking is a way of structuring your cover so that Insurance for the same Insured Person can be held under separate policies with different policy owners but still be treated as linked Insurance. For example, Insurance may be held under one policy that is owned by the trustee of a superannuation fund and be connected to a policy owned by the Insured Person outside of superannuation.

Only one policy can be connected through Flexible Linking to one other policy at a time.

TPD and Trauma Insurance connected to another policy through Flexible Linking are referred to as Flexible TPD Insurance and Flexible Trauma Insurance respectively.

Non-superannuation

When you apply for Sumo outside of superannuation, the Policy is issued directly to you as Policy Owner. Any of the types of cover under Sumo can be held under a non-superannuation policy.

If a benefit becomes payable, the benefit is generally paid to the Policy Owner. If the Insured Person and Policy Owner are the same, the amount payable on the death of the Insured Person will be paid to the legal personal representative, unless any beneficiaries have been nominated under the Policy, in which case it will be paid to the Nominated Beneficiaries.

Within Superannuation

When you apply for cover within superannuation, the trustee of the relevant superannuation fund applies to Macquarie Life for cover in respect of the relevant member’s life and the Policy is issued to the trustee as Policy Owner.

We do not allow some parts of Sumo to be held within superannuation. The rules that apply to the cover held within superannuation are outlined in section 21.

If a benefit becomes payable, it will be paid to the trustee of the superannuation fund owning the Policy, who must distribute the benefit in accordance with the governing rules of the superannuation plan and superannuation laws current at the time of payment. There may be circumstances in which the trustee will receive a benefit under a Sumo policy but is unable to pay the benefit from the superannuation fund at that time. We recommend you seek financial advice before you apply if you are considering taking this insurance cover within superannuation.
The key characteristics of the types of insurance cover available are summarised in the following tables.

Types of insurance cover available are discussed in more detail in the section “Sumo terms”. 

---

4 Sumo summary
The terms applying to each type of Insurance included in your Sumo Policy are set out in this section of the PDS. Words or expressions shown in *italics* have the meaning explained in the Glossary at the end of the PDS.

**Life Insurance**

**Applying for Life Insurance**

When applying for Life Insurance the Insured Person must be aged between 15 and 70.

You apply for a specified amount of cover. This is known as the Life sum insured and is shown in your Policy Schedule. The minimum amount you can apply for is $2 million and, while there is no maximum, the sum insured must be reasonable for the financial position of the Insured Person and your insurable interest.

When the Life sum insured is payable

The Life sum insured will be paid if the Insured Person:
- is diagnosed with a *terminal illness*, or
- dies,

after the Life Insurance **cover start date** shown in your Policy Schedule and before the Life Insurance ends, explained in the section titled “When cover ends” on page 24.

**Funeral Advancement benefit**

Under this feature, part of the Life sum insured will be paid in advance so that immediate expenses can be met following the death of the Insured Person.

The amount payable is $15,000 and this is the maximum amount we will pay under the Funeral Advancement benefit inclusive of all cover held with Macquarie Life for the Insured Person.

In order to pay this benefit, we require medical evidence as to the cause and date of death. This benefit is not payable if the Insured Person’s death is the result of suicide within 13 months of the cover start date, is the result of anything that is excluded under the Policy or if there is reasonable doubt about whether the Life sum insured will become payable.

If we agree this benefit is payable, it will be paid to the Nominated Beneficiary, the Policy Owner if different to the Insured Person or the legal personal representative, within 2 Business Days of receipt all of the required documents.

The payment of the Funeral Advancement benefit is not an admission of liability and we reserve the right to recover the amount paid under the Funeral Advancement benefit if the Life Insurance claim is subsequently denied.

When the Life sum insured is reduced

The Life sum insured will be reduced by the following:
- the amount paid for *terminal illness*
- the amount paid for the Funeral Advancement benefit
- the amount of any TPD Insurance paid, when TPD Insurance is:
  - included in a Life Insurance Policy, or
  - connected to a Life Insurance Policy through Flexible Linking, and
- the amount of any Trauma Insurance paid, when Trauma Insurance is:
  - included in a Life Insurance Policy, or
  - connected to a Life Insurance Policy through Flexible Linking.

If the Life sum insured is reduced, but part of the sum insured remains, the Premium for your Policy is adjusted by applying our then current premium rates to the amount of the sum insured that remains. The Premium can also be altered as set out in this PDS on page 26.

Your Policy will show whether TPD and/or Trauma Insurance are included in your Life Insurance Policy or if another policy is connected to it through Flexible Linking.

---

**Sumo terms**

The terms applying to each type of Insurance included in your Sumo Policy are set out in this section of the PDS. Words or expressions shown in *italics* have the meaning explained in the Glossary at the end of the PDS.
When we won’t pay

For that component of the Life sum insured of $15 million or less, a Life Insurance claim will not be payable if death or terminal illness is caused directly or indirectly by an intentional self inflicted act, within 13 months of:

■ the cover start date
■ the date cover is reinstated, including under the Life Insurance Buy Back (but only in respect of the reinstated cover). The Life Insurance Buy Back feature is explained on page 13, or
■ the cover start date for any increase in cover that you applied for (but only in respect of that increase).

This exclusion does not apply if this Policy issued by Macquarie Life replaces other similar insurance under a policy issued by Macquarie Life or another insurer (the other policy or policies) and we agreed to issue this Policy on the basis that it replaced the other policy (as shown in your Policy Schedule) and the following conditions are also met:

■ the Life sum insured under this Policy being issued by us is the same amount or less than that under the other policy.
If the Life sum insured under this Policy being issued by us is higher than that under the other policy, the exclusion will not apply only to the extent that the amount of the Life sum insured replaces cover under the other policy,
■ the other policy was continuously in force for 13 months immediately prior to the issue of this Policy,
■ the other policy was cancelled immediately after the issue of this Policy, and
■ no claim is pending or payable under the other policy.

For that component of the Life sum insured which exceeds $15 million, a Life Insurance claim will not be payable if death or terminal illness is caused directly or indirectly by an intentional self inflicted act.
Total and Permanent Disablement (TPD) Insurance

Applying for TPD Insurance

When applying for TPD Insurance the Insured Person must be aged between 15 and 60 and gainfully employed for a minimum of 30 hours per week.

You apply for a specified amount of insurance. This is known as the TPD sum insured and is shown on your Policy Schedule. The minimum amount you can apply for is $3 million and the maximum is $15 million.

The TPD sum insured has two tiers, with each tier having a number of distinct definitions applying to it. The tiers of cover are as follows:

- **Standard TPD tier** – The maximum amount available at application under this tier is $5 million across all policies issued in respect of the Insured Person
- **Sumo TPD tier** – The remainder of any TPD sum insured is provided under the Sumo TPD tier.

The amount of TPD insurance you can apply for is limited to the Life sum insured held under a Sumo Policy.

The allocations across each tier will be determined by us at the time of underwriting and may be affected if you have existing cover with us or with another insurer.

If covered for TPD insurance, your Policy Schedule will specify the amount of cover provided under each tier, and in respect of the Standard TPD tier, whether the superannuation optimiser TPD definition applies.

The amount of cover for each tier may increase if indexation increases are accepted on each cover anniversary, as explained on page 12.

If you are applying as the trustee of a self managed superannuation fund, please refer to the Ownership section on page 20 for further information on the rules applying to Superannuation Optimiser.

Type of cover

Subject to the section ‘When the TPD definition changes’ below, the TPD sum insured is provided on the basis of the following definitions.

- **Standard TPD tier** – The part of the TPD sum insured under this tier is provided on the basis of the own occupation TPD definition or the superannuation optimiser TPD definition, as stated in your Policy Schedule.
  
  If the superannuation optimiser TPD definition applies, the cover provided under this tier will be split across two policies connected by Flexible Linking. One of the policies will be issued to the trustee of a superannuation fund, and the other policy will be held outside of superannuation. For more information on Superannuation Optimiser see page 22.

- **Sumo TPD tier** – The part of the TPD sum insured under this tier is provided on the basis of one or both of the following definitions:
  
  - for the part of the TPD sum insured that does not exceed $10m (when combined with cover under the Standard TPD tier), the any occupation TPD definition, and
  
  - for the part of the TPD sum insured that exceeds $10m (when combined with cover under the Standard TPD tier), the activities of daily working (ADW) TPD definition.

When the TPD definition changes

On the cover anniversary when the Insured Person is age 65:

- the TPD sum insured reduces to $3 million across all policies issued by Macquarie Life covering the Insured Person, and
- the benefit is only payable under the modified TPD definition (if the superannuation optimiser TPD definition applies for the superannuation component, the cover is provided based on the modified TPD definition, and the non-superannuation policy ends.)

Where multiple policies are issued by Macquarie Life providing TPD insurance for the same insured person we will apply any reduction to the sum insured based on the cover start date of each policy or the start date of any increases, other than indexation increases, reducing the most recently commenced policy (or approved increase) first.

The Premium for your Policy will be adjusted to reflect the reduced TPD sum insured.

If we pay a benefit for TPD that is caused by or attributed to mental illness, fatigue syndromes, alcohol abuse, alcohol dependence or drug use:

- the maximum benefit payable will be the insured amount under the Standard TPD tier,
- the remaining part of the TPD sum insured provided under the Sumo TPD tier will be based on the activities of daily working (ADW) TPD definition, and
- for any subsequent claim for a TPD benefit:
  - will only be paid for an injury or illness that is not directly related to the cause of the prior claim for which part of the TPD sum insured was paid under the Standard TPD tier, and
  - the Insured Person must satisfy the relevant TPD definition independently of the cause of the disability for which the prior TPD claim was paid.
When the TPD sum insured is payable

If your Sumo Policy includes TPD Insurance, the relevant part of TPD sum insured will be paid if the Insured Person suffers *total and permanent disablement* (as defined for that part) after the TPD Insurance *cover start date* shown in your Policy and before the TPD Insurance ends, explained in the section titled “When cover ends” on page 24.

If you make a claim based on the *modified TPD definition*, the Insured Person must be living (and not declared brain dead) for 14 days from the date the Insured Person satisfies the definition.

If you make a claim based on a different TPD definition the requirement to survive 14 days from the date the definition is satisfied does not apply.

If the claim for TPD is caused by or attributed to alcohol abuse, alcohol dependence, drug use, mental illness, or fatigue syndromes, the maximum benefit payable will be the insured amount under the Standard TPD tier.

**TPD Advancement benefit**

Under this feature, part of the TPD sum insured will be advanced if the Insured Person suffers *partial loss of limbs* or *partial loss of sight*.

The amount payable is 25% of the TPD sum insured subject to a maximum of $500,000. The TPD Advancement benefit is only payable once across all cover held with Macquarie Life for the Insured Person.

The TPD Advancement benefit will be reduced by the amount of any Trauma Insurance paid for *partial loss of limbs* or *partial loss of sight* if the TPD Insurance is included in a policy along with Trauma Insurance or is connected through Flexible Linking to a separate policy which includes Trauma Insurance.

The TPD sum insured will be reduced by the amount paid under the TPD Advancement benefit.

