

Biography

Michael Li, PhD
Vice President
Senior Portfolio Manager

Michael Li, PhD, is vice president and senior portfolio manager for American Century Investments, a premier investment manager headquartered in Kansas City, Missouri. He is based in the company's Kansas City, Missouri office.

Michael co-manages the U.S. Premier Large Cap Growth, U.S. Large Cap Quality Growth, U.S. Focused Dynamic Growth and Health Care Impact Equity strategies. Prior to his current role, he was an investment analyst on the team. Before joining American Century Investments in 2002, Michael was a scientist/project manager at the Pharmaceutical Research Institute of Bristol-Myers Squibb Co., managing cross-functional teams in filing investigative new drug applications to the FDA and providing support to researchers from drug discovery to development. He also published 10 research articles on the subjects of life-sciences tool development for the purpose of sequencing and detecting mutant proteins and genes during his pursuit of the doctorate degree.

Michael holds a bachelor's degree in materials science and engineering from the University of Science and Technology of China, a master's degree in business administration from The Wharton School of the University of Pennsylvania and a Ph.D. in chemistry from the University of Michigan.
