Zurich Sumo
Summary of changes
Overview

From time to time, we make improvements to the Zurich Sumo policies.

This document aims to help you understand the improvements to your policy since it commenced.

Your Policy schedule shows the commencement date of your policy and the benefits which apply to each life insured. Use the commencement date to determine which sections of this document apply to you. For example, if your policy commencement date is 5 July 2011, you have automatically received all changes effective from that date onwards which are relevant to the type of policy and cover you hold.

The improved terms for each feature only apply if they impact a benefit included in your policy and cover type, or if your policy schedule shows that the life insured is covered for that benefit or option.

The improved benefits and definitions will only apply to claims which arise as a result of events or conditions that first occur on or after the effective date of the change. Should the improved terms and conditions result in a less favourable outcome in the event of a claim, the original terms and conditions of the Sumo policy under which you applied can be relied upon. These are set out in the PDS which was given to you when you applied for your policy.

The outline of changes is a summary only and you should refer to the relevant PDS for full details of the terms and conditions of the upgraded benefit. The terms in italics have a special meaning and are explained in the relevant Product Disclosure Statement (PDS). For example, on 15 May 2017, the definition of terminal illness was improved and you should refer to the definition of terminal illness in the PDS dated 15 May 2017. Prior PDSs are available on our archive online at www.zurich.com.au/pdsarchive or by contacting us.

If you would like to add any options to your policy or you have any questions, please do not hesitate to contact Zurich Customer Care on 131 551 or email us at client.service@zurich.com.au.
## Life Insurance

Definitions for the following conditions have been updated. In some cases the change is to alter the name of the condition to better reflect the breadth of cover provided.

- angioplasty (minimally invasive cardiac surgery) - previously angioplasty
- angioplasty (triple vessel) - previously triple vessel angioplasty
- aplastic anaemia (requiring treatment) - previously aplastic anaemia
- bacterial meningitis or meningococcal septicaemia (with severe life impact) - previously bacterial meningitis or meningococcal septicaemia
- benign tumour in the brain or spinal cord (with severe life impact) - previously benign brain tumour
- cancer (excluding early stage cancers) - previously cancer
- carcinoma in situ (limited sites) - previously:
  - carcinoma in situ of the breast
  - carcinoma in situ of the cervix and cervical dysplasia
  - carcinoma in situ of the fallopian tube
  - carcinoma in situ of the ovary
  - carcinoma in situ of the vagina
  - carcinoma in situ of the vulva
- cardiac arrest (out of hospital) - previously out of hospital cardiac arrest
- cardiomyopathy (with significant permanent impairment) – previously cardiomyopathy
- chronic kidney failure (end stage) - previously chronic kidney failure
- chronic liver disease (end stage) - previously chronic liver disease
- chronic lung disease (end stage) - previously chronic lung disease
- cognitive loss (permanent) - previously cognitive loss
- colostomy or ileostomy - previously colostomy/ileostomy
- coma (of specified severity) - previously coma
- coronary artery bypass surgery
- cox’s disease (severe) - previously severe cox’s disease
- dementia including alzheimer’s disease (diagnosis) - previously dementia including alzheimer’s disease
- diabetes complications
- diabetes (of specified severity) – previously advanced diabetes
- encephalitis (with permanent neurological deficit) - previously encephalitis
- heart attack (of a specified severity) - previously heart attack
- heart valve surgery
- idiopathic pulmonary arterial hypertension (with permanent impairment) - previously idiopathic pulmonary arterial hypertension

</table>
| 15 May 2017   | PDS dated 15 May 2017                       | Trauma benefit   | Updated definitions | The following Trauma conditions have updated definitions:  
- cancer  
- early stage melanoma  
- heart attack  
- idiopathic pulmonary arterial hypertension (previously primary pulmonary hypertension)  
- loss of hearing  
- partial loss of hearing  
- stroke |
| 1 October 2016| PDS dated 1 October 2016                    | Trauma benefit   | Improved definition | The definition of heart attack has been improved.                                                                                         |
| 7 June 2014   | PDS dated 7 June 2014                       | Death benefit    | Updated policy terms | The Death benefit is now payable if the policy is owned by the trustee of a self-managed superannuation fund.                                |
| 21 May 2011   | PDS dated 21 May 2011                       | Total disability | Updated policy terms | The definition of total disability has been updated and is now defined as:  
The life insured is, solely as a result of injury or illness:  
- unable to perform one or more of the duties of their usual occupation necessary to produce income as confirmed by a medical practitioner, and  
- not gainfully employed in any capacity, and is under the regular care and following the advice of a medical practitioner.  
The following exclusions now apply to all cover:  
- intentional self-inflicted act  
- normal or uncomplicated pregnancy or childbirth  
- elective surgery  
- war/terrorism. |

Exclusions

The ‘criminal act’ exclusion has been removed from Disability Income insurance.
The terms have improved for claims caused by or attributed to:  
- alcohol abuse and alcohol dependence  
- drug use  
- mental illness, or  
- fatigue syndromes.
For these claims, the amount payable in any month will be reduced so that it does not exceed $40,000 per month, after benefits have been paid for 24 months. Refer to the PDS for full details of the exclusions and/or restrictions that apply.