When the TPD sum insured is reduced

The TPD sum insured will be reduced by the following:

- the amount of any Life Insurance paid for *terminal illness*, if TPD Insurance is:
  - included in a Life Insurance Policy, or
  - connected to a Life Insurance Policy through Flexible Linking,
- the amount of any TPD Insurance paid in part under the TPD Advancement benefit,
- the amount of any TPD Insurance paid in part,
- in cases where the *superannuation optimiser TPD* definition applies, the amount of any TPD Insurance with the *superannuation optimiser TPD* definition paid under another policy to which it is connected through Flexible Linking, and
- the amount of any Trauma Insurance paid, if TPD Insurance is:
  - included in your Policy along with Trauma Insurance, or
  - connected through Flexible Linking to another policy which includes Trauma Insurance.

Your Policy Schedule will show what other types of insurance are included in your Policy and whether it is connected to another policy through Flexible Linking.

Subject to the following paragraph, any reduction in the TPD sum insured will be applied in the following order:

1. Cover issued under Standard TPD tier, then
2. Cover issued under Sumo TPD tier.

If the Life Insurance to which TPD Insurance is connected through Flexible Linking is reduced or cancelled, the TPD sum insured will be reduced so that it is not more than the Life sum insured. If this occurs or if you request a reduction in the TPD sum insured, it will first be applied to the Sumo TPD tier.

If the *superannuation optimiser TPD* definition applies and the TPD insurance is reduced or cancelled under one of the policies connected through Flexible Linking, the TPD sum insured under the connected policy will also be reduced so that it is not more than the reduced or cancelled TPD Insurance.

If the TPD sum insured is reduced, but part of the sum insured remains, the Premium for your Policy is adjusted by applying our then current premium rates to the amount of the sum insured that remains. The Premium can otherwise be altered as set out in this PDS on page 26.

When we won’t pay

For the Standard TPD and Sumo TPD tiers, a TPD Insurance claim will not be payable if *total and permanent disablement* is caused by or attributed to an intentional self inflicted act.

Furthermore, for the Sumo TPD tier, a TPD Insurance claim will not be payable if *total and permanent disablement* is caused by or attributed to:

- alcohol abuse,
- alcohol dependence,
- drug use,
- mental illness, or
- fatigue syndromes.
Trauma Insurance

Applying for Trauma Insurance

When applying for Trauma Insurance the Insured Person must be aged between 15 and 65.

You apply for a specified amount of insurance. This is known as the Trauma sum insured and is shown on your Policy Schedule. The minimum Trauma sum insured you can apply for is $2 million and the maximum is $10 million.

The Trauma sum insured has two tiers, with each tier offering cover for a specified list of trauma conditions. The tiers of cover are as follows:

- **Standard Trauma tier** – the maximum amount available at application under this tier is $2 million across all policies issued in respect of an Insured Person.
- **Sumo Trauma tier** – the remainder of any Trauma sum insured is provided under the Sumo Trauma tier.

The allocations across each tier will be determined by us at the time of underwriting and may be affected if you have existing cover with us or with another insurer.

The amount of Trauma cover you can apply for is limited to the Life sum insured held under a Sumo Policy.

The amount of cover for each tier may increase if indexation increases are accepted on each cover anniversary, as explained on page 12.

If covered for Trauma Insurance, your Policy Schedule will specify the amount of cover provided under each tier.

Type of Cover

The Trauma sum insured is provided on the following basis:

- **Standard Trauma tier** – Cover under this tier is provided for the Standard Trauma Conditions listed on page 10.
- **Sumo Trauma tier** – Cover under this tier is provided for the Sumo Trauma Conditions listed on page 11.

When the Trauma cover changes

On the cover anniversary on or after the Insured Person reaches age 70, the Trauma sum insured reduces to $2 million across all policies issued by Macquarie Life and is only payable if the Insured Person suffers loss of independent existence, loss of limbs or cognitive loss before the Trauma Insurance ends.

If your Policy includes TPD cover, the Trauma sum insured reduces to zero on the cover anniversary on or after the Insured Person reaches age 70 and your Premium for Trauma Insurance will cease. This is because cover for loss of independent existence, loss of limbs or cognitive loss is provided under the modified TPD definition of total and permanent disablement.

When the Trauma sum insured is payable

If your Sumo Policy includes Trauma Insurance, all or part of the Standard Trauma sum insured is payable if the Insured Person suffers one of the Standard Trauma Conditions listed on page 10 after the Trauma Insurance cover start date shown in your Policy Schedule and before the earlier of:

- the Trauma Insurance ending, explained in the section titled “When cover ends” on page 24, and
- the cover anniversary when the Insured Person is aged 70.

The Standard Trauma sum insured is payable if the Insured Person suffers one of the conditions listed with a Full benefit payable in the table headed “Standard Trauma Conditions”. A partial benefit is payable if the Insured Person suffers one of the conditions listed with a Partial benefit payable in the table headed “Standard Trauma Conditions”. The partial benefit payable is $100,000, except for angioplasty, for which the benefit is $20,000.

The total of any part of the Standard Trauma sum insured not previously paid, and the Sumo Trauma sum insured, if any, is payable if the Insured Person suffers one of the conditions listed in the table headed “Sumo Trauma Conditions” after the Trauma Insurance cover start date shown in your Policy Schedule and before the Trauma Insurance ends, explained in the section titled “When cover ends” on page 24. The Trauma cover changes on the cover anniversary on or after the Insured Person reaches age 70 as stated in the section “When the Trauma cover changes”.

We will only pay once for any one Trauma Condition, except:

- in the case of angioplasty, where a subsequent claim is made for an angioplasty procedure which has occurred at least six months after the previous angioplasty claim, and
- in the case of cancer, stroke or heart attack, where the Standard Trauma sum insured has been paid for that condition and a subsequent claim is made for the Sumo Trauma sum insured for that condition.

The definitions for all the Trauma Conditions can be found in the Glossary at the end of this PDS.

We will only pay once for any one Trauma Condition, except:

- in the case of angioplasty, where a subsequent claim is made for an angioplasty procedure which has occurred at least six months after the previous angioplasty claim, and
- in the case of cancer, stroke or heart attack, where the Standard Trauma sum insured has been paid for that condition and a subsequent claim is made for the Sumo Trauma sum insured for that condition.

The definitions for all the Trauma Conditions can be found in the Glossary at the end of this PDS.

The definitions for all the Trauma Conditions can be found in the Glossary at the end of this PDS. For the Trauma Conditions marked #, no claim will be payable at any time under the Policy if the Trauma Condition first occurs or symptoms leading to the condition occurring or being diagnosed first became apparent within 90 days of the application date or the date any cover is reinstated.

When the Trauma sum insured is reduced

The Trauma Insurance sum insured will be reduced by the following:
- the amount of any Life Insurance paid for terminal illness, if Trauma Insurance is:
  - included in a Life Insurance Policy, or
  - connected to a Life Insurance Policy through Flexible Linking, and
- the amount of any TPD Insurance paid, if Trauma Insurance is:
  - included in a Policy along with TPD Insurance, or
  - connected through Flexible Linking to a policy which includes TPD Insurance
- the amount of any Trauma Insurance paid as a partial benefit for a Trauma Condition, and
- the amount of any Standard Trauma sum insured paid.

Your policy will show what other types of insurances are included in it, and whether it is connected to another policy through Flexible Linking.

Subject to the following paragraph, any reduction in the Trauma sum insured will be applied in the following order:
1. Cover issued under Standard Trauma tier, then
2. Cover issued under Sumo Trauma tier.

If the Life Insurance to which Trauma Insurance is connected through Flexible Linking is reduced or cancelled at your request, the Trauma sum insured will be reduced so that it is not more than the Life sum insured. If this occurs or if you request a reduction in the Trauma sum insured, the reduction will first be applied to the Sumo Trauma tier.

If the Trauma sum insured is reduced, but part of the sum insured remains, the Premium for your Policy is adjusted by applying our then current premium rates to the amount of the sum insured that remains. The Premium can otherwise be altered as set out in this PDS on page 26.

When we won’t pay

For the Standard Trauma and Sumo Trauma tiers, a Trauma Insurance claim will not be payable if the Trauma Condition (or where the condition involves surgery or a procedure, the disease or condition for which the surgery or procedure is undertaken):
- is caused directly or indirectly by an intentional self inflicted act
- first occurs or symptoms leading to the condition occurring or being diagnosed first became apparent before the Trauma Insurance cover start date shown in your Policy Schedule or the date any Trauma Insurance is reinstated, or
- for the Trauma Conditions marked #, no claim will be payable at any time under the Policy if the Trauma Condition first occurs or symptoms leading to the condition occurring or being diagnosed first became apparent within 90 days of the application date or the date any cover is reinstated.
- this exclusion does not apply to a Trauma Condition if the Policy issued by Macquarie Life replaces other similar insurance under a policy or policies issued by Macquarie Life or another insurer (the other policy) and we agreed to issued this Policy on the basis that it replaced the other policy (as shown in your Policy Schedule) and the following conditions are also met:
  - the Trauma sum insured under your Policy is the same amount or less than that under the other policy.
  - the other policy was continuously in force for 90 days immediately prior to the issue of this Policy.
  - the other policy provided similar cover for the Trauma Condition.
  - no claim is pending or payable under the other policy.

Furthermore, for the Sumo Trauma tier, a Trauma Insurance claim will also not be payable for a Trauma Condition (or where the condition involved surgery or a procedure, the disease or condition for which the surgery or procedure is undertaken) is caused by or attributed to:
- alcohol abuse,
- alcohol dependence, or
- drug use.
Features and options applicable to Life, TPD and Trauma Insurance

Indexation Increases
So that your cover retains its value over time in line with inflation, on each cover anniversary before the Insured Person reaches age 65, we will increase the sum insured by the greater of 3% and the increase in the consumer price index.

We will tell you the proposed indexation increase before it applies and you can choose not to accept the increase. If you decline an increase it will not affect future increase offers. To decline an increase, we must receive your notice of decline before the applicable cover anniversary. For TPD Insurance and Trauma Insurance, indexation will cease when the total of the Standard and Sumo tiers for that type of cover equal $10 million.

Future Increases
Under this feature, after certain events you can apply to increase your existing Life, TPD and/or Trauma sums insured until the Insured Person turns 55, and we will accept the increase without the need for medical underwriting. However, satisfactory evidence of the personal or business event or change in financial position for which the increase is sought will be required. The application for an increase under this feature must be made on the appropriate form, available from your adviser.

The following table sets out the events and the maximum amounts by which you can apply to increase the sum insured.

An increase under this feature cannot be made until 12 months after the cover start date for the applicable insurance cover. The increase in cover must be requested within six months of the event and only one increase may be applied for in any 12 month period under this feature. The maximum amount by which the applicable sum insured can be increased under the Future Increases feature on your Sumo Policy is $2 million. For TPD Insurance and Trauma Insurance, if the requested increase would result in the Standard tier of cover exceeding the sum insured maximums for those tier, the excess will be provided under the Sumo tier of cover.

The insured amounts for Life Insurance, TPD Insurance and Trauma Insurance cannot be increased above $10 million as a result of the Future Increases feature.

If included in a Life Insurance Policy or connected to a Life Insurance Policy through Flexible Linking, neither TPD nor Trauma sums insured can be increased to an amount greater than the applicable sum insured.

than the Life sum insured. If included in a TPD Insurance Policy or connected to a TPD Insurance Policy through Flexible Linking, the Trauma sum insured cannot be increased to an amount greater than the TPD sum insured.

Any Premium adjustments, exclusions or special conditions which apply to the Life, TPD or Trauma Insurance will also apply to any increases made to each of these insurances under this feature.

This feature is not available for each insurance if:

- the Insurance was issued with a Premium adjustment in the form of a medical loading of 75% or more, or
- a claim has or can be made for the Insured Person under any policy of life, TPD, or trauma insurance provided by us.

If an event or condition giving rise to a claim occurs (or in the event of Trauma Insurance, the symptoms leading to the condition occurring or being diagnosed first became apparent) during the first six months after an increase in the sum insured under this feature, we will only pay a claim in respect of the increased cover if:

- the condition for which the claim is being made is due to an accident, and
- the accident occurs after the date of the increase.

Financial Planning benefit

Under this feature, we will reimburse the cost of engaging a qualified financial adviser operating under an Australian Financial Services License to prepare a financial plan following payment of the whole Life sum insured, TPD sum insured or Trauma sum insured.

The total amount payable under this benefit is the lesser of the actual fee paid for the financial planning advice (excluding any commissions received by the adviser) and $1,000. It is payable on receipt of evidence of the financial advice provided, qualifications of the financial adviser and payment made for that advice. This evidence must be received within 12 months of the payment of the sum insured.

The benefit is payable to the person who receives the Life, TPD or Trauma sum insured benefit. If the sum insured is paid to more than one person, the maximum amount payable to each person for reimbursement of financial planning costs incurred by them will be split proportionally in line with the split of the sum insured.

The benefit is only payable once for the Insured Person across all cover with Macquarie Life.

Life Insurance Buy Back

This feature only applies if TPD and/or Trauma Insurance is included in a Life Insurance Policy or connected to a Life Insurance Policy through Flexible Linking.

This feature allows you, up until the cover anniversary on or after the Insured Person is aged 65, to reinstate the Life sum insured after it was reduced by the payment of the whole TPD or Trauma sum insured, without the need for medical underwriting, 12 months after the date a valid claim form is lodged with Macquarie Life. A valid claim form for this purpose is one which resulted in a claim payment and where we determine the definition of TPD, or the Trauma Condition suffered, as applicable, was met within 30 days of the claim form being lodged. If there is no valid claim form, the relevant date for reinstatement is 12 months from the date the whole TPD or Trauma sum insured was paid.

We will give you at least 30 days notice prior to the expiry of the 12 month period and must receive your acceptance within 30 days of the expiry of the 12 month period. We will then tell you the date the Life sum insured was reinstated or, if your Policy has terminated because the Life sum insured was reduced to nil, we will issue a new policy for the reinstated cover.

The maximum Life sum insured that can be reinstated after it was reduced is the amount by which the Life sum insured was reduced by the payment of the:

- TPD sum insured under the Standard TPD tier, or
- Trauma sum insured under the Standard Trauma tier.

The Life sum insured cannot be reinstated by the amount it was reduced by the payment of the:

- TPD sum insured under the Sumo TPD tier, or
- Trauma sum insured under the Sumo Trauma tier.

The Premium for the reinstated Life Insurance will be based on the premium rates applying at the time of reinstatement. Any Premium adjustments, exclusions or special conditions, which applied to the original Life Insurance, will also apply to the reinstated cover.

The Future Increases feature is not available for cover reinstated under Life Insurance Buy Back.

The Indexation Increases feature will apply to the reinstated Life sum insured.
Disability Income Insurance

Applying for Disability Income Insurance

When applying for Disability Income Insurance the Insured Person must be aged between 19 and 60 and gainfully employed for a minimum of 30 hours per week.

You apply for a specified amount of cover. This is known as the monthly insured amount and is shown on your Policy Schedule. The minimum amount you can apply for is $30,000 per month. The maximum amount is the monthly equivalent of a percentage of the annual income of the Insured Person, up to $2 million, worked out as follows:

- 75% of the first $320,000
- 50% of the next $240,000, and
- 25% of the balance,

subject to the following limits:

- $60,000 per month if the benefit period is 1, 2, 5 or 10 years, then
- $30,000 per month for the to age 65 benefit period. The to age 65 benefit period commences after the expiry of the 1, 2, 5 or 10 year benefit period.

These limits may be affected if you, or the Insured Person, have similar existing cover with us, or with another insurer.

The monthly insured amount provided will be shown on your Policy Schedule.

Type of Disability Income Insurance

If the monthly insured amount does not exceed $40,000 per month, it is provided on an endorsed agreed value basis, unless otherwise shown on your Policy Schedule.

If the monthly insured amount exceeds $40,000 per month the first $40,000 of the monthly insured amount is provided on an endorsed agreed value basis, and any additional monthly insured amount is provided on an indemnity basis, unless otherwise shown on your Policy Schedule.

In some circumstances the monthly insured amount may only be offered on an indemnity basis up to $60,000 per month. If this applies, it will be shown on your Policy Schedule.

In respect of the Disability Income Insurance provided on an endorsed agreed value basis, the benefit payable in the event of a claim will be based on the Insured Person’s income at the time you applied for the cover (or if we have accepted an application for an increase in cover, the Insured Person’s income at the time you applied for the increase in cover that we accepted) to a maximum of the monthly insured amount.

If any cover is provided on an indemnity basis, the benefit payable in the event of a claim is based on the Insured Person’s pre-disability income to a maximum of the monthly insured amount.

It is important to note that, while the benefit payable will never exceed the monthly insured amount, in some cases it may be less than the monthly insured amount.

Waiting period

The majority of benefits under Disability Income Insurance are subject to a waiting period before the benefits become payable. The following waiting periods are available:

- 60 days
- 90 days.

The waiting period that applies is shown in the Policy Schedule issued to you.

The waiting period begins the day the Insured Person is disabled due to illness or injury and has consulted a medical practitioner in relation to their disability.

On the basis of medical and other evidence acceptable to us, we will reduce the waiting period by the number of continuous days for which the Insured Person was absent from gainful employment due to illness or injury prior to first consulting a medical practitioner in relation to their disability, to a maximum of seven days.

Return to work during the waiting period

The Insured Person can return to work (and not be disabled) during the waiting period for up to:

- five consecutive days if your waiting period is 60 days, and
- ten consecutive days if your waiting period is 90 days,

before we will restart the waiting period.

The waiting period will be extended by the number of days worked while the Insured Person is not disabled.
Benefit period

The benefit period is the maximum period for which a claim for a disability is payable.

The following benefit periods are available:
- 1 year
- 2 years
- 5 years
- 10 years
- to age 65

The benefit period(s) that applies will be shown in the Policy Schedule issued to you.

The benefit period for an individual claim starts at the end of the waiting period and continues until the earlier of:
- the end of the selected benefit period (if the benefit period selected is ‘to age 65’, the benefit period ends at the cover anniversary when the Insured Person is aged 65), and
- the date when cover ends (see the section, “When cover ends” on page 24).

Recurrent Disability

If the benefit period under your Disability Income Insurance policy is to age 65, any claim for a disability arising from the same or a related cause as a previous claim within 12 months of the previous claim ending, will be treated as a continuation of the previous claim and the waiting period will be waived. If the claim is made more than 12 months after the previous claim ended it will be treated as a new claim and a new waiting period will apply.

If the benefit period under your Disability Income Insurance policy is 1 year, 2 years, 5 years, or 10 years or this insurance has been extended beyond the cover anniversary when the Insured Person is aged 65 under the terms of the Cover Extension on page 18, any claim for a disability arising from the same or a related cause as a previous claim within six months of the previous claim ending, will be treated as a continuation of the previous claim. Accordingly, the waiting period will be waived and the benefit period from the previous claim will continue. If the claim is made more than six months after the previous claim ended a new waiting period will apply. A new benefit period will apply to a claim for a disability arising from the same or related cause as a previous claim only if the Insured Person made a successful return to gainful employment of at least 30 hours per week for a continuous period of six months.

Monthly benefit

The amount we will pay while the Insured Person is disabled during the benefit period is all or part of the monthly benefit depending on whether the Insured Person is totally disabled or partially disabled.

Total Disability

If you have a Disability Income Insurance policy, a benefit is payable if, after the cover start date shown in your Policy Schedule and before the Disability Income Insurance ends, the Insured Person:
- has been continuously disabled during the waiting period, and
- is totally disabled after the end of the waiting period, or after a period during which a benefit for partial disability has been paid for the same disability.

The benefit payable is the monthly benefit, adjusted to take into account any:
- offsets which apply, as explained in the section titled “When the monthly benefit is reduced” on page 19,
- claims that are caused by or attributed to alcohol abuse, alcohol dependence, drug use, mental illness, or fatigue syndromes as explained in the section titled “When we won’t pay” on page 19, and
- increases under Claims Escalation, if it applies, as explained on page 18.

The monthly benefit for total disability is payable monthly in arrears for each day of total disability after the end of the waiting period (1/30th of the monthly benefit per day if the benefit is only payable for part of a month), but not beyond the end of the benefit period for that disability.
Partial Disability

If you have a Disability Income Insurance policy, a benefit is payable if, after the cover start date shown in your Policy Schedule and before Disability Income Insurance ends, the Insured Person:
- has been continuously disabled during the waiting period, and
- is partially disabled after the end of the waiting period, or after a period during which a benefit for total disability has been paid for the same disability.

The benefit payable is a proportion of the monthly benefit, calculated as follows:

\[
\text{benefit payable} = \frac{\text{pre-disability income} - \text{post-disability income}}{\text{pre-disability income}} \times \text{monthly benefit}
\]

adjusted to take into account any:
- offsets which apply, as explained in the section titled “When the monthly benefit is reduced” on page 19,
- claims that are caused by or attributed to alcohol abuse, alcohol dependence, drug use, mental illness or fatigue syndromes as explained in the section titled “When we won’t pay” on page 19, and
- increases under the Claims Escalation option, if it applies, as explained on page 18.

The monthly benefit for partial disability is payable monthly in arrears for each day of partial disability after the end of the waiting period (1/30th of the monthly benefit for partial disability per day if the benefit is only for part of a month) but not beyond the end of the benefit period for that disability.

Indexation Increases

So that your cover retains its value over time in line with inflation, on each cover anniversary we will increase the monthly insured amount by the increase in the consumer price index. If the change in the consumer price index is zero or negative, the monthly insured amount will not change.

We will tell you the proposed indexation increase before it applies and you can choose not to accept the increase. If you decline an indexation increase it will not affect future Indexation Increases offers. To decline an indexation increase, we must receive your notice of decline before the applicable cover anniversary.

If your Disability Income Insurance policy provides part of your cover on an indemnity basis, you should consider whether, by accepting an increase, your monthly insured amount will exceed the monthly benefit.

Indexation will cease when the sum of all portions of the monthly insured amount equals $60,000.

Specific Injury benefit

If you have a Disability Income Insurance policy and the Insured Person suffers one of the injuries listed below after the cover start date shown in your Policy Schedule and before the Disability Income Insurance ends, we will pay the monthly benefit for the number of months indicated, regardless of whether the Insured Person is totally disabled. Payments will be made during the waiting period.

* If the benefit period is one or two years, the payment period for paralysis under this feature is 12 or 24 months respectively.

^ If the benefit period is 1 year, the payment period for this event is limited to 12 months.

The benefit period for a disability due or related to an injury for which we have paid the Specific Injury benefit is reduced by the number of months for which we have paid the Specific Injury benefit.

If the Insured Person suffers more than one specific injury at the same time, we will only pay for one specific injury, being the one with the longest payment period.

If we are paying benefits under the Specific Injury benefit, payments will cease if Disability Income Insurance ends, as explained in the section titled “When cover ends” on page 24.
Trauma benefit

If you have a Disability Income Insurance policy and the Insured Person suffers one of the Trauma Conditions listed below after the Trauma benefit starts and before Disability Income Insurance ends, we will pay the monthly benefit for six months, regardless of whether the Insured Person is totally disabled. Payments will be made during the waiting period.

- aortic surgery
- aplastic anaemia
- bacterial meningitis or meningococcal septicaemia
- benign brain tumour
- cancer
- cardiomyopathy
- chronic kidney failure
- chronic liver disease
- chronic lung disease
- cognitive loss
- coma
- coronary artery bypass surgery
- dementia including Alzheimer’s disease

- loss of limbs
- loss of sight
- loss of speech or total aphasia
- major head trauma
- major organ transplant
- medically acquired HIV
- motor neurone disease with impairment level
- multiple sclerosis with impairment level
- muscular dystrophy with impairment level
- occupationally acquired HIV
- out of hospital cardiac arrest
- paralysis
- Parkinson’s disease with impairment level
- primary pulmonary hypertension
- severe burns
- stroke
- triple vessel angioplasty

For cancer, heart attack and stroke, the definitions that apply for the Trauma benefit under Disability Income are the definitions that apply for the Standard Trauma sum insured as explained in the Glossary.

For the Trauma Conditions marked #, a 90 day exclusion applies. Refer to the section titled “When we won’t pay” on page 19 for more information.

We will only pay once for each Trauma Condition under this benefit.

If the benefit period is 1, 2, 5 or 10 years, the benefit period for a disability due or related to a condition for which we have paid the Trauma benefit is reduced by number of months for which we have paid the Trauma benefit.

If the Insured Person suffers more than one Trauma Condition, we will only pay for one Trauma Condition at a time.

If we are paying benefits under the Trauma benefit, payments will cease if Disability Income Insurance ends, explained in the section titled “When cover ends” on page 24.

Bed Confinement benefit

If you have a Disability Income Insurance policy and the Insured Person is totally disabled, confined to bed, as confirmed by a medical practitioner, and is under the care of a registered nurse for 72 hours or more during the waiting period, we will pay 1/30th of the monthly benefit for each day of such bed confinement during the waiting period.

The Bed Confinement benefit is payable for a maximum of 90 days.

Home Care benefit

If you have a Disability Income Insurance policy and a benefit for total disability has been paid for at least 30 days, and the Insured Person is confined to bed as a result of continuing total disability, as confirmed by a medical practitioner, we will increase the amount we will pay in a month to cover:
- the forgone income of an immediate family member who provides satisfactory evidence to Macquarie Life that they were gainfully employed for at least 30 hours per week prior to the Insured Person suffering the disability and have ceased to be gainfully employed to care for the Insured Person, or
- the cost of employing a registered nurse or housekeeper.

We will pay the above to a limit of $5,000 per month for a maximum of six months. This benefit starts to accrue on the first day all of the above requirements are met and is paid monthly in arrears.

This benefit is in addition to any benefit payable for total disability.

Rehabilitation Expenses benefit

If you have a Disability Income Insurance policy and a benefit for total disability is payable, we will increase the amount we will pay in a month to cover either all or part of any rehabilitation expenses or costs associated with a rehabilitation programme for the Insured Person that we have approved in advance. A maximum payment of 12 times the monthly benefit applies under this benefit. This benefit is in addition to any benefit payable for total disability or partial disability.
Accommodation benefit

If you have a Disability Income Insurance policy and the Insured Person is totally disabled and confined to bed, as confirmed by a medical practitioner, and an immediate family member requires accommodation at a location more than 100km from their home to be closer to the Insured Person, we will increase the amount we will pay in a month to cover the costs of accommodation up to $250 per day for a maximum of 30 days in any 12 month period.

The Accommodation benefit is payable during the waiting period. This benefit is in addition to any benefit payable for total disability.

Death benefit

If you have a Disability Income Insurance policy and the Insured Person dies after the cover start date shown in your Policy and before the Disability Income Insurance ends, we will pay an amount equal to four times the monthly insured amount, to a maximum of $150,000 on receipt of the death certificate.

Premium Waiver

We will waive the Premium and Policy Fee payable under your Disability Income Insurance policy while a benefit is payable.

Involuntary Unemployment Premium Waiver

If your Disability Income Insurance policy has been continuously in force for six months preceding involuntary unemployment of at least 10 consecutive working days, we will waive the Premium and Policy Fee payable under your Policy for up to three months at a time for the period while you are involuntarily unemployed and registered with a recognised employment agency.

The Premium and Fee will be waived due to involuntary unemployment for a maximum of 3 months in any 12 month period and a total maximum of 6 months inclusive of all cover held with Macquarie Life for the Insured Person over the life of the Policy. If you pay your Premium on an annual basis, we will provide a pro rata refund of the Premium and Policy Fee that has already been paid for each month that you are eligible for the Involuntary Unemployment Premium Waiver.

Cover Extension

If you have a Disability Income Insurance policy under this feature we will offer to continue Disability Income Insurance beyond the cover anniversary when the Insured Person is aged 65, if the Insured Person is employed in an occupation which we insure under our standard underwriting guidelines at the time the offer is made.

This offer will not apply if:

■ we originally offered cover with a limitation on the term of the Policy so that cover expires earlier than the cover anniversary when the Insured Person is aged 65
■ we originally offered cover with a Premium adjustment due to medical reasons, or
■ the Insured Person was eligible to receive a disability claim in the preceding 12 month period.

Cover under this feature will be provided on the following modified terms:

■ on an indemnity basis,
■ a benefit period of 12 months,
■ benefits will only be payable for total disability, partial disability and the Death benefit,
■ Claims Escalation will not apply,
■ Indexation Increases will not apply, and
■ the maximum monthly benefit we will pay is $15,000.

Cover can continue on the modified basis until the earlier of:

■ the cover anniversary when the Insured Person is aged 70, and
■ the Insured Person has not been in gainful employment of at least 30 hours a week for 6 consecutive months.

Claims Escalation

Claims Escalation applies if the monthly benefit payable on total disability or partial disability of the Insured Person is less than $60,000.

While a benefit for disability is being paid, we will increase the monthly insured amount by any increase in the consumer price index on the cover anniversary, to a maximum of $60,000.
When the monthly benefit is reduced

The monthly benefit payable for total disability or partial disability may be reduced by any of the following payments you receive:

- legislated compensation schemes and Workers Compensation, and
- any other insurance that provides income payments due to sickness or injury which commenced prior to the commencement of the Disability Insurance policy, unless we have expressly agreed not to apply a reduction.

If a lump sum is received from any of the above sources, we will convert that lump sum to a monthly payment at the rate of 1% of the lump sum paid per month for the first 100 months after the lump sum is received.

The benefit we will pay will only be reduced to ensure that, when combined with the payments from any of the above sources, it does not exceed the monthly equivalent of 75% of pre-disability income for total disability or 100% of pre-disability income for partial disability.

More than one benefit payable

If the Insured Person is eligible for one or more of the monthly benefit for total disability, monthly benefit for partial disability, Specific Injury benefit, Trauma benefit, or Bed Confinement benefit at the same time, only one benefit is payable, being the benefit which provides the highest payment.

When portions of the monthly insured amount are subject to different terms

Where we agree, your Disability Income Insurance policy may be set up so that separate portions of the monthly insured amount are subject to different waiting periods and benefit periods. Details of each portion of the monthly insured amount, and the waiting periods and benefit periods that apply to each portion, will be shown in the Policy Schedule issued to you.

The monthly benefit will be calculated independently each month and the monthly insured amount to be used in the definitions applicable in any particular month is the sum of only those monthly insured amounts specified in your Policy Schedule for which the particular benefit is payable for the relevant month having regard to the waiting period, benefit period, type of cover and options that are provided (as specified in your Policy).

When we won’t pay

A benefit will not be payable under Disability Income Insurance for a claim which is caused by or attributed to:

- an intentional self inflicted act
- normal or uncomplicated pregnancy or childbirth
- war or an act of war, or
- elective surgery that occurs within six months of:
  - the cover start date
  - the date any cover is reinstated (but only in respect of the reinstated cover) or
  - the cover start date for any increase in cover that you applied for (but only in respect of that increase).

For the Trauma Conditions marked # under the Trauma benefit, no claim will be payable at any time under the Policy for the Trauma benefit if the Trauma Condition first occurs or symptoms leading to the condition occurring or being diagnosed first became apparent within 90 days of the application date or the date that any cover is reinstated.

The amount that we will pay in any month will be reduced so that it does not exceed $40,000 per month, after we have already paid benefits for 24 months for a claim caused by or attributed to:

- alcohol abuse,
- alcohol dependence,
- drug use,
- fatigue syndromes, or
- mental illness.

We will not pay for any period while the Insured Person is in jail.

Benefits may only payable for up to six months while the Insured Person is outside Australia. In some circumstances benefits can only continue to be paid beyond six months if the Insured Person returns to Australia or attends a regional medical facility approved by us.

The payment of benefits will end if the Insured Person unreasonably refuses to undergo the medical treatment including rehabilitation to treat their disability as recommended by their medical practitioner.
Ownership

Ownership of your Sumo insurance is an important consideration as it may affect the following aspects of your insurance cover:

- how cover will be issued,
- benefits included in a type of Insurance policy eg some benefits or features are not available when cover is held through superannuation,
- who receives any benefit that becomes payable,
- access to any benefit that becomes payable, and
- the tax treatment of the Premium paid and benefits received.

The first four aspects are covered in this section. For information on tax, see page 32.

To maximise the efficiency of your insurance arrangements, Sumo allows a number of ownership structures as shown in the table below.

</tbody>

Disability Income Insurance is always issued as a separate policy. A Life Insurance policy can be issued with linked TPD and/or Trauma. In some cases, we allow cover to be split across two policies, with different policy owners under a structure called Flexible Linking. For example, Life Insurance may be held under one policy that is owned by the trustee of a superannuation fund and be connected to a policy providing TPD and/or Trauma Insurance owned by the Insured Person outside of superannuation. For more information on Flexible Linking refer to section 22. In the case of TPD insurance owned by a trustee of a superannuation fund, the TPD cover will always be split across two policies connected through Flexible Linking.
Non-superannuation ownership
When you apply for Sumo cover outside of superannuation, any Policy is issued directly to you as Policy Owner. Any of the types of cover under Sumo can be held under a non-superannuation policy.

Where there are multiple owners of a single Policy who are individual persons, each will own the Policy as joint tenants (ie on the death of one of the Policy Owners, their share passes to the surviving joint tenants), unless they own the Policy as trustees or we agree to a different arrangement which we will note on the Policy Schedule.

If a benefit becomes payable, the benefit is generally paid to the Policy Owner. If the Insured Person and Policy Owner are the same, the amount payable on the death of the Insured Person will be paid to the Insured Person’s legal personal representative, unless any beneficiaries have been nominated under the Policy, in which case it will be paid to the Nominated Beneficiaries.

Nominating a beneficiary for Life Insurance
If the Policy Owner is the same as the Insured Person, up to five beneficiaries can be nominated to receive the Life Insurance benefit payment if the Insured Person dies. If you do not nominate a beneficiary, the benefit will be paid to your legal personal representative or other person we are permitted to pay under the Life Insurance Act 1995 (Cth).

Each beneficiary you nominate must be a person, a company or a legally recognised charity. You can change or cancel these nominations at any time in writing. A change in a nomination only takes effect when received by us. At time of claim, if part of a nomination is invalid or one of the Nominated Beneficiaries has predeceased the Insured Person, the proceeds in relation to that invalid part or predeceased Nominated Beneficiary will be paid to your legal personal representative.

If a Nominated Beneficiary is a minor, we will pay the proceeds in relation to that Nominated Beneficiary to their legal guardian or into a trust for which that minor is a beneficiary.

All nominations will automatically cease if ownership of the Policy is transferred (see page 23).

Ownership within superannuation
When you apply for cover within superannuation, the trustee of the relevant superannuation fund applies to Macquarie Life for cover in respect of the relevant member’s life and the Policy is issued to the trustee as Policy Owner.

Some modifications to the TPD, Trauma and Disability Income Insurances will apply when the cover is held within superannuation.

In some cases, we allow cover to be split across two policies in an ownership arrangement called Flexible Linking, so that part can be held within superannuation under a policy owned by the trustee of a superannuation fund and the other part is held under a non-superannuation policy. For more information on Flexible Linking see page 22.

If you apply for TPD cover within superannuation, we will require the cover provided under the Standard TPD tier to be split between two policies under Superannuation Optimiser (see page 22).

The rules that apply to the cover held within superannuation are outlined below.

Conditions on holding Life, TPD and Trauma Insurance within superannuation
The following features of Life and TPD Insurance are not included in your cover if you choose to hold the cover within superannuation:
- Funeral Advancement benefit
- Financial Planning benefit
- TPD Advancement benefit

Conditions on holding Disability Income Insurance within superannuation
The following feature of Disability Income Insurance is not included in your cover if you choose to hold your Disability Income Insurance within superannuation:
- Specific Injury benefit.
Benefit payments

If a benefit becomes payable under a Sumo Policy held within superannuation, it will be paid to the trustee, who must distribute the benefit in accordance with the governing rules of the superannuation plan and superannuation laws current at the time of payment. There may be circumstances in which the trustee receives a benefit under a Sumo Policy but is unable to pay the benefit from the superannuation fund at that time. For example, superannuation law constraints may prevent a trustee from paying a benefit it receives in relation to:

- Trauma Insurance
- TPD Insurance (apart from superannuation optimiser TPD), and
- Disability Income Insurance, in particular:
  - certain features and benefits that apply without a requirement for the Insured Person to have ceased an arrangement of gainful employment or to have been on unpaid leave for at least some duration, and
  - cover provided on an endorsed agreed value basis.

There may also be circumstances where the benefit paid from Macquarie Life to the trustee is included in the superannuation fund’s assessable income for tax purposes, in which case, the benefit paid from the fund will be net of any tax payable by the fund.

We recommend you seek financial advice before you apply if you are considering taking any Sumo insurance within superannuation.

Flexible Linking

Flexible Linking allows you to connect two policies to each other, in order to link together Life, TPD and/or Trauma Insurances covering the same Insured Person.

Where Flexible Linking applies, a claim paid under any one insurance reduces the sums insured of the other insurance held under the policy that is connected through Flexible Linking, as well as the insurance under the same policy.

TPD and/or Trauma Insurance linked to other Insurance in another policy through Flexible Linking are referred to in the Policy issued to you as Flexible TPD Insurance or Flexible Trauma Insurance. Each policy will identify the other policy to which it is connected through Flexible Linking.

If either of the two connected policies is cancelled, we will recalculate the premiums for the continuing policy using the premium rates applicable at the time of the calculation, taking into account that the remaining insurance is no longer linked to the cancelled insurance.

If the sum insured of the Insurance provided under either of the two connected policies is reduced, we will reduce (by the same amount) the sum insured for any linked Insurance provided under the other policy that is connected through Flexible Linking.

We may decide that either or both of the recalculations of premiums or reduced sum insured should not apply in particular circumstances. If we do, we will contact you to offer an alternative.

Superannuation Optimiser

If TPD Insurance is issued to a trustee of a superannuation fund Superannuation Optimiser will apply and the Standard TPD tier will be split across two policies connected through Flexible Linking.

One of the policies will be issued to the trustee of a superannuation fund (referred to as the superannuation policy), and will hold:

- part of the cover provided under the Standard TPD tier called the ‘superannuation component’ of the superannuation optimiser TPD definition, and
- any cover provided under the Sumo TPD tier.

The remainder of the cover provided under the Standard TPD tier will be issued under a policy outside superannuation (referred to as the non-superannuation policy), called the ‘non-superannuation component’ of the superannuation optimiser TPD definition.

</tr>
<tr>

<td></td>
</tr>
<tr>

<td></td>
</tr>
</tbody>
</table>

It is important to note that the ‘non-superannuation component’ of the superannuation optimiser TPD definition only provides cover for TPD when the ‘superannuation component’ of the definition cannot be satisfied. We will assess whether a benefit is payable under the ‘superannuation component’ based on the information available to us at the time the decision is made by us.
As explained in the section titled “When the TPD definition changes” on page 7, the TPD sum insured will be reduced and all definitions of TPD convert to the modified TPD definition at the cover anniversary when the Insured Person is aged 65 and this TPD cover with the modified TPD definition will be held under the superannuation policy. The TPD cover under the non-superannuation policy will end at the cover anniversary when the Insured Person is aged 65.

Claims under the superannuation policy

In the event of a claim, TPD will first be assessed under the superannuation policy. The ‘superannuation component’ of the Standard TPD tier definition will be assessed to determine if the following requirements are satisfied:

- the Insured Person meets the any occupation TPD definition, and
- the Insured Person meets the definition of permanent incapacity as defined in the Superannuation Industry (Supervision) Act 1993 (Cth) (SIS), as amended from time to time and applied as if we were the trustee of the relevant superannuation fund.

If both requirements are satisfied a benefit is payable under the ‘superannuation component’ of the Standard TPD tier.

If any cover is provided under the Sumo TPD tier, the claim will be assessed under the applicable definition and if a benefit is payable it will be paid under the superannuation policy.

Any benefits payable under the superannuation policy will be paid to the trustee. The release of the benefit from the superannuation fund to the member or beneficiaries will then be decided by the trustee and be subject to the governing rules of the superannuation fund and superannuation and related taxation laws current at the time of payment.

Claims under the non-superannuation policy

If the superannuation optimiser TPD definition is not satisfied under the ‘superannuation component’, the claim will then be assessed under the ‘non-superannuation component’. If the Insured Person satisfies the definition under the ‘non-superannuation component’, the sum insured for the Standard TPD tier is paid directly to the policy owner of the non-superannuation policy (and hence is not subject to superannuation laws).

Other conditions that apply to Superannuation Optimiser policies

As the two policies will be connected through Flexible Linking, the sums insured in respect of the Standard TPD tier under each of the policies must always be the same. A TPD benefit payment under one policy reduces the TPD sum insured under the connected policy, as well as reducing the sums insured of any Life and Trauma Insurance under either of the two connected policies.

If you request a decrease to the TPD sum insured and it changes the Standard TPD tier, it will be applied to both of the connected policies. Similarly, if you apply to increase the TPD sum insured and the Standard TPD tier increases, you must apply to increase both connected policies. In the event that the cover is cancelled under one of the policies, the cover under the other policy will immediately end.

Transferring ownership

If your Sumo Policy is held under a non-superannuation policy, you can transfer ownership of your Policy to another non-superannuation ownership arrangement by completing a Memorandum of Transfer, which must be signed by both you and the transferee, and sending it to us with your original Policy for registration. The transferee must have an insurable interest in the Insured Person that is satisfactory to us. You can obtain a Memorandum of Transfer by contacting us or your adviser.

If you have existing cover under a non-superannuation policy and want the cover to be held within superannuation, the trustee of the superannuation fund can apply for a new policy in respect of cover on your life and your existing cover can be cancelled and issued under a new policy owned by the trustee, subject to superannuation laws.

If the trustee of a superannuation fund holds the policy on your life, you can request the trustee to transfer the policy to you subject to superannuation laws and the governing rules of the fund.

All transfers between policy owners and to new policies must be like for like cover, otherwise a full application and usual underwriting assessment will be required.
Your Policy

When cover starts

Subject to any special conditions noted on your Policy Schedule, cover starts for each type of insurance from the cover start date shown for that cover in the Policy Schedule issued to you. A 90 day exclusion applies to some benefits provided in Trauma Insurance and Disability Income Insurance.

If we accept your application, we will issue a Policy Schedule (or Policy Schedules) detailing:

- Policy Owner(s) (where there are multiple owners of a single policy who are individual persons, each will own the Policy as joint tenants, unless they own the Policy as trustees or we agree to a different arrangement which we will note on the Policy Schedule),
- details of the Insured Person (such as gender, date of birth, occupation class and smoker status),
- type of insurance provided,
- type of policy under which insurance is provided (and hence whether cover is provided on a linked basis),
- whether the Policy is connected to another policy through Flexible Linking (and hence whether cover is provided on a linked basis),
- sum insured/monthly insured amount for the insurance(s) provided,
- if TPD Insurance is included, whether the Insured Person is covered on the basis of the own occupation TPD, any occupation TPD, superannuation optimiser TPD or modified TPD, or activities of daily working (ADW) TPD definitions,
- if TPD Insurance is included on the basis of the superannuation optimiser TPD definition, whether the Policy includes the ‘superannuation component’ or the ‘non superannuation component’ of the definition,
- if Disability Income Insurance is included, whether the cover is provided on an indemnity or endorsed agreed value, the waiting period and the benefit period,
- cover start date,
- application date,
- cover anniversary,
- any Premium adjustments which apply,
- any special conditions which apply, and
- the Premium and Policy Fee payable for the first year and when it is payable.

Your Sumo Policy is referable to our No. 4 Statutory Fund and any claims paid under the Policy will be paid from this fund.

Macquarie Life may, when lawfully entitled to do so, avoid or adjust your cover if you have breached your duty of disclosure (or you or the Insured Person have made a misrepresentation) in your application for Sumo or when applying for an increase in cover. Your duty of disclosure is explained on page 28.

When cover ends

Insurance cover provided under a Sumo policy ends on the earliest of:

- the cover anniversary following the expiry age shown in the table following
- the death of the Insured Person
- payment of the sum insured for that Insurance in full
- the sum(s) insured for all insurance(s) included under the Policy is reduced to nil
- cancellation of the cover upon the written request of the Policy Owner
- cancellation of the cover by Macquarie Life due to non-payment of the Premium (and Policy Fee) when due, and
- any other date applied under a special condition shown in your Policy.

* TPD Insurance changes at the cover anniversary when the Insured Person is age 65, as explained on page 7.
** Trauma Insurance changes at the cover anniversary when the Insured Person is age 70, as explained on page 9.

Guaranteed renewable

Provided you continue to pay the Premium and Policy Fee when due, your Sumo Policy is guaranteed renewable until the cover anniversary after the expiry age, shown in the table in the section titled “When cover ends”. This means that we cannot cancel or alter the terms of the cover because of changes in the Insured Person’s health, occupation or pastimes.

If you request to extend, vary or reinstate your cover, your duty of disclosure applies but only in respect of the cover that is being extended, varied or reinstated.

World wide cover

Your Policy covers the Insured Person 24 hours a day, anywhere in the world.

Keeping us informed

To ensure that our records are kept up to date and correct, we request that you advise us in writing:

- of a change in your address or contact details, or
- of a change in banking or credit card details.
Premiums and other costs

How the Premium is calculated

The Premium that you pay for your Sumo Policy is calculated as at the cover start date and each subsequent cover anniversary, by applying our Sumo premium rates to the sum insured/monthly insured amount for each type of insurance.

The factors upon which the Premium will depend include, the sum insured/monthly insured amount, the options which apply, the premium type and the Insured Person’s:

■ age (premiums generally increase with age)
■ gender
■ general health
■ smoking status (premiums are higher for smokers)
■ recreational pursuits
■ occupation, and
■ place of residence.

In the case of a Macquarie Sumo Disability Income Insurance policy, the Premium will also depend on the waiting period and benefit period for the cover provided.

Unless we agree to a level premium, the premium rates are ‘stepped’, which means that, generally, each year the Premium increases based on the Insured Person’s age.

If you increase your sum insured, then the Premium will also increase. Before each cover anniversary, we will notify you of the Premium and Policy Fee for the period to the next cover anniversary.

As part of the application process, an indicative premium will be provided to you. You can also request a copy of our Sumo premium rates. The actual Premium could increase if the Insured Person has a birthday after the indicative premium is provided and before the cover start date. We may also only be able to offer you cover if you agree to a higher Premium.

Policy Fee

A Policy Fee per Insured Person per application is also payable each year and is shown in the Policy Schedule issued to you. If more than one Sumo Policy is issued as a result of a single application for an Insured Person, only one Policy Fee is payable. As at 21 May 2011, the Policy Fee is $250 per annum if you pay your Premium annually or $20.83 per month if you pay your Premium monthly, plus any stamp duty that is applicable. The Policy Fee will be adjusted each year on 1 March by the greater of 3% and the consumer price index, and will be effective from the cover start date or cover anniversary on or following 1 March.

Payment of the Premium

Your Premium is calculated on an annual basis and can be paid yearly or monthly in advance.

The Premium can be paid from the following sources:

■ credit card
■ direct debit from an Australian bank account
■ an eligible wrap service held in the same name
■ Macquarie Cash Management Account (CMA).

You, or your adviser acting as your agent, must provide us with a valid premium deduction authority to enable us to deduct the Premium and Policy Fee when due for payment.

The Premium and Policy Fee payable for the first year are shown in the Policy Schedule. If you pay annually, we will deduct the Premium and Policy Fee on the cover anniversary each year or another date to which we agree.

If you pay monthly, we will deduct the Premium and Policy Fee every month on the same day of the month as the cover anniversary or another day of the month to which we agree. If the date shown falls on a weekend or public holiday, the Premium and Policy Fee will be deducted on the next Business Day following the due date.

All payments to us must be in Australian dollars.
Non-payment of Premium
If a Premium (and Policy Fee) payment is not made, we will notify you advising the date on which the Policy will end if the amount due is not paid. If a payment sufficient to meet the amount due is not made by that date, we will cancel the Policy. We will give at least 20 Business Days notice before the Policy is cancelled because of non-payment of Premiums.

Changes to the Premium and/or Policy Fee
We can change the Sumo premium rates and/or Policy Fee but only if we do this for all policies in a defined risk group. Any changes to premium rates will come into effect for your Policy on the next cover anniversary after we make the change.

We reserve the right to pass on any government taxes and charges which may be introduced or increased during the life of your Policy.

If we increase premium rates (or the Policy Fee by an amount more than the annual adjustment provided for above in the section “Policy Fee”) we will usually provide 30 days prior notice before the increase comes into effect for your Policy by reflecting any increases in your annual renewal notice.

Surrender value
Your Sumo policy does not have a surrender value. A pro-rata refund will be made where a Premium and Policy Fee is paid annually and cover is cancelled prior to the next cover anniversary.
Making a claim

Notifying us of a claim

Please contact Macquarie Life on 1800 208 130 or insuranceclaims@macquarie.com if you think you are eligible to make a claim, or are unsure and would like some assistance. It is important that you notify us as soon as possible after any event that may lead to a claim. If you do not notify us within 30 days of an event, we may be able to adjust the benefit payable if we have been prejudiced by the delay.

We will send you a claim form and explain in detail our requirements and what the next steps are.

Assessing a claim

Macquarie Life will pay a benefit only after all our claim requirements have been met and we admit liability. To assess the claim, and ongoing payments in the case of Disability Income Insurance, we will require some or all of the following (to be provided at your expense), in a form that is satisfactory to us:

- a completed claim form
- your Policy
- proof of age of the Insured Person (unless previously provided)
- a certified copy of the death certificate (for death claims only)
- evidence of terminal illness, total and permanent disablement, Trauma Condition or disability, whichever is applicable for the claim being made, including test results and medical attendant statements
- in the case of a claim requiring the Insured Person to satisfy one or more of the five activities of daily living or activities of daily working, evidence must be supplied that the person has sought advice from, and is following the treatment indicated by, a medical practitioner for his or her condition
- financial evidence including evidence of other insurance cover on the Insured Person’s life, and
- evidence of pre-disability income and post-disability income and any payments received while on claim (for Disability Income Insurance claims).

Macquarie Life may also require medical and occupational assessments and other information where relevant to assess or finalise payment of the claim. Reasonable co-operation from the Insured Person and/or claimant is required.

All claim payments may be subject to an appropriate specialist physician approved by Macquarie Life verifying the diagnosis.

Where we request an examination, assessment or financial audit by a person we nominate, Macquarie Life will meet the cost. Otherwise you must meet the cost of satisfying our claim requirements.

For Insurance linked to Life Insurance, if the Insured Person dies while a TPD, Trauma or terminal illness claim is being assessed, we will finalise assessment of the claim in progress if we have sufficient evidence at the time of death to establish whether the Insured Person met the definition for which the original claim was being assessed. If we do not have sufficient evidence at that time to finalise assessment of the claim in progress, the claim will be assessed under the Policy terms relating to Life Insurance.

Payment of a claim

We will pay the claim as soon as possible once it has been approved.

All claims will be paid in Australian dollars.

Macquarie Life understands that at the time of claim it is not only financial support that is needed and so for severe claims, up to 3 free counselling sessions may be available for the claimant and/or their immediate family members.
Your adviser

This product is available through licensed financial advisers who can assist you with advice in considering Sumo and help you determine the amount and type of cover you require considering your personal circumstances.

Your adviser is your main point of contact for your insurance so, if you have any questions about your Sumo cover, please talk to your adviser.

If your application for Sumo is accepted, we may pay your adviser a commission for selling this product. The commission is paid by Macquarie Life and does not affect your Premium. You can obtain details from your adviser of any commission paid.

How to apply

To apply for cover, an application needs to be lodged with us, which your adviser can assist you with. We will accept a paper application signed by you. Generally, the application will include an application for Sumo, a detailed questionnaire about your health, occupation and pastimes and a number of declarations and authorisations we will rely on in deciding whether or not to issue (and the terms on which we issue) the insurances being applied for and to administer any policies we issue.

If you will be the policy owner, but are not also the Insured Person under the policy we issue, it will be necessary for personal and health information to be collected from the Insured Person. This can be provided on a paper application submitted to us, and signed by the Insured Person.

If the Insured Person has a birthday after the application is submitted and before cover commences, the Premium will be adjusted to reflect the rate applicable for their age at cover commencement and in these cases the Premium may differ from any indicative quotes provided to you prior to the issue of the policy.

Your duty of disclosure

Before entering into a contract with Macquarie Life Limited you have a duty, under the Insurance Contracts Act 1984 (Cth), to disclose to us every matter you know, or could reasonably be expected to know, that is relevant to our decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to us before your cover is extended, varied or reinstated. Your duty, however, does not require disclosure of a matter:

■ that diminishes the risk to be undertaken by us
■ that is of common knowledge
■ that we know or, in the ordinary course of our business, ought to know, or
■ as to which compliance with your duty is waived by us.

Non-disclosure

If you fail to comply with your duty of disclosure and we would not have entered into the contract on any terms if the failure had not occurred, we may avoid the contract within three years of entering into it. If your non-disclosure is fraudulent, we may avoid the contract at any time.

If we are entitled to avoid a contract of life insurance, we may, within three years of entering into it, elect not to avoid it but reduce the amount that you have been insured for in accordance with a formula that takes into account the premium that would have been payable if you had disclosed all relevant matters to us.

Please note, your duty of disclosure continues until a written contract of insurance has been issued by Macquarie Life.

Underwriting

We will promptly notify you or your adviser of any additional information needed to underwrite your application. If you do not want your adviser to receive information relating to the underwriting assessment of the Insured Person, you must inform us in writing at the time of application.

We may seek additional information about the medical and financial circumstances of the Insured Person, as well as any hazardous pursuits or pastimes, occupational duties and other information that may assist with assessment of your application.

Macquarie Life may ask the Insured Person to undergo a medical examination and/or blood tests. This will usually be arranged through our nominated pathology provider, who may be able to arrange the services to be undertaken at the workplace or home of the Insured Person or at medical centres across Australia. On request, we can send medical examination and blood test results to a doctor nominated by the Insured Person. We will cover the associated costs of any tests required.

The tests and requirements vary depending on the age and occupation of the Insured Person and the amount and type of cover applied for.
The application
In accepting an application of insurance, we will be relying on declarations and authorisations made by you, relating to the following matters:

Your adviser
■ You have appointed your adviser to act on your behalf in relation to this insurance.
■ You have received a Sumo PDS and agree to be bound by it.

Disclosure obligations
■ You and the Insured Person (if different) have read and understood the duty of disclosure as explained in this PDS and understand the duty continues until we have issued a contract of insurance.
■ You and the Insured Person confirm the information supplied in connection with the application is true and correct and no information material to the application has been withheld.
■ You acknowledge that we are entitled to rely on the information provided in the application, in determining an application and assessing future claims, and that we may be entitled vary or avoid the insurance if there has been non-disclosure, misrepresentation or fraud.

Authorisations
■ You and the Insured Person authorise and consent to the collection of medical information and its use by us.
■ You authorise the collection of premiums from the account designated in the application.

Other declarations
■ You and the Insured Person have read the Privacy Statement contained in the PDS.
■ You have read the anti-money laundering terms in the PDS.
■ You acknowledge that Macquarie Bank Limited has no obligations in respect of Sumo policies issued by us.

Who should authorise the application
Both you as the Policy Owner and the Insured Person (if different) must authorise the application, payment authority and various other declarations and authorisations that are required to be completed for an application.

Cooling-off period
You have a 21 day cooling-off period after your Sumo Policy commences during which time you can cancel your Policy if you decide that the insurance cover does not meet your needs. You will be entitled to a refund of the Premium and Policy Fee that you have paid. If you wish to use the cooling-off period, you must not have made a claim and must notify us within 21 days of the earlier of:
■ the date you receive your Policy, or
■ the end of the 5th Business Day after we issue the Policy.

Privacy
Your privacy and that of the Insured Person, is important to Macquarie Life. This statement explains how personal information can be used or disclosed and provides information about your privacy rights.

By completing the application you and the Insured Person agree to allow Macquarie Life to use the personal information of you and the Insured Person to:
■ assess and process the application for insurance
■ communicate with you and your nominated adviser about the application and any cover Macquarie Life supplies to you, monitor, audit, evaluate and otherwise administer your Policy, and
■ assess, process and investigate any claims.

Other than for the purposes set out in this document, we will not share your sensitive, health or financial information. However, we, or other Macquarie companies, may contact you to offer you other products or services which may be of interest to you. If you do not wish that to occur please let us know by contacting us.

If you, or the Insured Person, do not supply Macquarie Life with the personal information requested, Macquarie Life may not be able to provide the cover applied for.

Health information
The references in this Privacy Statement to personal information include sensitive information such as medical and health related details of the Insured Person. If required to assess your application, administer your Policy or process any claims, Macquarie Life may seek further information from any medical attendant consulted by the Insured Person.
Disclosure of personal information

You and the Insured Person also agree that other companies in the Macquarie Group and our external service providers (including for example, reinsurers and mailing houses) may access personal information when appropriate to assess your application, administer your Policy or process any claims.

Macquarie Life may also disclose the personal information of you and the Insured Person:
- if acting in good faith, we believe that the law requires or permits us to do so
- if you or the Insured Person consent, or
- to the doctor identified in the application of the Insured Person in the event that any medical tests that we have requested return an abnormal result.

The personal information will also be provided to your adviser in connection with the application for insurance and on-going management of your Policy. This excludes the release of any reports sourced by Macquarie Life from any outside parties. You can instruct us not to supply your adviser with any detailed medical information received by us in the declaration that forms part of your application, or by writing to us.

Your rights and responsibilities

If you do not supply all of the personal information requested, Macquarie Life may not be able to provide you with the cover for which you apply. You also have a duty of disclosure (explained on page 28) under the Insurance Contracts Act 1984 (Cth).

Under the Privacy Act 1988 (Cth), you may request access to your personal information held by Macquarie Life.

You can contact us to make such a request or for any other reason relating to the privacy of your personal information. Contact details are shown in the section titled “Who to contact”.

Anti-money laundering and counter-terrorism financing act (AML/CTF) terms

1. You undertake that you will not knowingly do anything to put us in breach of the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth), rules and other subordinate instruments (“AML/CTF Laws”), and to notify us if you are aware of anything that would put Macquarie in breach of AML/CTF Laws.

2. You undertake that you are not aware and have no reason to suspect that the money used to fund your insurance is derived from or related to money laundering, terrorism financing or similar activities (“Illegal Activities”) or that the proceeds of your insurance will fund Illegal Activities.

3. You acknowledge that we are subject to AML/CTF Laws and Macquarie internal policy and procedures. In making this application you consent to us disclosing in connection with AML/CTF Laws and Macquarie internal policy and procedures any of your personal information as defined in the Privacy Act 1988 (Cth).

4. You acknowledge that in certain circumstances we may be obliged to freeze or block an account where it is used in connection with Illegal Activities or suspected Illegal Activities. Freezing or blocking can arise as a result of the account monitoring that is required by AML/CTF Laws and Macquarie internal policy and procedures. If this occurs, we are not liable to you for any consequences or losses whatsoever and you agree to indemnify us if we are found liable to a third party in connection with the freezing or blocking of your account.

5. You acknowledge that we retain the right not to provide services or issue products to any applicant that we decide, in our sole discretion, that we do not wish to supply.
Direct Debit Service Agreement

Where you have elected to have your Sumo premium deducted from your account by direct debit, you agree to the terms detailed below.

1. I/we have requested Macquarie Life Limited, ABN 56 003 963 773 AFSL No. 237497, (User ID 145096) to deduct my nominated account with any amounts that become payable in relation to my Sumo Policy through the BECS (Bulk Electronic Clearing System).

2. The financial institution may, in its absolute discretion, at any time by notice in writing to me terminate this request as to future debits.

3. Macquarie Life may, by notifying me within 14 days, vary the timing of future debits.

4. Where the due date does not fall on a Business Day and I am uncertain whether sufficient cleared funds will be available to meet the direct debit, I will contact my financial institution directly and ensure that sufficient cleared funds are available.

5. I can modify or defer this regular Direct Debit Request at any time by giving Macquarie Life 14 days notice.

6. I can stop or cancel the regular Direct Debit Request at any time by giving Macquarie Life or my financial institution 14 days notice.

7. If at any time I feel that a direct debit against my nominated account is inappropriate or wrong it is my responsibility to notify Macquarie Life or my financial institution as soon as possible.

8. If I believe there has been an error in debiting my account, I will notify Macquarie Life or my financial institution and confirm that notice in writing with Macquarie Life as soon as possible.

9. Direct debiting through BECS is not available on all accounts. I can check my account details against a regular statement or check with my financial institution as to whether I can request a direct debit from my account.

10. It is my responsibility to ensure that there are sufficient cleared funds in my nominated account to honour the Direct Debit Request. I understand that the Direct Debit Request will be automatically cancelled if two debit payments are dishonoured because of insufficient funds. Macquarie Life will give me 14 days notice in writing if they intend to cancel my Direct Debit Request. Macquarie Life will also charge the cost of dishonoured direct debits against my account. Macquarie Life may cancel my Sumo cover if the Direct Debit Request is cancelled because of dishonours.

11. It is my responsibility to ensure that the authorisation given to debit the nominated account is identical to the account signing instruction held by the financial institution where the account is held.

12. Macquarie Life may need to pass on details of my direct debit request to their sponsor bank in BECS to assist with the checking of any incorrect or wrongful debits to my nominated account.

Tax

The information provided in this section is a guide only and we recommend you speak to your tax adviser regarding the tax consequences of insurance cover and policy ownership. Any reference to ‘you’ is in respect of your capacity as the Policy Owner (including circumstances in which you own the Policy in your capacity as trustee of a self-managed superannuation fund).

Tax treatment of Premiums

Non-superannuation

The Premiums that you pay for Life, TPD, Trauma Insurance are generally not tax deductible to you. However, there are some circumstances where the Premium, or part of the Premium, may be claimed as a tax deduction. For example, this may be relevant in situations where an employer owns the Policy or pays the Premiums. We recommend you consult your tax adviser to discuss your particular circumstances.

The Premium that you pay for Disability Income Insurance are typically a tax deductible expense to you.

Within superannuation (as trustee of a self managed superannuation fund)

The Premium payable for Life Insurance is generally tax deductible to the fund. Full or partial deductions for the policy premiums of other types of insurance may be available where certain conditions are met.

For TPD cover held inside superannuation, where all of the TPD cover under the Policy falls within the Standard TPD tier, the premium is typically fully deductible to the trustee.

Where some of the TPD Insurance is provided under the Sumo TPD tier, the Premium paid in respect of the TPD cover held inside superannuation will, from 1 July 2011, be deductible to the extent that it relates to the trustee’s liability to pay a “disability superannuation benefit” as defined in tax law. Actuarial certification may be required to determine the deductible portion. We recommend that you seek advice.

The Premium relating to the ‘non-superannuation component’ is payable under a superannuation policy and therefore is not a deductible expense to the trustee.

Premiums for Trauma Insurance held within superannuation are generally not a tax deductible expense to the trustee.

Premiums for Disability Income Insurance held within superannuation may also be an allowable deduction to you (in full or part) if certain conditions are met. The inclusion of certain features and benefits under Disability Income Insurance means that a Premium paid for a policy held inside super may not be fully deductible. We recommend that you seek advice.

Tax treatment of benefits

Non-superannuation

The tax treatment of a benefit that is payable under a Life, TPD, Trauma Insurance policy can vary depending on the Policy Owner. There may be some cases where the benefit is taxable, such as where an employer owns the Policy, and we recommend you discuss your particular circumstances with your tax adviser.

Benefits that are payable under a Disability Income Insurance policy are generally included in your assessable income and will be subject to tax at your marginal tax rate.

Within superannuation

If you own a Sumo Policy as the trustee of a self managed superannuation fund, the gross amount of any benefit that is payable under a the Policy will be paid by Macquarie Life to you in your capacity as the trustee. You are responsible for determining any tax liability in respect of a Sumo benefit that you receive or distribute from your self managed superannuation fund. We recommend you seek professional tax advice.
Interim cover

We provide you with interim cover for accidental injury or death while your application is being assessed, except where the insurance applied for will replace existing insurance in place with us or with another insurer.

Life Insurance

If you have applied for a Life Insurance Policy, we will pay the interim Life Insurance if the Insured Person dies as the result of an accident, where the accident occurs during the period of interim cover and death occurs within three months of the accident.

TPD Insurance

If you have applied for a Policy that includes TPD Insurance, we will pay the interim TPD Insurance if the Insured Person suffers total and permanent disablement as a result of an accident, where the accident occurs during the period of interim cover and total and permanent disablement occurs within three months of the accident.

The definition of TPD that will apply is the any occupation TPD definition, except where the Insured Person is not in gainful employment at the time of the accident causing total and permanent disablement, in which case the modified TPD definition will apply.

Trauma Insurance

If you have applied for a Policy that includes Trauma Insurance, we will pay the interim Trauma Insurance if the Insured Person suffers one of the Trauma Conditions listed below as the result of an accident, where the accident occurs during the period of interim cover and the condition occurs within 3 months of the accident.

Trauma Conditions covered for interim cover are:

- coma
- paralysis
- loss of hearing
- loss of limbs
- loss of sight
- major head trauma
- severe burns.

Disability Income Insurance

If you have applied for a Disability Income Insurance policy we will pay:

- the interim benefit for total disability from the end of the waiting period applied for in the application, for up to a maximum of six months, if the Insured Person is totally disabled as the result of an accident that occurs during the period of interim cover and total disability due to the accident starts within three months of the accident, and
- the interim death benefit, if the Insured Person dies as the result of an accident that occurs during the period of interim cover and death occurs within three months of the accident.

When interim cover starts

Interim cover starts on the date an application is received by Macquarie Life.

When interim cover ends

Interim cover will end on the earlier of:

- your application for cover is accepted and cover commences,
- your application for cover is cancelled or withdrawn by you,
- insurance cover commences under another contract of insurance (whether or not it is an interim contract of insurance) between you and Macquarie Life or another insurer that is intended to replace the insurance cover provided by the interim contract of insurance,
- your interim cover is cancelled by us providing you with at least 20 Business Days notice,
- 90 days from the date the interim cover started.

When interim cover is not payable

Nothing will be payable if the condition or event giving rise to the claim under interim cover was caused directly or indirectly by:

- an accident or injury that first occurred before interim cover started,
- an intentional self-inflicted act,
- consumption of alcohol or drugs, or
- engagement in any sport, pastime or occupation that we would not normally cover at standard rates.

When lawfully entitled to do so, Macquarie Life may avoid or adjust your interim cover if you have breached your duty of disclosure or have made a misrepresentation when applying for cover.
What we will pay

The maximum interim cover benefit that we will pay for each type of insurance across all applications for the Insured Person is:

- in the case of Life, TPD and Trauma Insurance:
  - Life Insurance $1 million
  - TPD Insurance $1 million
  - Trauma Insurance $1 million

- in the case of the interim benefit for total disability under Disability Income Insurance:
  - $5,000 per month and with a maximum benefit period of 6 months

- in the case of the interim death benefit under Disability Income Insurance:
  - $20,000.

If multiple policies on the same Insured Person are applied for, and the maximum interim cover benefit payable for the Insured Person is less than the total of all amounts applied for, we will apply the reduction to the amount we will pay across the multiple applications in the same proportion.

If interim cover benefits are paid for the Insured Person by other insurers for an accident, we will reduce the amount we will pay for the same accident under the same or similar type of insurance so that the total paid across all insurers is no more than the maximum amount we otherwise would have paid.

The sum insured under interim cover will be reduced by the amount of interim cover paid for other insurances in some cases. This will apply to Life, TPD or Trauma insurance where the insurances have been applied for under the same policy or the insurances are connected through Flexible Linking. The amount payable under interim cover will be reduced on the same basis as amounts payable would be reduced under the insurance applied for.

Glossary

Trauma Condition | Definition
--- | ---
carcinoma in situ of the ovary | A focal autonomous new growth of carcinomatous cells within the ovary which has not yet resulted in the invasion of normal tissues. ‘Invasion’ means an infiltration and/or active destruction of normal tissue beyond the basement membrane. The tumour must be classified as Tis according to the TNM staging method or FIGO* Stage 0.
carcinoma in situ of the vagina | A focal autonomous new growth of carcinomatous cells within the vagina which has not yet resulted in the invasion of normal tissues. ‘Invasion’ means an infiltration and/or active destruction of normal tissue beyond the basement membrane. The tumour must be classified as Tis according to the TNM staging method or FIGO* Stage 0.
carcinoma in situ of the vulva | A focal autonomous new growth of carcinomatous cells within the vulva which has not yet resulted in the invasion of normal tissues. ‘Invasion’ means an infiltration and/or active destruction of normal tissue beyond the basement membrane. The tumour must be classified as Tis according to the TNM staging method or FIGO* Stage 0.
early stage melanoma | The presence of one or more melanomas which are both less than 1.5mm Breslow thickness and less than Clark level 3 depth of invasion, confirmed histologically by biopsy.
early stage prostate cancer | Localised cancer characterised by focal autonomous new growth of cancer cells. The tumour must be described histologically as TNM Classification T1 and have a Gleason score of 6 or less.

Heart and artery

angioplasty | The undergoing of angioplasty on one or two coronary arteries to correct a narrowing or blockage that is considered the appropriate and necessary treatment on the basis of angiographic evidence.
aortic surgery | The undergoing of surgery that is considered the appropriate and necessary treatment to correct any narrowing, dissection or aneurysm of the thoracic or abdominal aorta. Angioplasty, intra-arterial procedures or other non-surgical techniques are excluded.
cardiomyopathy | Disease of the heart muscle causing it to enlarge and become weaker, resulting in significant cardiac impairment to the degree of at least Class III of the New York Heart Association functional classification system.
coronary artery bypass surgery | The undergoing of coronary artery bypass surgery for the treatment of coronary artery disease that is considered the appropriate and necessary treatment.
heart attack | Myocardial infarction, for the purposes of the Standard Trauma sum insured, characterised by death of a portion of heart muscle due to inadequate blood supply. The following clinical features must be present (and not caused by medical intervention):
  - new ECG changes, and
  - elevation of cardiac biomarkers with CK-MB above the upper limit of normal or Troponin I greater than 2.0 ug/L or Troponin T greater than 0.6ug/L.
If the above is inconclusive then we will consider a claim based on conclusive evidence that myocardial infarction has occurred, resulting in either one of the following:
  - new pathological Q-waves
  - a permanent left ventricular ejection fraction of 50% or less, measured six weeks or more after the event.
In the case of the Sumo Trauma sum insured, heart attack means, in addition to the above being met, the left ventricular ejection fraction (taken six weeks or more after the event) is 40% or less.
heart valve surgery | The undergoing of surgery that is considered necessary to replace or repair cardiac valves as a consequence of heart valve defects or abnormalities. It does not include angioplasty, intra-arterial procedures or other non-surgical techniques.
out of hospital cardiac arrest | Cardiac arrest that occurs outside of a hospital due to cardiac asystole or ventricular fibrillation with or without ventricular tachycardia.
The cardiac arrest must not be related to any medical procedure and must be documented by an electrocardiogram.
triple vessel angioplasty | The undergoing of angioplasty on three or more coronary arteries in the same procedure to correct a narrowing or blockage. It must be considered the appropriate and necessary treatment on the basis of angiographic evidence.

| major organ transplant waiting list     | The Insured Person, upon the advice of an appropriate medical specialist, has been placed on an official Australian waiting list, approved by us, for the organ transplant of one of the following organs:  
  - heart  
  - kidney  
  - liver  
  - lung  
  - pancreas  
  - small bowel, or  
  - the transplantation of bone marrow.                                                                                                      |
| medially acquired HIV                   | The accidental infection with Human Immunodeficiency Virus (HIV), which on the balance of probabilities arose from one of the following medical procedures:  
  - transfusion of blood or blood products  
  - organ transplant  
  - assisted reproduction techniques, or  
  - other medical procedure or operation performed by a doctor or at a registered medical facility.  
  The procedure must have been performed by a registered health professional and have occurred in Australia.  
  We require a statement from the appropriate Statutory Health Authority that provides documented proof of the incident and confirms that the infection is medially acquired.  
  A Trauma claim for medially acquired HIV will not be payable if:  
  - HIV infection is caused by any other means, including sexual activity or recreational intravenous drug use, or  
  - a treatment is developed and approved which renders the HIV virus inactive and non-infectious. |
| occupationally acquired HIV             | Infection with Human Immunodeficiency Virus (HIV) as the result of an accident during the course of the Insured Person’s regular occupation. The production and detection of HIV antibodies (sero-conversion) must be confirmed by way of a positive HIV antibody test within six months of the accident.  
  Any accident giving rise to a potential claim must be reported to us within seven days of the incident and supported by a negative HIV antibody test taken after the accident. We must be given access to test all blood samples used.  
  A Trauma claim for occupationally acquired HIV will not be payable if:  
  - HIV infection is caused by any other means, including sexual activity or recreational intravenous drug use  
  - a treatment is developed and approved which renders the HIV virus inactive and non-infectious, or  
  - the Insured Person has elected not to take an approved vaccine that is recommended by the relevant government body for use in the Insured Person’s occupation and is available prior to the event which causes infection. |

Income does not include:  
■ income that the Insured Person would continue to receive from his or her business even if unable to work, including any ongoing profit generated by other employees of the business, or  
■ other unearned income such as dividends, interest, rental income.                                                                                                                                                                                                                     |
| involuntary unemployment/involuntarily unemployed | A period during which the Insured Person is:  
■ not working,  
■ is actively seeking employment, and  
■ is registered with Centrelink or other government approved job placement agencies as a job seeker, and where becoming unemployed was a result of:  
■ the termination of the Insured Person’s gainful employment by their employer without the consent of the Insured Person, or  
■ the Insured Person being made redundant from gainful employment by their employer.  
It does not include unemployment as a result of:  
■ the Insured Person ceasing gainful employment of a casual, seasonal or temporary nature  
■ the expiration of a fixed term employment contract or other specified period of work, or  
■ the deliberate or serious misconduct of the Insured Person.                                                                                                                                                                                                                                                                 |
| loss of independent existence            | The total and irreversible inability to perform at least two of the numbered activities of daily living without the assistance of another person.                                                                                                                                                                                                                                                                 |

| loss of limbs        | The total and irreversible loss of the use of:  
■ two limbs, or  
■ *loss of sight*, or  
■ one limb and *partial loss of sight*,  
where ‘limb’ means whole hand or whole foot.                                                                                                                                                                                                                         |
| loss of sight        | The irrecoverable loss of sight, with and without the use of an appropriate aid, to the extent that eyesight is reduced in both eyes to 6/60 or less of central visual acuity on the Snellen test chart or the degree of vision is less than or equal to 20 degrees of arc.                                                                                                                                 |
| medical practitioner | A doctor who is legally qualified and registered to practise in Australia (or if outside Australia, has equivalent qualifications and registration) not being you, the Insured Person, or a business partner or immediate family member of you or the Insured Person.                                                                                                               |
| mental illness       | A condition (other than dementia and Alzheimer's disease, as defined in the previous section of the Glossary):  
■ for which a medical practitioner might ordinarily recommend treatment, advice or counselling from a psychiatrist, psychologist, therapist or mental health professional, or for which psychotropic medications might commonly be prescribed, including, but not limited to, depression, bipolar disorder, schizophrenia, post-traumatic stress syndrome, anxiety, somatoform disorders, nervousness, behavioural disorders, sleeplessness, and phobias (including the fear, whether rational or irrational, of harming others by practicing in one's occupation), or  
■ that is classified in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM), published by the American Psychiatric Association (or the diagnostic manual then in use by the American Psychiatric Association as of the date of disability), or  
■ caused by stress, or related to substance abuse or dependency.                                                                                                                                                                                                 |
| modified TPD         | The Insured Person has suffered:  
■ *loss of limbs*  
■ *loss of independent existence*, or  
■ *cognitive loss*.                                                                                                                                                                                                                                                                 |
| monthly benefit      | (1) In relation to Disability Income Insurance provided solely on an indemnity basis, as shown on your Policy Schedule, the lesser of:  
■ the monthly insured amount stated on your Policy Schedule, and  
■ the monthly equivalent of 75% of the first $320,000, 50% of the next $240,000 and 25% of the balance of the Insured Person's *pre-disability income* up to $2 million.  
(2) In relation to Disability Income Insurance where (1) above does not apply and the monthly insured amount exceeds $40,000 per month, (and therefore part of the Insurance is provided on an endorsed agreed value basis and part is provided on an indemnity basis), the greater of:  
■ $40,000, and  
■ an amount calculated on an indemnity basis, which is the lesser of:  
- the monthly insured amount stated on your Policy Schedule, and  
- the monthly equivalent of 75% of the first $320,000, 50% of the next $240,000 and 25% of the balance of the Insured Person's *pre-disability income* up to $2 million.  
(3) In relation to Disability Income Insurance where (1) above does not apply and the monthly insured amount does not exceed $40,000 per month, (and the Insurance is therefore provided solely on an endorsed agreed value basis), the monthly insured amount stated on your Policy Schedule.  
The “monthly benefit” will be calculated independently each month and the “monthly insured amount” to be used in the definitions above in any particular month is the sum of only those monthly insured amounts specified in your Policy Schedule for which the particular benefit is payable for the relevant month having regard to the waiting period, benefit period, type of cover and options that are provided (as specified in your Policy). |
